SUPPLEMENTARY INFORMATION:

Title: Transportation Pooled Fund Excellence Award.

Background: FHWA is partnering with the American Association of State Highway and Transportation Officials (AASHTO) Research Advisory Committee (RAC) to further promote research, innovation, and excellence through a new TPF Program Excellence Award.

For more than 45 years, the FHWA’s TPF Program has enabled public and private entities to collaboratively conduct cutting-edge transportation research. Through the TPF Program, participants are able to pool funds and expertise to develop innovative solutions at a lower cost while extending the reach and impact of their research.

The TPF Excellence Award will recognize outstanding TPF studies that have made significant advancements in national research efforts in the areas of safety, economic growth, equity, and/or transformative climate solutions. The future award will highlight the importance of meaningful collaboration and partnership in transportation research. Administered through a partnership between FHWA and the AASHTO RAC, the biennial TPF Excellence Award will recognize one FHWA-led TPF study and one State Department of Transportation (DOT)-led study. Nominations would be received between February 1 and May 1 every 2 yr. Nomination forms would be sent to FHWA Division Offices and State DOTs to solicit nominees.

Award: Any participant in the TPF program can nominate a TPF study that is completed and has posted a final report by June 30 of the year submitted. The nominator is responsible for completing the nomination form that summarizes the outstanding accomplishments of the entry. FHWA will use the collected information to evaluate, showcase, and enhance the public’s knowledge of research and innovation conducted through these TPF projects. Nominations will be reviewed by an independent panel of judges from various backgrounds. The awards will be given every 2 yr. The winners will be presented awards at the completion of the process.

Respondents: Any participant in the Transportation Pooled Fund (TPF) program can submit a nomination of a TPF study for the TPF Excellence Award, including staff from the 50

States, the District of Columbia, and Puerto Rico.

Frequency: The information will be collected biennially.

Estimated Average Burden per Response: 5 hours per respondent per application.

Estimated Total Annual Burden Hours: It is expected that the respondents will complete approximately 20 applications for an estimated total of 100 annual burden hours.

Public Comments Invited: You are asked to comment on any aspect of this information collection, including: (1) Whether the proposed collection is necessary for the FHWA's performance; (2) the accuracy of the estimated burdens; (3) ways for the FHWA to enhance the quality, usefulness, and clarity of the collected information; and (4) ways that the burden could be minimized, including the use of electronic technology, without reducing the quality of the collected information. The agency will summarize and/or include your comments in the request for OMB's clearance of this information collection.

Authority: The Paperwork Reduction Act of 1995; 44 U.S.C. chapter 35, as amended; and 49 CFR 1.48.

Issued on: June 14, 2024.

Agency Information Collection Activities: Notice of Request for Renewal of Currently Approved Information Collection

AGENCY: Federal Highway Administration (FHWA), DOT.

ACTION: Notice of request for extension of currently approved information collection.

SUMMARY: The FHWA invites public comments about our intention to request the Office of Management and Budget's (OMB) approval for renewal of an existing information collection that is summarized below under

SUPPLEMENTARY INFORMATION. We are required to publish this notice in the **Federal Register** by the Paperwork Reduction Act of 1995.

SUPPLEMENTARY INFORMATION:

Title: Certification of Enforcement of the Heavy Vehicle Use Tax.

OMB Control: 2125-0541.

Background: Title 23 United States Code, section 141(c), provides that a State's apportionment of funds under 23 U.S.C. 104(b)(1) shall be reduced in an amount up to 8 percent of the amount to be apportioned during any fiscal year beginning after September 30, 1984, if vehicles subject to the Federal heavy vehicle use tax are lawfully registered in the State without having presented proof of payment of the tax. The annual certification by the State Governor or designated official regarding the collection of the heavy vehicle use tax serves as the FHWA's primary means of determining State compliance. The FHWA has determined that an annual certification of compliance by each State is the least obtrusive means of administering the provisions of the legislative mandate. In addition, States are required to retain for 1 year a Schedule 1, IRS Form 2290, Heavy Vehicle Use Tax Return (or other suitable alternative provided by regulation). The FHWA conducts compliance reviews at least once every 3 years to determine if the annual certification is adequate to ensure effective administration of 23 U.S.C. 141(c).

Respondents: 50 State Transportation Departments, and the District of Columbia for a total of 51 respondents.

Frequency: Annually.

Estimated Average Burden per

Response: The average burden to submit the certification and to retain required records is 12 hours per respondent.

Estimated Total Annual Burden Hours: Total estimated average annual burden is 612 hours.

Public Comments Invited: You are asked to comment on any aspect of this information collection, including: (1) Whether the proposed collection is necessary for the FHWA's performance; (2) the accuracy of the estimated burdens; (3) ways for the FHWA to enhance the quality, usefulness, and clarity of the collected information; and (4) ways that the burden could be minimized, including the use of electronic technology, without reducing the quality of the collected information. The agency will summarize and/or include your comments in the request for OMB's clearance of this information collection.
