DEPARTMENT OF HEALTH AND HUMAN SERVICES**National Institutes of Health****Request for Information on the National Institutes of Health Draft Public Access Policy**

AGENCY: National Institutes of Health, HHS.

ACTION: Request for information.

SUMMARY: The National Institutes of Health (NIH) is soliciting comments from the public on the NIH Draft Public Access Policy and two supplemental draft guidance documents regarding government use license and rights and costs for publications. The NIH Draft Public Access Policy builds upon NIH's long history of providing public access to scholarly publications resulting from the research it supports and proposes additional steps to accelerate access.

DATES: To ensure consideration, comments must be submitted in writing by August 19, 2024.

ADDRESSES: Comments may be submitted electronically to <https://osp.od.nih.gov/comment-form-national-institutes-of-health-draft-public-access-policy/>. Comments are voluntary and may be submitted anonymously. You may also voluntarily include your name and contact information with your response. Other than your name and contact information, please do not include in the response any personally identifiable information or any information that you do not wish to make public. Proprietary, classified, confidential, or sensitive information should not be included in your response. After the NIH Office of Science Policy (OSP) has finished reviewing the responses, the responses may be posted to the OSP website without redaction.

FOR FURTHER INFORMATION CONTACT: Hilary Leeds, J.D., Senior Policy Analyst for Public Access, Office of Science Policy, at (301) 496-9838 or SciencePolicy@od.nih.gov.

SUPPLEMENTARY INFORMATION:

Background

Increasing access to publications resulting from NIH funding offers many benefits to the scientific community and the public who funded the underlying work. The ability for patients, families, and members of the public to access published findings resulting from NIH funding enables them to better understand and address the most critical public health concerns facing their communities. It also allows researchers, students, and health care
