Environmental Technologies Trade Advisory Committee

AGENCY: International Trade Administration, Department of Commerce.

ACTION: Notice of an open meeting of a Federal advisory committee.

SUMMARY: The Environmental Technologies Trade Advisory Committee (ETTAC) will hold an in-person meeting on Tuesday July 16, 2024 at the U.S. Department of Commerce in Washington, DC. The

meeting is open to the public with registration instructions provided below. This notice sets forth the schedule and proposed topics for the meeting.

DATES: The meeting is scheduled for Tuesday, July 16, 2024 from 12:00 p.m. to 3:00 p.m. Eastern Standard Time (EST). The deadline for members of the public to register to participate, including requests to make comments during the meeting and for auxiliary aids, or to submit written comments for dissemination prior to the meeting, is 5:00 p.m. EST on Wednesday, July 10, 2024. Members of the public must register by that date to participate.

ADDRESSES: The meeting will be held in-person in the Commerce Research Library at the U.S. Department of Commerce Herbert Clark Hoover Building, 1401 Constitution Avenue NW, Washington, DC 20230. Requests to register to participate (including to speak or for auxiliary aids) and any written comments should be submitted via email to Ms. Megan Hyndman, Office of Energy & Environmental Industries, International Trade Administration, at Megan.Hyndman@trade.gov. This meeting has a limited number of spaces for members of the public to attend in-person. Requests to participate in-person will be considered on a first-come, first-served basis.

FOR FURTHER INFORMATION CONTACT: Ms. Megan Hyndman, Office of Energy & Environmental Industries, International Trade Administration (Phone: 202-823-1839; email: Megan.Hyndman@trade.gov).

SUPPLEMENTARY INFORMATION: The ETTAC is mandated by Section 2313(c) of the Export Enhancement Act of 1988, as amended, 15 U.S.C. 4728(c), to advise the Environmental Trade Working Group of the Trade Promotion Coordinating Committee, through the Secretary of Commerce, on the development and administration of programs to expand U.S. exports of environmental technologies, goods, services, and products. The ETTAC was most recently re-chartered through August 16, 2024.

On Tuesday, July 16, 2024 from 12:00 p.m. to 3:00 p.m. EST, the ETTAC will hold the ninth meeting of its current charter term. During the meeting, committee members will present the recommendation topics the ETTAC has submitted this charter and hear an update from key agencies on U.S. government activities. An agenda will be made available one week prior to the meeting upon request to Megan Hyndman. The meeting will be open to

the public and time will be permitted for public comment before the close of the meeting. Members of the public seeking to attend the meeting are required to register by Wednesday, July 10, at 5:00 p.m. EST, via the contact information provided above. This meeting is physically accessible to people with disabilities. Requests for sign language interpretation or other auxiliary aids should be directed to OEEI at Megan.Hyndman@trade.gov or (202) 823-1839 no less than one week prior to the meeting. Requests received after this date will be accepted, but it may not be possible to accommodate them.

Written comments concerning ETTAC affairs are welcome any time before or after the meeting. To be considered during the meeting, written comments must be received by Wednesday, July 10, 2024, at 5:00 p.m. EST to ensure transmission to the members before the meeting. Draft minutes will be available within 30 days of this meeting.

Alloy and Certain Carbon Steel Threaded Rod From the People's Republic of China: Final Results of Antidumping Duty Administrative Review; 2022-2023

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

SUMMARY: The U.S. Department of Commerce (Commerce) determines that Ningbo Dongxin High-Strength Nut Co., Ltd. (Ningbo Dongxin), the sole mandatory respondent in this review and an exporter of alloy and certain carbon steel threaded rod (steel threaded rod) from the People's Republic of China (China), sold subject merchandise in the United States at prices below normal value during the period of review April 1, 2022, through March 31, 2023.

DATES: Applicable June 21, 2024.

FOR FURTHER INFORMATION CONTACT: Claudia Cott, AD/CVD Operations, Office I, Enforcement and Compliance, International Trade Administration, U.S. Department of Commerce, 1401

Constitution Avenue NW, Washington, DC 20230; telephone: (202) 482-4270.

SUPPLEMENTARY INFORMATION:

Background

On May 1, 2024, Commerce published the preliminary results of the 2022–2023 administrative review of the antidumping duty order on steel threaded rod from China in the **Federal Register** and invited interested parties to comment.¹ We received no comments from interested parties on the *Preliminary Results* and have made no changes to the *Preliminary Results*. Accordingly, no decision memorandum accompanies this **Federal Register** notice. The *Preliminary Results* are hereby adopted in these final results. Commerce conducted this administrative review in accordance with section 751(a) of the Tariff Act of 1930, as amended (the Act).

Scope of the Order²

The merchandise covered by the *Order* is alloy and certain carbon steel threaded rod from China. For a complete description of the scope of the order, see the *Preliminary Results*.³

China-Wide Entity

As stated in the *Preliminary Results*, because no party requested a review of the China-wide entity in this review, the China-wide entity is not under review and the China-wide entity's rate, *i.e.*, 48.91 percent, is not subject to change.⁴

Final Results of Review

We determine that the following weighted-average dumping margin exists for the period April 1, 2022, through March 31, 2023, for the mandatory respondent:

Exporter	Weighted-average dumping margin (percent)
Ningbo Dongxin High-Strength Nut Co., Ltd	35.10

Disclosure

Normally, Commerce discloses to interested parties the calculations of the

final results of an administrative review within five days of a public announcement or, if there is no public announcement, within five days of the date of publication of the notice of final results in the **Federal Register**, in accordance with 19 CFR 351.224(b). However, because we have made no changes to the *Preliminary Results*, there are no calculations to disclose.

Assessment Rates

Consistent with section 751(a)(2)(C) of the Act and 19 CFR 351.212(b), Commerce has determined, and U.S. Customs and Border Protection (CBP) shall assess, antidumping duties on all appropriate entries of subject merchandise covered this review. Because Ningbo Dongxin's weighted-average dumping margin is not zero or *de minimis*, *i.e.*, less than 0.50 percent, we intend to instruct CBP to liquidate entries at the importer-specific assessment rate for antidumping duties calculated based on the ratio of the total amount of dumping calculated for each importer's examined sales and the total entered value of those same sales in accordance with 19 CFR 351.212(b)(1).⁵ These final results of administrative review shall be the basis for the assessment of antidumping duties on entries of merchandise covered by these final results of this review and for future deposits of estimated duties, where applicable.⁶

Commerce intends to issue assessment instructions to CBP no earlier than 35 days after the date of publication of these final results of review in the **Federal Register**. If a timely summons is filed at the U.S. Court of International Trade, the assessment instructions will direct CBP not to liquidate relevant entries until the time for parties to file a request for a statutory injunction has expired (*i.e.*, within 90 days of publication).

Cash Deposit Requirements

The following cash deposit requirements will be effective upon publication in the **Federal Register** of this notice of final results of administrative review for all shipments of steel threaded rod from China entered, or withdrawn from warehouse, for consumption on or after the publication date of these final results of review, as provided in section 751(a)(2)(C) of the Act: (1) for the subject merchandise exported by the

company listed above that has a separate rate, the cash deposit rate will be equal to the weighted-average dumping margin established in the final results of this administrative review, *i.e.*, 35.10 percent; (2) for previously investigated or reviewed Chinese and non-Chinese exporters of subject merchandise not listed above that received a separate rate in a prior segment of this proceeding, the cash deposit rate will continue to be the existing exporter-specific rate; (3) for all Chinese exporters of subject merchandise that have not been found to be entitled to a separate rate, the cash deposit rate will be that for the China-wide entity, *i.e.*, 48.91 percent;⁷ and (4) for all non-Chinese exporters of subject merchandise which have not received their own rate, the cash deposit rate will be the rate applicable to the Chinese exporter that supplied that non-Chinese exporter. These cash deposit requirements, when imposed, shall remain in effect until further notice.

Notification to Importers

This notice serves as a final reminder to importers of their responsibility under 19 CFR 351.402(f)(2) to file a certificate regarding the reimbursement of antidumping and/or countervailing duties prior to liquidation of the relevant entries during this review period. Failure to comply with this requirement could result in Commerce's presumption that reimbursement of antidumping and/or countervailing duties occurred and the subsequent assessment of double antidumping duties, and/or an increase in the amount of antidumping duties by the amount of the countervailing duties.

Administrative Protective Order

This notice also serves as a final reminder to parties subject to an administrative protective order (APO) of their responsibility concerning the return or destruction of proprietary information disclosed under APO in accordance with 19 CFR 351.305. Timely written notification of the return or destruction of APO materials or conversion to judicial protective order is hereby requested. Failure to comply with the regulations and terms of an APO is a violation subject to sanction.

Notification to Interested Parties

Commerce is issuing and publishing these final results of this review in

Agency Information Collection Activities; Submission to the Office of Management and Budget (OMB) for Review and Approval; Comment Request; Commercial Operator's Annual Report (COAR)

The Department of Commerce will submit the following information collection request to the Office of Management and Budget (OMB) for review and clearance in accordance with the Paperwork Reduction Act of 1995, on or after the date of publication of this notice. We invite the general public and other Federal agencies to comment on proposed, and continuing information collections, which helps us assess the impact of our information collection requirements and minimize the public's reporting burden. Public comments were previously requested via the **Federal Register** on January 22, 2024, during a 60-day comment period. This notice allows for an additional 30 days for public comments.

Agency: National Oceanic and Atmospheric Administration, Commerce.

Title: Commercial Operator's Annual Report (COAR).

OMB Control Number: 0648–0428.

Form Number(s): None.

Type of Request: Regular submission (extension of a current information collection).

Number of Respondents: 57.

Average Hours per Response: 8 hours.

Total Annual Burden Hours: 456 hours.

Needs and Uses: The National Marine Fisheries Service (NMFS), Alaska Regional Office, is requesting renewal of the currently approved information collection for the Commercial Operator's Annual Report (COAR). No revisions were made to this collection.

The COAR is a State of Alaska report that is required to be completed and submitted by direct marketers, catcher processors, catcher exporters, buyer

exporters, shore-based processors, and floating processor permit holders pursuant to Alaska Administrative Code (5 AAC 39.130) and Federal regulations at 50 CFR 679. Under 50 CFR 679.5(p), NMFS requires motherships and catcher processors that are issued a Federal fisheries permit to annually complete and submit the appropriate sections of the COAR.

The COAR is used to gather statewide fish and shellfish information describing buying (ex-vessel) and production (wholesale or retail) activities. The information collected in the COAR is used to determine the value of Alaska's fisheries resources and products. NMFS uses the COAR database in annual Federal publications on the value of U.S. commercial fisheries, in the annual NMFS Stock Assessment and Fishery Evaluation reports for the groundfish fisheries of the Bering Sea and Aleutian Islands and the Gulf of Alaska, and in periodic reports that describe the fisheries and that serve as reference documents to management agencies, the industry, and others.

The mothership and catcher processor data, when added to the COAR information collected from shoreside processors and stationary floating processors required under State of Alaska requirements, yield a complete data base of equivalent annual product value information for all respective processing sectors. The information also provides a consistent time series according to which groundfish resources may be managed more efficiently. Use of the information generated by the COAR is coordinated between NMFS and the Alaska Department of Fish and Game (ADF&G).

The COAR must be submitted by April 1 to the ADF&G for the previous year's activity for all operations that are required to submit a COAR. NMFS requires the owner of a mothership or catcher processor to annually complete and submit the appropriate forms of the COAR, whether the processor operated that year or not. If no receipt or production took place for that year, the owner submits only the COAR certification page.

The COAR requires submission of information on seafood purchasing, production, and both ex-vessel and wholesale values of seafood products. The buying information is reported by species, harvest area, area of purchase, condition of fisheries resources at the time of purchase, type of gear used in the harvest, pounds purchased, and ex-vessel value. The ex-vessel value includes any post-season adjustments or bonuses paid after the fish was

purchased. The production information is reported by species, area of processing, process type (e.g., frozen, canned, smoked), product type (e.g., fillets, surimi, sections), net weight of the processed product, and the first wholesale value.

Affected Public: Individuals or households; Business or other for-profit organizations.

Frequency: Annually.

Respondent's Obligation: Mandatory.

Legal Authority: Magnuson-Stevens Fishery Conservation and Management Act, 16 U.S.C. 1801 *et seq.*

This information collection request may be viewed at www.reginfo.gov. Follow the instructions to view the Department of Commerce collections currently under review by OMB.

Written comments and recommendations for the proposed information collection should be submitted within 30 days of the publication of this notice on the following website www.reginfo.gov/public/do/PRAMain. Find this particular information collection by selecting "Currently under 30-day Review—Open for Public Comments" or by using the search function and entering either the title of the collection or the OMB Control Number 0648–0428.
