

available at <https://www.cisa.gov/forms/report>. CISA collects cyber threat indicators and defensive measures in accordance with the requirements of the Cybersecurity Information Sharing Act of 2015 through CISA's Cyber Threat Indicator and Defensive Measure Submission System, <https://www.cisa.gov/forms/share-indicators>. CISA shares cyber threat indicators and defensive measures it receives with certain federal entities in an automated and real-time manner. 6 U.S.C. 1504(c).

By accepting incident reports and feedback, and interacting among federal agencies, industry, the research community, state and local governments, and others to disseminate reasoned and actionable cybersecurity information to the public, CISA has provided a way for citizens, businesses, and other institutions to communicate and coordinate directly with the Federal Government about cybersecurity. The information is collected via the following forms:

1. The Incident Reporting Form, DHS Cyber Threat Indicator and Defensive Measure Submission System, and Malware Analysis Submission Form enable end users to report incidents and indicators as well as submit malware artifacts associated with incidents to CISA. This information is used by DHS to conduct analyses and provide warnings of system threats and vulnerabilities, and to develop mitigation strategies as appropriate. These forms also request the user's name, email address, organization, and infrastructure sector. The primary purpose for the collection of this information is to allow DHS to contact requestors regarding their request.

2. The Mail Lists Form enables end users to subscribe to the National Cyber Awareness System's mailing lists, which deliver the content of and links to CISA's information sharing products. The user must provide an email address in order to subscribe or unsubscribe, though subscribing or unsubscribing are optional. The primary purpose for the collection of this information is to allow DHS to contact requestors regarding their request.

3. The Cyber Security Evaluation Tool (CSET) Download Form, which requests the name, email address, organization, infrastructure sector, country, and intended use of those seeking to download the CSET. All requested fields are optional. The primary purpose for the collection of this information is to allow DHS to contact requestors regarding their request.

Web form submission is also used as the collection method for the other forms listed. In addition to web-based

electronic forms, information may be collected through email or telephone. These methods enable individuals, private sector entities, personnel working at other federal or state agencies, and international entities, including individuals, companies and other nations' governments to submit information.

This information collection request is a renewal of an existing collection of information. There are minor changes to the forms, questions, or other collection instruments. These changes reflect the addition of questions for reporting purposes. With this renewal, CISA is replacing the current Advanced Malware Analysis Capability (AMAC) submission form with the Malware Analysis Submission Form ("Malware Next-Gen"), but that form's questions will not change. CISA is also updating the Incident Reporting Form by removing one question, modifying some of the existing questions, and adding questions in order to both improve user experience and help the agency efficiently categorize incident reporting data. To review the developmental digital copy of this updated information collection, please contact the POC listed above in this notice request.

This collection of information will not have a significant economic impact on a substantial number of small entities. Due to increases in wage rates, the changes to the collection since the previous OMB approval include updated burden and cost estimates. The annual burden cost increased by \$42,540, from \$543,401 to \$585,941. The annual government cost increased by \$610,548, from \$1,886,112 to \$2,496,660.

The Office of Management and Budget is particularly interested in comments which:

1. Evaluate whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility;

2. Evaluate the accuracy of the agency's estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used;

3. Enhance the quality, utility, and clarity of the information to be collected; and,

4. Minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology,

e.g., permitting electronic submissions of responses.

BILLING CODE 9111-LF-P

DEPARTMENT OF HOUSING AND URBAN DEVELOPMENT

[Docket No. FR-7083-N-02]

60-Day Notice of Proposed Information Collection; Affirmative Fair Housing Marketing Plan—HUD 935.2A, HUD 935.2B, and HUD 935.2C; OMB Control Number: 2529-0013

AGENCY: Office of the Assistant Secretary for Fair Housing and Equal Opportunity, HUD.

ACTION: Notice.

SUMMARY: This notice solicits public comment for a period of 60 days, consistent with the Paperwork Reduction Act of 1995 (PRA), on the Affirmative Fair Housing Marketing Plan (AFHMP) forms. The AFHMP forms collect information on the advertising and outreach activities of owners/developers of HUD Multifamily, Single Family, and Condominium/Cooperative Housing projects to attract applicants/buyers that are least likely to apply due to their race, color, national origin, religion, sex (including sexual orientation and gender identity), disability, or familial status. The purpose of this notice is to allow for 60 days of public comment.

DATES: *Comment Due Date:* August 26, 2024.

ADDRESSES: Interested persons are invited to submit comments regarding this notice to Colette Pollard, Reports Management Officer, REE, Department of Housing and Urban Development, 451 7th Street SW, Room 8120, Washington, DC 20410. Communications must refer to the above docket number and title. There are two methods for submitting public comments.

1. *Submission of Comments by Mail.* Comments may be submitted by mail to Colette Pollard, REE, Department of Housing and Urban Development, 451 7th Street SW, Room 8120, Washington, DC 20410;

2. *Electronic Submission of Comments.* Interested persons may submit comments electronically through the Federal eRulemaking Portal at www.regulations.gov. HUD strongly encourages commenters to submit comments electronically. Electronic submission of comments allows the commenter maximum time to prepare and submit a comment, ensures timely receipt by HUD, and enables HUD to make them immediately available to the public. Comments submitted electronically through the www.regulations.gov website can be viewed by other commenters and interested members of the public. Commenters should follow the instructions provided on that site to submit comments electronically.

Note: To receive consideration as public comments, comments must be submitted through one of the two methods specified above. Again, all submissions must refer to the docket number and title of the notice. Facsimile (FAX) comments are not acceptable.

FOR FURTHER INFORMATION CONTACT: Jacy Gaige, Acting Director, Office of Enforcement, Office of Fair Housing and Equal Opportunity, Department of Housing and Urban Development, 451 7th Street SW, Room 7272, Washington, DC 20410; telephone (202) 402-1481 (This is not a toll-free number). HUD welcomes and is prepared to receive calls from individuals who are deaf or hard of hearing, as well as individuals with speech or communication disabilities. To learn more about how to make an accessible telephone call, please visit <https://www.fcc.gov/consumers/guides/telecommunications-relay-service-trs>.

SUPPLEMENTARY INFORMATION: This notice informs the public that HUD is seeking approval from OMB for the

information collection described in Section A.

A. Overview of Information Collection

Title of Information Collection: Affirmative Fair Housing Marketing Plan—HUD 935.2A, HUD 935.2B, and HUD 935.2C.

OMB Approval Number: 2529-0013.
Type of Request: Revision of a currently approved collection.

Form Number: HUD 935.2A, HUD 935.2B, HUD 935.2C.

Description of the need for the information and proposed use:

HUD is requesting that the OMB approve the revision of forms: HUD-935.2A Affirmative Fair Housing Marketing Plan—Multifamily Housing, HUD-935.2B Affirmative Fair Housing Marketing Plan—Single Family Housing, and HUD-935.2C Affirmative Fair Housing Marketing Plan—Condominiums or Cooperatives. These forms assist HUD in fulfilling its duty under the Fair Housing Act to administer its programs and activities relating to housing and urban development in a manner that affirmatively furthers fair housing, by promoting a condition in which individuals of similar income levels in the same housing market area have available a like range of housing choices, regardless of race, color, national origin, religion, sex (including sexual orientation and gender identity), disability, or familial status. These forms assist HUD grantees and insured housing with their compliance with the Fair Housing Act and other civil rights requirements. This collection also promotes compliance with Executive Order 11063, which requires Federal agencies to take all necessary and appropriate action to prevent discrimination in federally insured and subsidized housing. Under the Affirmative Fair Housing Marketing Regulations (24 CFR part 200, subpart M), an AFHMP must be submitted by all applicants for participation in Federal Housing Administration (FHA) subsidized and unsubsidized housing programs that involve the development or rehabilitation of the following types of housing: (1) multifamily projects or manufactured home parks of five or more lots, units, or spaces; (2) a single family property, where the property is located in a subdivision and the builder or developer intends to sell five or more properties in the subdivision, and a lender is making an initial application for mortgage insurance; or (3) dwelling units, when the applicant's participation in FHA housing programs had exceeded or would thereby exceed

the development of five or more of such dwelling units during the year preceding the application (not counting the development of single family dwelling units for occupancy by a mortgagor on property owned by the mortgagor and in which the applicant had no interest prior to entering into the contract for construction or rehabilitation). The regulations require applicants to submit the AFHMP on a form prescribed by the Department (*i.e.*, HUD-935A; HUD-935B and HUD 935-C). If this information was not collected, it would prevent HUD from ensuring compliance with affirmative fair housing marketing requirements.

HUD is revising the HUD-935.2A to clarify the instructions involving marketing activities and reduce the need to provide information that has already been reported to HUD. The revision also substantially reduces the burden hours of completing the form using Microsoft Excel to automate the retrieval of project demographics and geocoded Census data once users enter an existing nine-digit Property ID.

Respondents: Applicants for FHA subsidized and unsubsidized housing programs.

Estimated Number of Respondents: 5,703 For the HUD 935.2A: On an annual basis, there are approximately 303 respondents that submit new plans and 1,080 respondents that review their existing plans and submit updated plans. There are 4,320 respondents who will review their AFHMP and determine that it does not need to be submitted for HUD approval.

For HUD 935.2B & C: On an annual basis, there are approximately 30 respondents that submit new plans.

Estimated Number of Responses: 5,733.

Frequency of Response: 1 per annum.

Average Hours per Response: The average hours per response is 2.7 hours. (For HUD-935.2A, the hours per response are: 4 hours (new plans) and 2 hours (to review and update plans. Census data needed for updates are now automated) and 2 hours (review only, *i.e.*, those who review and determine that an update is not needed). For HUD-935.2B & C, the hours per response is 3 hours (average hours between those that will certify that they do not need to complete the form and those that will complete the form).

Total Estimated Burden: 12,102 hours.

Solicitation of Public Comment

In accordance with 5 CFR 1320.8(d)(1), HUD is specifically soliciting comment from members of the public and affected parties concerning the collection of information described in Section A on the following:

(1) Whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility;

(2) The accuracy of the agency’s estimate of the burden of the proposed collection of information;

(3) Ways to enhance the quality, utility, and clarity of the information to be collected; and

(4) Ways to minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated collection techniques or other forms of information technology, *e.g.*, permitting electronic submission of responses.

HUD encourages interested parties to submit comments in response to these questions.

 Director of Program Standards and Compliance, Office of Fair Housing and Equal Opportunity.
