Abstract: The Bureau of Justice Statistics (BJS) 2025 School Crime Supplement (SCS) to the National Crime Victimization Survey (NCVS), cosponsored by the Department of Education's National Center for Education Statistics (NCES), asks respondents ages 12 through 18 about crimes that occurred at school and other characteristics of school crime. The SCS includes questions on preventive measures used by schools; students' participation in after school activities; students' perceptions of safety and belonging in schools; students' perception of school rules and enforcement of these rules; the presence of weapons, illegal and prescription drugs including opioids, alcohol, and gangs in school; student bullying; hate-related incidents; and attitudinal questions relating to the fear of victimization at school. This
