[Investigation Nos. 701–TA–722–725 and 731–TA–1690–1693 (Preliminary)]

Crystalline Silicon Photovoltaic Cells, Whether or Not Assembled Into Modules, From Cambodia, Malaysia, Thailand, and Vietnam; Determinations

On the basis of the record¹ developed in the subject investigations, the United States International Trade Commission (“Commission”) determines, pursuant to the Tariff Act of 1930 (“the Act”), that there is a reasonable indication that an industry in the United States is materially injured by reason of imports of crystalline silicon photovoltaic cells, whether or not assembled into modules (“CSPV products”), from Cambodia, Malaysia, Thailand, and Vietnam, provided for in subheadings 8501.71, 8501.72, and 8501.80 and statistical reporting number 8507.20.8010 of the Harmonized Tariff Schedule of the United States, that are alleged to be sold in the United States at less than fair value (“LTFV”) and subsidized by the governments of Malaysia, Thailand, and Vietnam, and that there is a reasonable indication that a U.S. industry is threatened with material injury by reason of imports of CSPV products from Cambodia that are alleged to be subsidized by the government of Cambodia.²

Commencement of Final Phase Investigations

Pursuant to section 207.18 of the Commission’s rules, the Commission also gives notice of the commencement of the final phase of its investigations. The Commission will issue a final phase notice of scheduling, which will be published in the **Federal Register** as provided in § 207.21 of the Commission’s rules, upon notice from the U.S. Department of Commerce (“Commerce”) of affirmative preliminary determinations in the investigations under §§ 703(b) or 733(b) of the Act, or, if the preliminary determinations are negative, upon notice of affirmative final determinations in those investigations under §§ 705(a) or 735(a) of the Act. Parties that filed entries of appearance in the preliminary phase of the investigations need not enter a separate appearance for the final phase of the investigations. Any other party may file an entry of appearance for the final

phase of the investigations after publication of the final phase notice of scheduling. Industrial users, and, if the merchandise under investigation is sold at the retail level, representative consumer organizations have the right to appear as parties in Commission antidumping and countervailing duty investigations. The Secretary will prepare a public service list containing the names and addresses of all persons, or their representatives, who are parties to the investigations. As provided in section 207.20 of the Commission’s rules, the Director of the Office of Investigations will circulate draft questionnaires for the final phase of the investigations to parties to the investigations, placing copies on the Commission’s Electronic Document Information System (EDIS, <https://edis.usitc.gov>), for comment.

Background

On April 24, 2024, the American Alliance for Solar Manufacturing Trade Committee filed petitions with the Commission and Commerce, alleging that an industry in the United States is materially injured or threatened with material injury by reason of subsidized imports of CSPV products from Cambodia, Malaysia, Thailand, and Vietnam and LTFV imports of CSPV products from Cambodia, Malaysia, Thailand, and Vietnam. Accordingly, effective April 24, 2024, the Commission instituted countervailing duty investigation Nos. 701–TA–722–725 and antidumping duty investigation Nos. 731–TA–1690–1693 (Preliminary).

Notice of the institution of the Commission’s investigations and of a public conference to be held in connection therewith was given by posting copies of the notice in the Office of the Secretary, U.S. International Trade Commission, Washington, DC, and by publishing the notice in the **Federal Register** of April 30, 2024 (89 FR 34268). The Commission conducted its conference on May 15, 2024. All persons who requested the opportunity were permitted to participate.

The Commission made these determinations pursuant to §§ 703(a) and 733(a) of the Act (19 U.S.C. 1671b(a) and 1673b(a)). It completed and filed its determinations in these investigations on June 10, 2024. The views of the Commission are contained in USITC Publication 5517 (June 2024), entitled *Crystalline Silicon Photovoltaic Cells, Whether or Not Assembled into Modules, from Cambodia, Malaysia, Thailand, and Vietnam: Investigation Nos. 701–TA–722–725 and 731–TA–1690–1693 (Preliminary)*.
