Lightweight Thermal Paper From the People's Republic of China: Preliminary Results of Antidumping Duty Administrative Review; 2022–2023

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

SUMMARY: The U.S. Department of Commerce (Commerce) preliminarily determines that certain companies subject to the administrative review of the antidumping duty order on

lightweight thermal paper (paper) from the People's Republic of China (China) are part of the China-wide entity because they did not file a separate rate application (SRA). The period of review (POR) is November 1, 2022, through October 31, 2023. We invite interested parties to comment on these preliminary results.

DATES: Applicable June 18, 2024.

FOR FURTHER INFORMATION CONTACT: Alex Cipolla, AD/CVD Operations, Office III, Enforcement and Compliance, International Trade Administration, U.S. Department of Commerce, 1401 Constitution Avenue NW, Washington, DC 20230; telephone: (202) 482–4956.

SUPPLEMENTARY INFORMATION:

Background

On November 2, 2023, Commerce published a notice of opportunity to request an administrative review of the antidumping duty order on paper from China.¹ On November 30, 2023, Lollicup USA Incorporated (Lollicup), a U.S. importer of subject merchandise, requested an administrative review of the following producers and/or exporters of subject merchandise: Guangdong Guanhao High-Tech (Guangdong Guanhao), Guangdong Polygon New Materials (Guangdong Polygon), and Henan Jianghe Paper (Henan Jianghe).² On December 29, 2023, Commerce initiated this administrative review of the *Order* for the period of review (POR) November 1, 2022, through October 31, 2023.³

In the *Initiation Notice*, Commerce notified parties that the deadline for interested parties to submit an SRA or separate rate certification (SRC) was January 29, 2024.⁴ No party submitted an SRA or an SRC. On July 20, 2023, we placed on the record U.S. Customs and Border Protection (CBP) data for entries of paper from China and invited interested parties to comment.⁵ No party commented on the CBP Data Memorandum. The deadline for the

⁴ *Id.*, 88 FR at 90169–70, specifying that SRAs and SRCs were due 30 days from the publication of Commerce's *Initiation Notice*. In this administrative review, the deadline was January 29, 2024.

⁵ See Memorandum, "Release of U.S. Customs and Border Protection Data," dated March 11, 2024 (CBP Data Memorandum).

preliminary results of this review is August 1, 2024.

Scope of the Order

The products covered by this *Order* includes certain lightweight thermal paper, which is thermal paper with a basis weight of 70 grams per square meter (g/m²) (with a tolerance of ± 4.0 g/m²) or less; irrespective of dimensions;⁶ with or without a base coat⁷ on one or both sides; with thermal active coating(s)⁸ on one or both sides that is a mixture of the dye and the developer that react and form an image when heat is applied; with or without a top coat;⁹ and without an adhesive backing. Certain lightweight thermal paper is typically (but not exclusively) used in point-of-sale applications such as ATM receipts, credit card receipts, gas pump receipts, and retail store receipts. The merchandise subject to this order may be classified in the Harmonized Tariff Schedule of the United States (HTSUS) under subheadings 3703.10.60, 4811.59.20, 4811.90.8040, 4811.90.9090, 4820.10.20, 4823.40.00, 4811.90.8030, 4811.90.8050,

4811.90.9030, and 4811.90.9050.^{10 11} Although HTSUS subheadings are provided for convenience and customs purposes, the written description of the scope of this *Order* is dispositive.

⁶ LWTP is typically produced in jumbo rolls that are slit to the specifications of the converting equipment and then converted into finished slit rolls. Both jumbo and converted rolls (as well as LWTP in any other form, presentation, or dimension) are covered by the scope of these orders.

⁷ A base coat, when applied, is typically made of clay and/or latex and like materials and is intended to cover the rough surface of the paper substrate and to provide insulating value.

⁸ A thermal active coating is typically made of sensitizer, dye, and co-reactant.

⁹ A top coat, when applied, is typically made of polyvinyl acetone, polyvinyl alcohol, and/or like materials and is intended to provide environmental protection, an improved surface for press printing, and/or wear protection for the thermal print head.

¹⁰ HTSUS subheading 4811.90.8000 was a classification used for LWTP until January 1, 2007. Effective that date, subheading 4811.90.8000 was replaced with 4811.90.8020 (for gift wrap, a non-subject product) and 4811.90.8040 (for "other" including LWTP). HTSUS subheading 4811.90.9000 was a classification for LWTP until July 1, 2005. Effective that date, subheading 4811.90.9000 was replaced with 4811.90.9010 (for tissue paper, a non-subject product) and 4811.90.9090 (for "other," including LWTP).

¹¹ As of January 1, 2009, the ITC deleted HTSUS subheadings 4811.90.8040 and 4811.90.9090 and added HTSUS subheadings 4811.90.8030, 4811.90.8050, 4811.90.9030, and 4811.90.9050 to the HTSUS (2009). See Harmonized Tariff Schedule of the United States (2009), available at www.usitc.gov. These HTSUS subheadings were added to the scope of the order in lightweight thermal paper's LTFV investigation.

Preliminary Results of Review

In the *Initiation Notice*, Commerce notified interested parties that SRCs or SRAs, as applicable, are due to Commerce no later than 30 calendar days after publication of the *Initiation Notice* in the **Federal Register**.¹² No party for which a review was requested submitted the requisite SRC or SRA. As such, Commerce finds that all companies for which a review was requested (Guangdong Guan hao, Guangdong Polygon, and Henan Jianghe) have failed to demonstrate eligibility for a separate rate and are part of the China-wide entity.

Commerce no longer considers the China-wide entity as an exporter conditionally subject to administrative review.¹³ Accordingly, the China-wide entity will not be under review unless Commerce specifically receives a request for, or self-initiates, a review of the entity. In this administrative review, no party requested a review of the China-wide entity. Moreover, we have not self-initiated a review of the China-wide entity. Because no review of the China-wide entity is being conducted, the China-wide entity's entries are not subject to the review, and the weighted-average dumping margin for the China-wide entity rate (*i.e.*, 115.29 percent) is not subject to change.¹⁴

Disclosure and Public Comment

Normally, Commerce discloses the calculations used in its analysis to parties performed in preliminary results within five days of any public announcement or, if there is no public announcement, within five days of the date of publication of the notice of preliminary results, in accordance with 19 CFR 351.224(b). However, because all parties subject to this review have failed to demonstrate eligibility for a separate rate and are part of the China-wide entity, there are no calculations to disclose.

Pursuant to 19 CFR 351.309(c), interested parties may submit case briefs to Commerce no later than 30 days after the date of publication of this notice. Rebuttal briefs, limited to issues raised in the case briefs, may be filed not later than five days after the date for filing case briefs.¹⁵ Interested parties who submit case briefs or rebuttal briefs in this proceeding must submit: (1) a table

of contents listing each issue; and (2) a table of authorities.¹⁶

As provided under 19 CFR 351.309(c)(2) and (d)(2), in prior proceedings we have encouraged interested parties to provide an executive summary of their brief that should be limited to five pages total, including footnotes. In this review, we instead request that interested parties provide at the beginning of their briefs a public, executive summary for each issue raised in their briefs.¹⁷ Further, we request that interested parties limit their public executive summary of each issue to no more than 450 words, not including citations. We intend to use the public executive summaries as the basis of the comment summaries included in the issues and decision memorandum that will accompany the final results in this administrative review. We request that interested parties include footnotes for relevant citations in the public executive summary of each issue. Note that Commerce has amended certain of its requirements pertaining to the service of documents in 19 CFR 351.303(f).¹⁸

Pursuant to 19 CFR 351.310(c), interested parties who wish to request a hearing must submit a written request to the Assistant Secretary for Enforcement and Compliance, filed electronically via Enforcement and Compliance's Antidumping and CVD Centralized Electronic Service System (ACCESS). Requests should contain: (1) the party's name, address, and telephone number; (2) the number of participants; and (3) a list of issues to be discussed. Issues raised in the hearing will be limited to those raised in the respective case briefs. An electronically filed hearing request must be received successfully in its entirety by Commerce's electronic records system, ACCESS, by 5:00 p.m. Eastern Time within 30 days after the date of publication of this notice.

Final Results of Review

Unless extended, we intend to issue the final results of this administrative review, which will include the results of our analysis of all issues raised in the case and rebuttal briefs, within 120 days of publication of these preliminary results in the **Federal Register**.¹⁹

¹⁶ See 19 CFR 351.309(c)(2) and (d)(2).

¹⁷ We use the term "issue" here to describe an argument that Commerce would normally address in a comment of the Issues and Decision Memorandum.

¹⁸ See *Administrative Protective Order, Service, and Other Procedures in Antidumping and Countervailing Duty Proceedings; Final Rule*, 88 FR 67069 (September 29, 2023).

¹⁹ See section 751(a)(3)(A) of the Tariff Act of 1930, as amended (the Act); and 19 CFR 351.213(h).

Assessment

For the three companies subject to this review, upon issuance of the final results of this review, Commerce will determine, and CBP shall assess, antidumping duties on all appropriate entries of subject merchandise covered by this review.²⁰ If Commerce continues to find that Guangdong Guan hao, Guangdong Polygon, and Henan Jianghe are part of the China-wide entity in the final results, Commerce intends to instruct CBP to liquidate entries containing subject merchandise exported by the companies under review that we determine in the final results to be part of the China-wide entity at the China-wide entity rate of 115.29 percent. Commerce intends to issue assessment instructions to CBP no earlier than 35 days after the date of publication of the final results of this review in the **Federal Register**. If a timely summons is filed at the U.S. Court of International Trade, the assessment instructions will direct CBP not to liquidate relevant entries until the time for parties to file a request for a statutory injunction has expired (*i.e.*, within 90 days of publication).

Cash Deposit Requirements

The following cash deposit requirements will be effective for all shipments of the subject merchandise entered, or withdrawn from warehouse, for consumption on or after the publication date of the final results of this administrative review, as provided for by section 751(a)(2)(C) of the Act: (1) for previously investigated or reviewed Chinese and non-Chinese exporters for which a review was not requested and that received a separate rate in a prior segment of this proceeding, the cash deposit rate will continue to be the existing exporter-specific rate; (2) for all Chinese exporters of subject merchandise that have not been found to be entitled to a separate rate, the cash deposit rate will be the rate for the China-wide entity; and (3) for all non-Chinese exporters of subject merchandise that have not received their own rate, the cash deposit rate will be the rate applicable to the Chinese exporter that supplied that non-Chinese exporter. These cash deposit requirements, when imposed, shall remain in effect until further notice.

Notification to Importers

This notice also serves as a preliminary reminder to importers of their responsibility under 19 CFR 351.402(f) to file a certificate regarding the reimbursement of antidumping and/

or countervailing duties prior to liquidation of the relevant entries during this review period. Failure to comply with this requirement could result in Commerce's presumption that reimbursement of antidumping and/or countervailing duties occurred and the subsequent assessment of double antidumping duties, and/or an increase in the amount of antidumping duties by the amount of countervailing duties.

Notification to Interested Parties

This notice is issued and published in accordance with sections 751(a)(1) and 777(i)(1) of the Act, and 19 CFR 351.213 and 19 CFR 351.221(b)(4).
