

disposition of their existing stocks to allow for sale, distribution, and use.

Because the reinstatement of the chlorpyrifos tolerances means that chlorpyrifos products can be used in accordance with their labeling without concern for adulterated food, EPA is amending the August 31, 2022 cancellation order to update the existing stocks provisions as they apply to the following Liberty products:

- Liberty Chlorpyrifos Bifenthrin (EPA Reg. No. 89168–20).
- Liberty Chlorpyrifos 4E (EPA Reg. No. 89168–24).

The registrant for these listed products is Liberty Crop Protection, LLC, and its address is 1880 Fall River Drive, Suite #100, Loveland, CO 80538.

EPA is also amending the May 4, 2023 cancellation order to update the existing stocks provisions as they relate to the following Winfield products:

- Tundra Supreme (EPA Reg. No. 1381–243).
- CPF 4E (EPA Reg. No. 83222–20).
- CPF 15G (EPA Reg. No. 83222–34).

The registrant for all three of the listed products is Winfield Solutions, LLC, and its address is 1080 County Rd., F West, MS5705, P.O. Box 64589, St. Paul, MN 55164.

III. Provisions for Disposition of Existing Stocks

Section 6(f)(1) of FIFRA (7 U.S.C. 136d(f)(1)) provides that a registrant of a pesticide product may at any time request that any of its pesticide registrations be cancelled or amended to terminate one or more registered uses. Since the tolerances for chlorpyrifos residues on food commodities have been reinstated by the Eighth Circuit, food bearing chlorpyrifos residues could be sold in interstate commerce. EPA has noted however, that it intends to issue a new rulemaking revoking several chlorpyrifos tolerances in the near future. In the meantime, the following amendments to the existing stocks provisions for Winfield and Liberty products are consistent with the path forward for disposition of existing stocks for other existing stocks amendment requests and voluntary cancellations for chlorpyrifos requested by registrants.

Existing stocks for the products identified in this order are those stocks of registered pesticide products that are currently in the United States and that were packaged, labeled, and released for shipment prior to August 31, 2022, for the Liberty products and May 4, 2023, for the Winfield products.

At this time, EPA is amending the existing stocks provisions in the August 31, 2022 cancellation order as they

apply to the Liberty chlorpyrifos products mentioned in this notice. EPA has determined that the following existing stocks provisions are not inconsistent with the purposes of FIFRA, given the limited amount of existing stocks and the limited time allowed for use of the existing stocks outlined below:

- Sale and distribution of existing stocks of Liberty Chlorpyrifos Bifenthrin (EPA Reg. No. 89168–20) and Liberty Chlorpyrifos 4E (EPA Reg. Nos. 89168–24) is permitted until April 30, 2025.
- Use of existing stocks of Liberty Chlorpyrifos Bifenthrin (EPA Reg. No. 89168–20) and Liberty Chlorpyrifos 4E (EPA Reg. Nos. 89168–24) must be consistent with the product labeling. Such use is permitted until June 30, 2025. Use of existing stocks Liberty Chlorpyrifos Bifenthrin (EPA Reg. No. 89168–20) and Liberty Chlorpyrifos 4E (EPA Reg. Nos. 89168–24) for non-food purposes is permitted until existing stocks are exhausted, as long as such use is in accordance with the labeling.

At this time, EPA is amending the existing stocks provisions in the May 4, 2023 cancellation order as they apply to the Winfield products identified in this notice. EPA has determined that the following existing stocks provisions are not inconsistent with the purposes of FIFRA given the limited amount of existing stocks and the limited time allowed for use of the existing stocks outlined below:

- Sale and distribution of existing stocks of Tundra Supreme (EPA Reg. No. 1381–243), CPF 4E (EPA Reg. No. 83222–20), and CPF 15G (EPA Reg. No. 83222–34) is permitted until April 30, 2025.
- Use of existing stocks of Tundra Supreme (EPA Reg. No. 1381–243), CPF 4E (EPA Reg. No. 83222–20), and CPF 15G (EPA Reg. No. 83222–34) must be consistent with the product labeling. Such use is permitted until June 30, 2025. Use of existing stocks Tundra Supreme (EPA Reg. No. 1381–243), CPF 4E (EPA Reg. No. 83222–20), and CPF 15G (EPA Reg. No. 83222–34) for non-food purposes is permitted until existing stocks are exhausted, as long as such use is in accordance with the labeling.

After these dates, all sale, distribution, and use of existing stocks is prohibited, except for sale and distribution for export consistent with FIFRA section 17 (7 U.S.C. 136o) and for proper disposal.

Dated: June 11, 2024.

Anne Overstreet,
Director, Pesticide Re-Evaluation Division,
Office of Pesticide Programs.

BILLING CODE 6560–50–P

ENVIRONMENTAL PROTECTION AGENCY

[FRL–11932–01–R5]

Request for Nominations to the Great Lakes Advisory Board

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice of request for nominations.

SUMMARY: The U.S. Environmental Protection Agency (EPA) invites nominations from a diverse range of qualified candidates who desire to serve as members of EPA's Great Lakes Advisory Board (GLAB). The GLAB is chartered to provide advice and recommendations to the EPA Administrator, through the Great Lakes National Program Manager, on matters related to the Great Lakes Restoration Initiative and on domestic matters related to the implementation of the Great Lakes Water Quality Agreement between the U.S. and Canada. For appointment consideration, nominations should be submitted by July 30, 2024. Sources in addition to this **Federal Register** notice may also be utilized in the solicitation of nominees.

FOR FURTHER INFORMATION CONTACT: Alana Davicino, Designated Federal Officer, Great Lakes National Program Office, U.S. Environmental Protection Agency, 77 West Jackson Boulevard, (G–9J), Chicago, Illinois; telephone number: 312–886–2307, email address: davicino.alana@epa.gov.

SUPPLEMENTARY INFORMATION:
Background: The GLAB was established in accordance with the Federal Advisory Committee Act (FACA) of 1972 (5 U.S.C., 10) and 41 CFR 102–3.50(d). The board will provide advice and recommendations on matters related to the Great Lakes Restoration Initiative. The board will also advise on domestic matters related to implementation of the Great Lakes Water Quality Agreement between the U.S. and Canada.

The major objectives will be to provide advice and recommendations on:

- Great Lakes protection and restoration activities;
- Long term goals, objectives, and priorities for Great Lakes protection and restoration; and

c. Other issues identified by the Great Lakes Interagency Task Force/Regional Working Group.

The GLAB is expected to meet in person or by electronic means (e.g., telephone, videoconference, webcast, etc.) approximately two (2) times per year, or as otherwise needed and approved by the Designated Federal Officer. In-person meetings will be held in the Great Lakes region.

Nominations: The GLAB will be composed of approximately fifteen (15) members who will serve as representative members of non-Federal interests. In selecting members, EPA will consider candidates representing a broad range of Great Lakes stakeholders, including, but not limited to: Environmental groups; agricultural groups; industry and/or business groups; citizen groups; environmental justice groups; foundations; academia; and State, local and Tribal governments. In selecting members, EPA will consider the differing perspectives and breadth of collective experience needed to address the GLAB's charter. Other criteria used to evaluate nominees will include:

- Experience with Great Lakes issues;
- Leadership and consensus-building experience in Great Lakes organizations, businesses, and workgroups;
- Membership in professional societies involved with Great Lakes issues;
- Academic leadership and expertise;
- Community leadership; and
- Representation of multiple constituencies within the Great Lakes basin.

GLAB is a Federal advisory committee chartered under the Federal Advisory Committee Act, Public Law 92-463. Members serve on the committee in a voluntary capacity. Although we are unable to offer compensation or an honorarium, members may receive travel and per diem allowances, according to applicable Federal travel regulations and the agency's budget.

According to the mandates of FACA, committees are required to support diversity across a broad range of constituencies, sectors, and groups. In accordance with Executive Order 14035 (June 25, 2021) and consistent with law, EPA values and welcomes opportunities to increase diversity, equity, inclusion, and accessibility on its Federal advisory committees. EPA's Federal advisory committees strive to have a workforce that reflects the diversity of the American people.

How to Submit Nominations: Any interested person or organization may nominate qualified persons to be considered for appointment to the GLAB. Individuals may self-nominate.

For appointment consideration, interested nominees should submit the application materials electronically via email to davicino.alana@epa.gov with the subject line "GLAB Nominations 2024".

To be considered, nominations should include:

- Current contact information for the nominee, including the nominee's name, organization (and position within that organization), current business address, email address and daytime phone number;
- A brief statement describing the nominee's interest in serving on the GLAB;
- A resume and a short biography (no more than two paragraphs) describing the professional and educational qualifications of the nominee, including a list of relevant activities and any current or previous service on Federal advisory committees; and
- A description of the nominee's EPA grant funding history including current EPA grant activities if applicable. If this does not apply to the nominee, please provide a brief statement indicating so.
- *Optional:* Letter(s) of recommendation from a third party supporting the nomination. Letter(s) should describe how the nominee's experience and knowledge will bring value to the work of the GLAB.

To help the Agency evaluate the effectiveness of its outreach efforts, nominees are requested to use their submission packages to identify how they became aware of this request for nominations.

Dated: May 29, 2024.

Debra Shore,

Regional Administrator, Region 5.

Helicoverpa zea nudivirul 2 strain 90DR71; Receipt of Application for Emergency Exemption, Solicitation of Public Comment

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice.

SUMMARY: EPA has received a specific exemption request from the Colorado Department of Agriculture (CDA) to use the pesticide *Helicoverpa zea nudivirul* 2 strain 90DR71 to treat up to 1,750 acres of sweet corn in Delta and

Montrose Counties in CO to manage corn earworm. The applicant proposes the use of an active ingredient not included in any currently registered pesticide products. EPA is soliciting public comment before making the decision whether or not to grant the exemption.

DATES: Comments must be received on or before July 3, 2024.

ADDRESSES: Submit your comments, identified by docket identification (ID) number EPA-HQ-OPP-2024-0222, by one of the following methods:

- **Federal eRulemaking Portal:** <https://www.regulations.gov>. Follow the online instructions for submitting comments. Do not submit electronically any information you consider to be Confidential Business Information (CBI) or other information whose disclosure is restricted by statute.
- **Mail:** OPP Docket, Environmental Protection Agency Docket Center (EPA/DC), (28221T), 1200 Pennsylvania Ave. NW, Washington, DC 20460-0001.
- **Hand Delivery:** To make special arrangements for hand delivery or delivery of boxed information, please follow the instructions at <https://www.epa.gov/dockets/where-send-comments-epa-dockets>.

Additional instructions on commenting or visiting the docket, along with more information about dockets generally, is available at <https://www.epa.gov/dockets>.

FOR FURTHER INFORMATION CONTACT: Charles Smith, Registration Division (7505T), Office of Pesticide Programs, Environmental Protection Agency, 1200 Pennsylvania Ave. NW, Washington, DC 20460-0001; main telephone number: (202) 566-1030; email address: RDfRNNotices@epa.gov.

SUPPLEMENTARY INFORMATION:

I. General Information

A. Does this action apply to me?

You may be potentially affected by this action if you are an agricultural producer, food manufacturer, or pesticide manufacturer. The following list of North American Industrial Classification System (NAICS) codes is not intended to be exhaustive, but rather provides a guide to help readers determine whether this document applies to them. Potentially affected entities may include:

- Crop production (NAICS code 111).
- Animal production (NAICS code 112).
- Food manufacturing (NAICS code 311).
- Pesticide manufacturing (NAICS code 32532).
