

principal sources for Federal and State highway funding. Under the current Surface Transportation Authorization, the Infrastructure Investment and Jobs Act (IIJA), \$2 million is available to make grants for intergovernmental enforcement efforts, including research and training. The intergovernmental enforcement efforts grants are awarded to State agencies through a competitive application process from which FHWA and the IRS make selections based on the most innovative, intergovernmental proposals. The States then perform various tasks, including increased enforcement, enhancement of data systems, and coordination with other State agencies.

The remaining funding may, at the discretion of the Secretary of Transportation, either be awarded for intergovernmental enforcement efforts grants, or allocated to the IRS for their enforcement efforts.

While the statute allows for the IRS to determine the use of their allocations, they must be used in some fashion related to the identification and elimination of highway use tax evasion. For both the States and the IRS, the initiatives may include, but are not limited to, office examinations, refinery and terminal examinations, and on-road enforcement in areas such as the illegal use of dyed diesel fuel by motor vehicles.

Respondents: There are 51 respondents, including 50 State Transportation Departments, and the District of Columbia. While the applications are open to all of those organizations, on average, about 16 applications are received each year for grant requests, some of which include multiple States, which brings the total individual projects to around 30.

Frequency: On an on-going basis as grant opportunities are announced.

Estimated Average Burden per Response: There are an average of 16 applications filed each cycle. It takes approximately 40 hours to gather the information and upload it through the [grants.gov](https://www.grants.gov) system.

Estimated Total Annual Burden Hours: Total estimated average annual burden is 640 hours.

Public Comments Invited: You are asked to comment on any aspect of this information collection, including: (1) Whether the proposed collection is necessary for the FHWA's performance; (2) the accuracy of the estimated burdens; (3) ways for the FHWA to enhance the quality, usefulness, and clarity of the collected information; and (4) ways that the burden could be minimized, including the use of electronic technology, without reducing

the quality of the collected information. The agency will summarize and/or include your comments in the request for OMB's clearance of this information collection.

Authority: The Paperwork Reduction Act of 1995; 44 U.S.C. chapter 35, as amended; and 49 CFR 1.48.

Notice of Final Federal Agency Actions on Proposed Transportation Project in Florida

AGENCY: Federal Highway Administration (FHWA), DOT.

ACTION: Notice of limitation on claims for Judicial Review of Actions by Florida Department of Transportation (FDOT).

SUMMARY: The FHWA, on behalf of the FDOT, is issuing this notice to announce actions taken by FDOT and other Federal Agencies that are final agency actions. These actions relate to the proposed S.R. 401 Bridge Replacement Improvements Project Development and Environment (PD&E) Study (Financial Management Number 444787-1). The proposed S.R. 401 Bridge Replacement Improvements Project will improve system linkage and modal interrelationships from 500 feet south of the S.R. 528 bridges to 3,500 feet north of the S.R. 401 bridges to Charles Rowland Drive. The project consists of replacing the existing three bascule bridges over the Canaveral Barge Canal with two parallel three-lane, high-level fixed span concrete bridges. These actions grant licenses, permits, or approvals for the project.

DATES: By this notice, the FHWA, on behalf of FDOT, is advising the public of final agency actions subject to 23 U.S.C. 139(l)(1). A claim seeking judicial review of the Federal Agency actions on the listed highway project will be barred unless the claim is filed on or before November 18, 2024. If the Federal law that authorizes judicial review of a claim provides a time period of less than 150 days for filing such claim, then that shorter time period still applies.

ADDRESSES: The Type 2 Categorical Exclusion and additional project documents can be viewed and downloaded from the project website at:

<https://www.cflroads.com/444787-1>, or by contacting FDOT Office of Environmental Management, 605 Suwannee Street, MS 37, Tallahassee, Florida 32399, during normal business hours are 8:00 a.m. to 5:00 p.m. (Eastern Standard Time), Monday through Friday, except State holidays.

FOR FURTHER INFORMATION CONTACT: Jennifer Marshall, P.E., Director, FDOT Office of Environmental Management, FDOT; telephone (850) 414-4316; email: Jennifer.Marshall@dot.state.fl.us.

SUPPLEMENTARY INFORMATION: Effective December 14, 2016, and as subsequently renewed on May 26, 2022, the FHWA assigned, and the FDOT assumed, environmental responsibilities for this project pursuant to 23 U.S.C. 327. Notice is hereby given that FDOT and other Federal Agencies have taken final agency actions subject to 23 U.S.C. 139(l)(1) by issuing licenses, permits, or approvals for the proposed improvement highway project. The actions by FDOT and other Federal Agencies on the project, and the laws under which such actions were taken are described in the Type 2 Categorical Exclusion approved on May 20, 2024 and in other project records for the listed project. The Type 2 Categorical Exclusion and other documents for the listed project are available by contacting FDOT at the address provided above.

The project subject to this notice is:
Project Location: The project is located in Brevard County, Florida. The project limits are from 500 feet south of the S.R. 528 bridges to 3,500 feet north of the S.R. 401 bridges to Charles Rowland Drive.

SUPPLEMENTARY INFORMATION:

Title: Transportation Pooled Fund Excellence Award.

Background: FHWA is partnering with the American Association of State Highway and Transportation Officials (AASHTO) Research Advisory Committee (RAC) to further promote research, innovation, and excellence through a new TPF Program Excellence Award.

For more than 45 years, the FHWA’s TPF Program has enabled public and private entities to collaboratively conduct cutting-edge transportation research. Through the TPF Program, participants are able to pool funds and expertise to develop innovative solutions at a lower cost while extending the reach and impact of their research.

The TPF Excellence Award will recognize outstanding TPF studies that have made significant advancements in national research efforts in the areas of safety, economic growth, equity, and/or transformative climate solutions. The future award will highlight the importance of meaningful collaboration and partnership in transportation research. Administered through a partnership between FHWA and the AASHTO RAC, the biennial TPF Excellence Award will recognize one FHWA-led TPF study and one State Department of Transportation (DOT)-led study. Nominations would be received between February 1 and May 1 every 2 yr. Nomination forms would be sent to FHWA Division Offices and State DOTs to solicit nominees.

Award: Any participant in the TPF program can nominate a TPF study that is completed and has posted a final report by June 30 of the year submitted. The nominator is responsible for completing the nomination form that summarizes the outstanding accomplishments of the entry. FHWA will use the collected information to evaluate, showcase, and enhance the public’s knowledge of research and innovation conducted through these TPF projects. Nominations will be reviewed by an independent panel of judges from various backgrounds. The awards will be given every 2 yr. The winners will be presented awards at the completion of the process.

Respondents: Any participant in the Transportation Pooled Fund (TPF) program can submit a nomination of a TPF study for the TPF Excellence Award, including staff from the 50
