[Docket No. RHS-24-SFH-0017]

Single Family Housing Section 504 Repair Pilot

AGENCY: Rural Housing Service, USDA.

ACTION: Notification of waivers.

SUMMARY: The Rural Housing Service (RHS or the Agency), a Rural Development agency of the United States Department of Agriculture (USDA), is issuing this document to continue to waive two regulatory requirements for the Section 504 Direct Single Family Housing Loans and Grants (DSFH LG) pilot program while the Agency contemplates a future rulemaking to remove regulatory barriers to assist eligible applicants with improved ease of use for very low-income homeowners seeking to repair or rehabilitate their homes. This document briefly discusses the waivers that the Agency intends to continue and provides contact information for additional details about the pilot program.

DATES: *Effective dates:* The effective date of the two regulatory waivers is June 24, 2024. The duration of the pilot program is anticipated to continue until June 24, 2026, at which time the RHS may extend the pilot program (with or without modifications) or terminate it depending on the workload and resources needed to administer the program, feedback from the public, funding constraints and the effectiveness of the program. If the pilot program is extended or terminated, the RHS will notify the public.

SUPPLEMENTARY INFORMATION:

Authority: Title V, Section 504 of the Housing Act of 1949, as amended; 42 U.S.C. 1474.

Background

The RHS offers a variety of programs to build or improve housing and essential community facilities in rural areas. The Agency offer loans, grants, and loan guarantees for single- and multifamily housing, child-care centers, fire and police stations, hospitals, libraries, nursing homes, schools, first responder vehicles and equipment, housing for farm laborers and much more. RHS also provides technical assistance loans and grants in partnership with non-profit organizations, Indian tribes, state and Federal government agencies, and local communities.

The RHS Single Family Housing Direct Loans and Grants Program (SFHDLGP) Division implements the Section 504 loan/grant program under 7 CFR part 3550 with the objective to assist very low-income owner occupants of modest single-family homes in rural areas repair or rehabilitate their homes. Loan funds are available for repairs to improve or modernize a home, make it safer or more sanitary, or remove health and safety hazards. The eligibility requirements, as described in 7 CFR 3550.103, states that homeowner must be unable to obtain affordable credit elsewhere at reasonable terms and conditions but must demonstrate a reasonable ability to repay the Section 504 loan. For homeowners 62 years old and over, grant funds are available to correct health or safety hazards, or remodel dwellings to make them accessible to a household member with a disability.

RHS may authorize limited demonstration programs to test new approaches to offering housing under the statutory authority granted to the Secretary, as set forth in 7 CFR 3550.7. Such demonstration programs may not be consistent with some of the provisions contained in this part. However, any program requirements that are statutory will remain in effect.

In 2019, the Agency initiated the Section 504 pilot program to evaluate existing regulations and remove

regulatory barriers to assist very low-income homeowners seeking to repair or rehabilitate their homes. The pilot program has been successful in creating additional opportunities and greater accessibility for eligible applicants. All but two of the waived regulatory requirements were included in the Direct Single Family Loans and Grants Programs Final rule (87 FR 6761), which became effective on March 9, 2022.

Section 504 Pilot Regulatory Waivers

The Agency is continuing the Section 504 Pilot Program with the two waivers that were not included in the Final rule (87 FR 6761), but were subsequently included in the notification of waivers (87 FR 40709) published in the **Federal Register** on July 8, 2022 (which expires on July 8, 2024). The Agency anticipates a rulemaking in the future that will codify the waivers into 7 CFR part 3550, and which will be applied program-wide.

The first waiver is that pilot applicants are not subject to the site requirement outlined in 7 CFR 3550.105(b) which states that “the site must not be large enough to be subdivided into more than one site under existing local zoning ordinances.” While pilot applicants can have subdividable sites, their homes must meet the other site requirements found in 7 CFR 3550.105(a) and the dwelling requirements found in 7 CFR 3550.106.

The second waiver is that pilot applicants are not subject to the same appraisal threshold outlined in 7 CFR 3550.111, which requires an appraisal when the Section 504 debt to be secured exceeds \$15,000 or whenever the Agency determines that an appraisal is necessary to establish the adequacy of the security. A “subject to repairs” appraisal and appraisal fee will be required when the assessed valuation by local authorities does not support a fully secured interest by the Agency, or when the sum of all secured (Rural Development or non-Rural Development) indebtedness including the proposed repair loan, exceeds \$25,000.

Eligibility Requirements

Eligible participants in the Section 504 program must abide by the requirements set forth in 7 CFR part 3550. The following twenty-three (23) States and U.S. Territories are selected to provide wide geographic and historic

production variation for the pilot: California, Hawaii, Illinois, Indiana, Iowa, Kentucky, Maine, Michigan, Mississippi, New Jersey, New Mexico, New York, North Carolina, Ohio, Oregon, Pennsylvania, Puerto Rico, South Carolina, Texas, Tennessee, Virginia, Washington, and West Virginia. If an existing borrower in a pilot state qualifies for a subsequent loan or grant, the pilot conditions can apply to the subsequent request as appropriate. Non-pilot states may request case-by-case administrative waivers (if justified) that mirror the allowances in the pilot.

Paperwork Reduction Act

The regulatory waivers for this pilot contain no new reporting or recordkeeping burdens under OMB control number 0575-0179 that would require approval under the Paperwork Reduction Act of 1995 (44 U.S.C. Chapter 35).
