Next Steps

As described above in *DATES*, the Alabama TIG will host a public webinar on July 10th, 2024, 12 p.m. CDT. to facilitate the public review and comment process. After the public comment period ends, the Alabama TIG will consider and address the comments received before issuing a final RP/EA.

Public Availability of Comments

Before including your address, phone number, email address, or other personal identifying information in your comment, you should be aware that your entire comment—including your personal identifying information—may be made publicly available at any time. While you can ask us in your comment to withhold your personal identifying information from public review, we cannot guarantee that we will be able to do so.

Administrative Record

The documents comprising the Administrative Record for the Draft RP/EA can be viewed electronically at <https://www.doi.gov/deepwaterhorizon/adminrecord> under folder 6.5.3.2.4.

Authority

The authority for this action is the Oil Pollution Act of 1990 (33 U.S.C. 2701 *et seq.*), its implementing Natural Resource Damage Assessment regulations found at 15 CFR part 990, and the National Environmental Policy Act of 1969 (42 U.S.C. 4321 *et seq.*) and its implementing regulations found at 40 CFR parts 1500–1508.

Mary Josie Blanchard,

Department of the Interior, Director of Gulf of Mexico Restoration.

DEPARTMENT OF THE INTERIOR

Bureau of Ocean Energy Management

[OMB Control Number 1010–0082; Docket ID: BOEM–2024–0007]

Agency Information Collection Activities; Leasing of Minerals Other Than Oil, Gas, and Sulphur in the Outer Continental Shelf

AGENCY: Bureau of Ocean Energy Management, Interior.

ACTION: Notice of information collection; request for comment.

SUMMARY: In accordance with the Paperwork Reduction Act of 1995, the Bureau of Ocean Energy Management (BOEM) proposes this information collection request (ICR) to renew Office of Management and Budget (OMB) control number 1010–0082.

DATES: Comments must be received by the OMB desk officer no later than July 24, 2024.

ADDRESSES: Submit your written comments on this ICR to the OMB's desk officer for the Department of the Interior at www.reginfo.gov/public/do/PRAMain. From the www.reginfo.gov/public/do/PRAMain landing page, find this information collection by selecting “Currently under Review—Open for Public Comments” or by using the search function. Please provide a copy of your comments by parcel delivery service or U.S. mail to the BOEM Information Collection Clearance Officer, Anna Atkinson, Bureau of Ocean Energy Management, 45600 Woodland Road, Sterling, Virginia 20166; or by email to anna.atkinson@boem.gov. Please reference OMB Control Number 1010–0082 in the subject line of your comments. You may also comment by searching the docket number “BOEM–2024–0007” at www.regulations.gov.

FOR FURTHER INFORMATION CONTACT:

Anna Atkinson by email at anna.atkinson@boem.gov, or by telephone at 703–787–1025. Individuals in the United States who are deaf, deafblind, hard of hearing, or have a speech disability may dial 711 (TTY, TDD, or TeleBraille) to access telecommunications relay services. Individuals outside of the United States should use the relay services offered within their country to make international calls to the point-of-contact in the United States.

SUPPLEMENTARY INFORMATION: In accordance with the Paperwork Reduction Act of 1995, BOEM provides the general public and other Federal agencies with an opportunity to

comment on new, proposed, revised, and continuing collections of information. This helps BOEM assess the impact of its information collection requirements and minimize the public's reporting burden. It also helps the public understand BOEM's information collection requirements and provide the requested data in the desired format.

Title of Collection: 30 CFR part 581, “Leasing of Minerals Other Than Oil, Gas, and Sulphur in the Outer Continental Shelf.”

Abstract: The Outer Continental Shelf (OCS) Lands Act (Act), as amended (43 U.S.C. 1334 and 43 U.S.C. 1337(k)), authorizes the Secretary of the Interior (Secretary) to administer OCS leasing and to prescribe the necessary regulations to do so. The Act authorizes the Secretary to lease any mineral other than oil, gas, and sulphur, subject to royalty, rental, and other terms and conditions that the Secretary may prescribe at the time of the lease offer.

Regulations at 30 CFR part 581 implement these statutory requirements. BOEM has not conducted any OCS leasing activity for minerals other than oil, gas, or sulphur in many years. Consequently, BOEM has not generally collected information under this part of its regulations. However, BOEM recognizes that the potential for such information collection exists under part 581. Therefore, BOEM seeks OMB renewal of the part 581 information collection.

BOEM will use the information required by 30 CFR part 581 to determine if statutory requirements are met prior to the issuance of a lease. Specifically, BOEM will use the information to:

- Evaluate the area and minerals requested by the applicant to assess the viability of offering leases for sale;
- Request States to establish a joint task force to assess the proposed action;
- Ensure excessive overriding royalty interests are not created that would put economic constraints on all parties involved;
- Document that a leasehold or geographical subdivision has been surrendered by the record title holder; and

- Determine if activities on the proposed lease area(s) will have a significant impact on the environment.

OMB Control Number: 1010–0082.

Form Number: None.

Type of Review: Extension of a currently approved information collection.

Respondents/Affected Public: As there are no active respondents, BOEM estimates the potential annual number of respondents are OCS lease requestors,

State governments, and OCS mineral lessees.

Total Estimated Number of Annual Responses: 11 responses.

Total Estimated Number of Annual Burden Hours: 1,004 hours.

Respondent's Obligation: Required to retain or obtain a benefit.

Frequency of Collection: On occasion.

Total Estimated Annual Non-hour Cost Burden: \$50 non-hour cost burden.

The current approved annual burden hours are equal to 984 hours and the annual responses are equal to 10. Tie bid requirements would involve more than one respondent, so BOEM plans to increase this by one response and 20 annual burden hours. This information collection request increases burdens to 1,004 and annual responses to 11 due to the potential of tie bids. BOEM assumed that respondents perform certain requirements in the normal course of their activities. BOEM considers such requirements to be usual and customary and took that into account in estimating the burden.

A **Federal Register** notice with a 60-day public comment period on the proposed ICR was published on March 5, 2024 (89 FR 15890). BOEM received one comment opposing leasing for minerals on the OCS. This comment does not change the purpose of or need for the ICR, nor does it affect the cost or hour burden.

BOEM is again soliciting comments on the proposed ICR. BOEM is especially interested in public comments addressing the following issues: (1) is the collection necessary to the proper functions of BOEM; (2) what can BOEM do to ensure that this information is processed and used in a timely manner; (3) is the burden estimate accurate; (4) how might BOEM enhance the quality, utility, and clarity of the information to be collected; and (5) how might BOEM minimize the burden of this collection on the respondents, including minimizing the burden through the use of information technology?

Comments that you submit in response to this notice are a matter of public record and will be available for public review on www.reginfo.gov. BOEM will include or summarize each comment in its ICR to OMB for approval of this information collection. You should be aware that your entire comment—including your address, phone number, email address, or other personally identifiable information included in your comment—may be made publicly available at any time. Even if BOEM withholds your personally identifiable information in the context of this ICR, your comment

is subject to the Freedom of Information Act (FOIA) (5 U.S.C. 552). Your information will only be withheld if a determination is made that one of the FOIA exemptions to disclosure applies. Such a determination will be made in accordance with the Department of the Interior's (DOI) FOIA implementing regulations (43 CFR part 2) and applicable law.

For BOEM to consider withholding from disclosure your personally identifiable information, you must identify, in a cover letter, any information contained in the submittal of your comments that, if released, would constitute a clearly unwarranted invasion of your personal privacy. You must also briefly describe any possible harmful consequences of the disclosure of information, such as embarrassment, injury, or other harm. BOEM will make available for public inspection, in their entirety, all comments submitted by organizations and businesses, or by individuals identifying themselves as representatives of organizations or businesses.

BOEM protects proprietary information in accordance with the Freedom of Information Act (5 U.S.C. 552), DOI's implementing regulations (43 CFR part 2), and 30 CFR part 581.7, promulgated pursuant to the Outer Continental Shelf Lands Act (OCS Lands Act) (43 U.S.C. 1352(c)).

An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid OMB control number.

The authority for this action is the Paperwork Reduction Act of 1995 (44 U.S.C. 3501 *et seq.*).

Karen Thundiyil,

Chief, Office of Regulations, Bureau of Ocean Energy Management.
