[Docket No. FR-7092-N-33]

Privacy Act of 1974; System of Records

AGENCY: Office of Administration, HUD.

ACTION: Notice of a new system of records.

SUMMARY: Under the Privacy Act of 1974, as amended, the Department of Housing and Urban Development (HUD), Office of Administration is issuing a public notice of its intent to establish a Privacy Act System of Records titled "Freedom Of Information Act (FOIA) Management System (FMS2)". The FMS2 tracking system will provide HUD with the ability to collect information and inquiries directly from the public and provide responses. HUD will use FMS2 to monitor the status of internal and external FOIA requests, which helps to run a robust and effective FOIA tracking system by offering the ability to prioritize and expedite incoming requests.

DATES: Comments will be accepted on or before July 29, 2024. This proposed action will be effective on the date following the end of the comment period unless comments are received which result in a contrary determination.

SUPPLEMENTARY INFORMATION: HUD, Office of Administration maintains the FOIA Management System (FMS2). This system allows HUD to collect information, and inquiries directly from the public through the Public Access Link (PAL), reducing the workload while increasing response times. The FOIA Management system will link, store, and analyze data collected through the PAL link. The Department uses this information to provide responses specific to the inquiries. These records may help streamline and make more efficient the processing of requests and FOIA processes, while ensuring compliance with applicable laws and regulations, including confidentiality requirements protecting the information individuals submit in support of their request or claims in the FOIA inquiry process. Individuals can also submit their FOIA request via PAL.
