SUPPLEMENTARY INFORMATION: The standard requires employers to monitor employee exposure to beryllium and beryllium compounds, to establish and implement a written control plan, to conduct medical surveillance, to provide personal protective equipment, to train workers about the hazards faced working in and around beryllium, and to establish and maintain accurate records of worker exposure to beryllium and beryllium compounds. These records are used by employers, workers, physicians, and the Government to ensure that workers are not harmed by exposure to beryllium. For additional substantive information about this ICR, see the related notice published in the *Federal Register* on March 12, 2024 (89 FR 17882).

Comments are invited on: (1) whether the collection of information is necessary for the proper performance of the functions of the Department, including whether the information will have practical utility; (2) the accuracy of the agency’s estimates of the burden and cost of the collection of information, including the validity of the methodology and assumptions used; (3) ways to enhance the quality, utility and clarity of the information collection; and (4) ways to minimize the burden of the collection of information on those who are to respond, including the use of automated collection techniques or other forms of information technology.

This information collection is subject to the PRA. A Federal agency generally cannot conduct or sponsor a collection of information, and the public is generally not required to respond to an information collection, unless the OMB approves it and displays a currently valid OMB Control Number. In addition, notwithstanding any other provisions of law, no person shall generally be subject to penalty for failing to comply with a collection of information that does not display a valid OMB Control Number. See 5 CFR 1320.5(a) and 1320.6.

DOL seeks PRA authorization for this information collection for three (3) years. OMB authorization for an ICR cannot be for more than three (3) years without renewal. The DOL notes that information collection requirements submitted to the OMB for existing ICRs

receive a month-to-month extension while they undergo review.

NUCLEAR REGULATORY COMMISSION

[Docket Nos. 50–237 and 50–249; NRC–2024–0080]

Constellation Energy Generation, LLC; Dresden Nuclear Power Station, Units 2 and 3; Subsequent License Renewal Application

AGENCY: Nuclear Regulatory Commission.

ACTION: Opportunity to request a hearing and to petition for leave to intervene.

SUMMARY: The U.S. Nuclear Regulatory Commission (NRC) is considering an application for the subsequent license renewal of Renewed Facility Operating License Nos. DPR–19 and DPR–25, which authorize Constellation Energy Generation, LLC (CEG, the applicant) to operate Dresden Nuclear Power Station (Dresden), Units 2 and 3. The subsequent renewed licenses would authorize CEG to operate Dresden for an additional 20 years beyond the period specified in each of the current licenses. The current operating license for Dresden, Unit 2, expires December 22, 2029. The current operating license for Dresden, Unit 3, expires January 12, 2031.

DATES: A request for a hearing or petition for leave to intervene must be filed by August 23, 2024.
