

SUPPLEMENTARY INFORMATION: GSA TTS developed a mobile-friendly, accessible tool to help people fill out the National Mail Voter Registration Form online, so that the voter can print and mail the form to their state election office. This digital tool streamlines over 20 pages of state-specific instructions and provides only the instructions and fields required for people based on their state. The digital tool improves the screen reader experience and allows for a customizable display, improving the accessibility and usability of the National Mail Voter Registration Form.

The EAC will use the feedback and information received through this public comment process, along with findings of the consultation with the Chief Election Official of each state, to inform GSA of improvements to the Accessible Digital Form Filler Tool for the National Mail Voter Registration Form. Response to this request for public comment is voluntary. Please note that comments submitted in response to this Notice are public record. Before including any detailed personal information, you should be aware that your submitted comments, including your personal information, may be made available for public review.

Camden Kelliher,

Acting General Counsel, U.S. Election Assistance Commission.

DEPARTMENT OF ENERGY

Industrial Technology Innovation Advisory Committee

AGENCY: Office of Energy Efficiency and Renewable Energy, Department of Energy.

ACTION: Notice of open meeting.

SUMMARY: This notice announces an open virtual meeting of the Industrial Technology Innovation Advisory Committee (ITIAC). The Federal Advisory Committee Act requires that public notice of this meeting be announced in the **Federal Register**.

DATES: Wednesday, July 17, 2024: 12–5 p.m. EDT.

ADDRESSES: This meeting will be held virtually for ITIAC members and for members of the public. The ITIAC website will contain announcements about the meeting, including instructions for registering to attend: <https://www.energy.gov/eere/iedo/industrial-technology-innovation-advisory-committee>.

FOR FURTHER INFORMATION CONTACT: Dr. Zachary Pritchard, Industrial Efficiency and Decarbonization Office, U.S. Department of Energy, Washington, DC 20585; Telephone: (202) 246-4145 or Email: ITIAC@ee.doe.gov.

SUPPLEMENTARY INFORMATION:

Purpose of the Committee: The Industrial Technology Innovation Advisory Committee (Committee) was established pursuant to the Energy Independence and Security Act (EISA) of 2007 as amended by Public Law 116-260, and in accordance with the provisions of the Federal Advisory Committee Act (FACA), as amended, 5 U.S.C. 10. The Committee is established to advise the Secretary of Energy (Secretary) with respect to the Industrial Emissions Reductions Technology Development Program (the program) by identifying and evaluating any technologies being developed by the private sector relating to the focus areas described in section 454(c) of the EISA; identifying technology gaps in the private sector or other Federal agencies in those focus areas, and making recommendations on how to address those gaps; surveying and analyzing factors that prevent the adoption of emissions reduction technologies by the private sector; and recommending technology screening criteria for technology developed under the program to encourage adoption of the technology by the private sector.

Purpose of Meeting: ITIAC will hold this meeting to continue its work toward developing a strategic plan on how to achieve the goals of the Industrial Emissions Reductions Technology Development Program and, in consultation with the Secretary and the Director of the Office of Science Technology and Policy (Director), propose missions and goals for the program consistent with the purposes of the program described in section 454(b)(1) of the EISA.

Tentative Agenda:

- Call to Order, Introductions, Review of the Agenda
- Progress Updates
- Discussion on Next Steps
- Public Comment Period and Closing Remarks
- Adjourn

All attendees are requested to register in advance. The ITIAC website will be updated with instructions and links to register for the meeting: <https://www.energy.gov/eere/iedo/industrial-technology-innovation-advisory-committee>.

Public Participation: The ITIAC welcomes the attendance of the public at its meetings. Individuals who wish to

offer public comments at the ITIAC meeting may do so, but must register in advance by 5 p.m. Eastern time on July 15th, 2024, by sending a written request identified by “ITIAC July 2024 Meeting,” to Dr. Zachary Pritchard at ITIAC@ee.doe.gov. Approximately 15 minutes will be reserved for public comments. Time allotted per speaker will depend on the number who wish to speak but is not expected to exceed three minutes. Anyone who is not able to attend the meeting, or for whom the allotted public comments time is insufficient to address pertinent issues with the ITIAC, is invited to send a written statement identified by “ITIAC July 2024 Meeting—Written Statement,” to Dr. Zachary Pritchard at ITIAC@ee.doe.gov.

Minutes: Minutes will be posted on the ITIAC website: <https://www.energy.gov/eere/iedo/industrial-technology-innovation-advisory-committee>. They can also be obtained by contacting ITIAC@ee.doe.gov.

Signing Authority: This document of the Department of Energy was signed on June 18, 2024, by David Borak, Committee Management Officer, pursuant to delegated authority from the Secretary of Energy. That document with the original signature and date is maintained by DOE. For administrative purposes only, and in compliance with requirements of the Office of the Federal Register, the undersigned DOE Federal Register Liaison Officer has been authorized to sign and submit the document in electronic format for publication, as an official document of the Department of Energy. This administrative process in no way alters the legal effect of this document upon publication in the **Federal Register**.

BILLING CODE 6450-01-P

DEPARTMENT OF ENERGY

[GDO Docket No. EA-513]

Application for Authorization To Export Electric Energy; Altop Energy Trading, LLC

AGENCY: Grid Deployment Office, Department of Energy.

ACTION: Notice of application.

SUMMARY: Altop Energy Trading, LLC (the Applicant) has applied for authorization to transmit electric energy

from the United States to Canada pursuant to the Federal Power Act.

DATES: Comments, protests, or motions to intervene must be submitted on or before July 25, 2024.

ADDRESSES: Comments, protests, motions to intervene, or requests for more information should be addressed by electronic mail to Electricity.Exports@hq.doe.gov.

FOR FURTHER INFORMATION CONTACT: Janessa Zucchetto, (240) 474-8226, Electricity.Exports@hq.doe.gov.

SUPPLEMENTARY INFORMATION: The United States Department of Energy (DOE) regulates electricity exports from the United States to foreign countries in accordance with section 202(e) of the Federal Power Act (FPA) (16 U.S.C. 824a(e)) and regulations thereunder (10 CFR 205.300 *et seq.*). Sections 301(b) and 402(f) of the DOE Organization Act (42 U.S.C. 7151(b) and 7172(f)) transferred this regulatory authority, previously exercised by the now-defunct Federal Power Commission, to DOE.

Section 202(e) of the FPA provides that an entity which seeks to export electricity must obtain an order from DOE authorizing that export (16 U.S.C. 824a(e)). On April 10, 2023, the authority to issue such orders was delegated to the DOE's Grid Deployment Office (GDO) under Delegation Order No. S1-DEL-S3-2023 and Redelegation Order No. S3-DEL-GD1-2023.

On May 1, 2024, Altop Energy Trading LLC filed an application for authorization to transmit electric energy from the United States to Canada for a term of five years. App. at 1.

According to the Application, "Altop Energy Trading LLC is a Delaware Limited Liability Company with its principal place of business in Houston, TX." *Id.* The Applicant states that it is "engaged in the trading and marketing of both financial and physical electricity in the wholesale power markets in North America." *Id.* Further, the Applicant states that it has market-based rate authority from the Federal Energy Regulatory Commission. *Id.* Altop Energy Trading LLC states it "does not own or operate any electric distribution or transmission facilities" and "does not own or operate any generation assets." *Id.* Additionally, the Applicant represents that the energy to be exported will be surplus to the needs of selling entities and that its exports "will not impair the reliability of the grid." *Id.* at 2.

The existing international transmission facilities to be utilized by the Applicant have been previously authorized by Presidential permits

issued pursuant to Executive Order 10485, as amended, and are appropriate for open access transmission by third parties. See App. at Exhibit C.

Procedural Matters: Any person desiring to be heard in this proceeding should file a comment or protest to the Application at Electricity.Exports@hq.doe.gov. Protests should be filed in accordance with Rule 211 of Federal Energy Regulatory Commission's (FERC's) Rules of Practice and Procedure (18 CFR 385.211). Any person desiring to become a party to this proceeding should file a motion to intervene at Electricity.Exports@hq.doe.gov in accordance with FERC Rule 214 (18 CFR 385.214).

Comments and other filings concerning Altop Energy Trading LLC's Application should be clearly marked with GDO Docket No. EA-513. Additional copies are to be provided directly to Gebre-Egziabher Gebre, Altop Energy Trading LLC, 440 Louisiana Street, Suite 575, Houston TX 77002, gebre.gebre@altopenenergy.com.

A final decision will be made on the requested authorization after the environmental impacts have been evaluated pursuant to DOE's National Environmental Policy Act Implementing Procedures (10 CFR part 1021) and after DOE evaluates whether the proposed action will have an adverse impact on the sufficiency of supply or reliability of the United States electric power supply system.

Copies of this Application will be made available, upon request, by accessing the program website at <https://www.energy.gov/gdo/pending-applications-0> or by emailing Electricity.Exports@hq.doe.gov.

Signing Authority: This document of the Department of Energy was signed on June 18, 2024, by Maria Robinson, Director, Grid Deployment Office, pursuant to delegated authority from the Secretary of Energy. That document with the original signature and date is maintained by DOE. For administrative purposes only, and in compliance with requirements of the Office of the Federal Register, the undersigned DOE Federal Register Liaison Officer has been authorized to sign and submit the document in electronic format for publication, as an official document of the Department of Energy. This administrative process in no way alters the legal effect of this document upon publication in the **Federal Register**.

Signed in Washington, DC, on June 20, 2024.
