m. *Description of Request*: Isabella Partners requests approval for a capacity amendment to the license for the Isabella Hydroelectric Project. Isabella Partners proposes to construct and operate a new 5-megawatt (MW) generating unit which would be located in a new 40-foot-by-45-foot concrete structure adjacent to the existing powerhouse. This would result in an increase of the installed capacity from 12.8 MW to 17.8 MW. Currently, flows greater than the 100 cubic feet per second (cfs) capacity of Unit 3 and less than the 500 cfs minimum operating range of Units 1 and 2 are discharged through the existing bypass channel. The proposed 5–MW addition (Unit 4) would allow Isabella Partners to generate power at flows between 100 and 500 cfs. Water released from the proposed unit would be discharged through the existing tailrace. Isabella Partners would continue to operate the Project under the 1993 Army Corps of Engineers Memorandum of Agreement and there would be no changes in water releases to the Kern River as a result of the proposed action.

Records Governing Off-the-Record Communications; Public Notice

This constitutes notice, in accordance with 18 CFR 385.2201(b), of the receipt of prohibited and exempt off-the-record communications.

Order No. 607 (64 FR 51222, September 22, 1999) requires Commission decisional employees, who make or receive a prohibited or exempt off-the-record communication relevant to the merits of a contested proceeding, to deliver to the Secretary of the Commission, a copy of the communication, if written, or a summary of the substance of any oral communication.

Prohibited communications are included in a public, non-decisional file associated with, but not a part of, the decisional record of the proceeding. Unless the Commission determines that the prohibited communication and any responses thereto should become a part of the decisional record, the prohibited off-the-record communication will not be considered by the Commission in reaching its decision. Parties to a proceeding may seek the opportunity to respond to any facts or contentions made in a prohibited off-the-record communication and may request that the Commission place the prohibited communication and responses thereto in the decisional record. The Commission will grant such a request only when it determines that fairness so requires. Any person identified below as having made a prohibited off-the-record communication shall serve the document on all parties listed on the official service list for the applicable proceeding in accordance with Rule 2010, 18 CFR 385.2010.

Exempt off-the-record communications are included in the decisional record of the proceeding, unless the communication was with a cooperating agency as described by 40 CFR 1501.6, made under 18 CFR 385.2201(e)(1)(v).
