### Federal Energy Regulatory Commission

[Docket Nos. PF24-2-000]

#### Transcontinental Gas Pipe Line Company, LLC; Notice of Scoping Meetings and Extension of Scoping Period for the Planned Southeast Supply Enhancement Project

On May 7, 2024, the staff of the Federal Energy Regulatory Commission (FERC or Commission) issued a *Notice of Scoping Period Requesting Comments on Environmental Issues for the Planned Southeast Supply Enhancement Project, and Notice of Public Scoping Session*. The notice announced the ongoing scoping period that ends on June 6, 2024. In the notice, staff indicated that a separate notice would be issued to indicate the dates, times, and locations for in-person public scoping sessions. With this notice FERC staff invites you to attend in-person public scoping sessions it will conduct in Davidson County, North Carolina and Pittsylvania County, Virginia for the planned Southeast Supply Enhancement Project. This notice also extends the scoping period for the project, which will now close on July 5, 2024.

Transcontinental Gas Pipe Line Company, LLC (Transco) plans to construct approximately 30.6 miles of 42-inch-diameter pipeline in Pittsylvania County, Virginia and Rockingham County, North Carolina (Eden Loop) as well as 24 miles of 42-inch-diameter pipeline in Guildford, Forsyth, and Davidson Counties, North Carolina (Salem Loop). Transco additionally plans to modify compression at existing compressor stations in Pittsylvania County, Virginia and Davidson, Iredell, and Cleveland County, North Carolina; and to modify other ancillary facilities in Anderson County, South Carolina; Walton and Henry County, Georgia; and Coosa County, Alabama. The project is planned to provide 1,586,900 Dekatherms per day of new firm transportation capacity from Transco's existing Station 165 Zone 5 Pooling Point and Cherrystone Interconnect, both in Pittsylvania County, Virginia. The public scoping sessions are scheduled as follows:

Date and time	Location
Monday, June 24, 2024, 5:00–7:00 p.m.	Holiday Inn Express and Suites, 351 Vineyards Crossing, Lexington, NC 27295, (366) 224–6730.
Tuesday, June 25, 2024, 5:00–7:00 p.m.	Olde Dominion Agricultural Complex, 19783 US–29, Chatham, VA 24531, (434) 432–8026.

The primary goal of these scoping sessions is to have you identify the specific environmental issues and concerns that should be considered in the environmental document. Individual oral comments will be taken on a one-on-one basis with a court reporter. This format is designed to receive the maximum amount of oral comments in a convenient way during the timeframe allotted.

Each scoping session is scheduled from 5:00 p.m. to 7:00 p.m. Eastern Daylight Time. You may arrive at any time after 5:00 p.m. There will not be a formal presentation by Commission staff when the session opens. If you wish to speak, the Commission staff will hand out numbers in the order of your arrival. Comments will be taken until 7:00 p.m. However, if no additional numbers have been handed out and all individuals who wish to provide comments have had an opportunity to do so, staff may conclude the session at 6:30 p.m. Please see appendix 1 for additional information on the session format and conduct.<sup>1</sup>

Your scoping comments will be recorded by a court reporter (with FERC staff or representative present) and become part of the public record for this proceeding. Transcripts will be publicly available on FERC's eLibrary system (see the last page of this notice for instructions on using eLibrary). If a significant number of people are interested in providing oral comments in the one-on-one settings, a time limit of 5 minutes may be implemented for each commentor.

It is important to note that the Commission provides equal consideration to all comments received, whether filed in written form or provided orally at a scoping session. Although there will not be a formal presentation, Commission staff will be available throughout the scoping session

<sup>1</sup> The appendices referenced in this notice will not appear in the **Federal Register**. Copies of the appendices were sent to all those receiving this notice in the mail and are available at [www.ferc.gov](http://www.ferc.gov) using the link called "eLibrary." For instructions on connecting to eLibrary, refer to the last page of this notice. [Project No. 2959–148]

#### City of Seattle; Addendum to Notice of Intent To File License Application, Filing of Pre-Application Document (PAD), Commencement of Pre-Filing Process, and Scoping; Request for Comments on the PAD and Scoping Document, and Identification of Issues and Associated Study Requests

On May 31, 2024, we issued notice that, in part, Commission staff will hold two scoping meetings for the South Fork Tolt River Hydroelectric Project No. 2959 to receive input on the scope of the environmental document for project relicensing. An evening scoping meeting will be held at 6:00 p.m. Pacific Daylight Time (PDT) on June 25, 2024, at Cherry Creek Falls Event Center, 16533 Kelly Road Northeast, Duvall, Washington 98019. A daytime scoping meeting will be held at 9:00 a.m. PDT on June 26, 2024, at the same location. The evening meeting is primarily for receiving input from the public, while the daytime meeting will focus on resource agency, Indian tribes, and non-governmental organization concerns. Spanish-English translation services will be provided at the scoping meetings.
