

and continuing collections of information. This helps us assess the impact of our information collection requirements and minimize the public's reporting burden. It also helps the public understand our information collection requirements and provide the requested data in the desired format.

We are soliciting comments on the proposed ICR that is described below. We are especially interested in public comment addressing the following issues: (1) is the collection necessary for the proper functions of the NPS; (2) will this information be processed and used in a timely manner; (3) is the estimate of burden accurate; (4) how might the NPS enhance the quality, utility, and clarity of the information to be collected; and (5) how might the NPS minimize the burden of this collection on the respondents, including through the use of information technology.

Comments that you submit in response to this notice are a matter of public record. We will include or summarize each comment in our request to OMB to approve this ICR. Before including your address, phone number, email address, or other personal identifying information in your comment, you should be aware that your entire comment—including your personal identifying information—may be made publicly available at any time. While you can ask us in your comment to withhold your personal identifying information from public review, we cannot guarantee that we will be able to do so.

Abstract: The Lower Mississippi Delta Initiatives (LMDI) authorizes the Department of the Interior to establish within the National Park Service (NPS) a program to award grants to qualified tribal, governmental, and non-governmental entities and individuals to assist the Secretary in the preservation of regional culture and history, and the enhancement of educational and other recreational opportunities for delta residents. The Secretary is further authorized to award grants and provide other types of technical and financial assistance to the aforementioned entities and individuals to conserve and protect historic and archeological sites and structures in the Delta Region.

As part of this effort, sites, facilities, programs, or properties applying for inclusion in the Network we are requesting OMB to approve the following collections: 10–2020 LMDI *Local Heritage Grants Application*, and 10–2020A LMDI *Budget and Funding Form*. Both will be used by the NPS and Jefferson National Parks Association (JNPA) to determine eligibility. Grant

recipients will be required to submit a *Midway and Annual Report*.

Title of Collection: Application for the National Park Service Lower Mississippi Delta Initiative (LMDI).

OMB Control Number: 1024–NEW.

Form Number: 10–2020 LMDI *Local Heritage Grants Application*, 10–2020A LMDI *Budget and Funding Form*, Midway and Final Reports.

Type of Review: New.

Respondents/Affected Public: State, Local, or Tribal Government and Not-for-profit institutes.

Total Estimated Number of Annual Respondents: 10.

Total Estimated Number of Annual Responses: 40.

Estimated Completion Time per Response: 8 hours per application, form, or report.

Total Estimated Number of Annual Burden Hours: 320 hours.

Respondent's Obligation: Voluntary.

Frequency of Collection: One time per respondent.

Total Estimated Annual Nonhour Burden Cost: None.

An agency may not conduct or sponsor nor is a person required to respond to a collection of information unless it displays a currently valid OMB control number. The authority for this action is the Paperwork Reduction Act of 1995 (44 U.S.C. 3501 *et seq.*).

Phadrea Ponds,

*Information Collection Clearance Officer,
National Park Service.*

Agency Information Collection Activities; Big Thicket National Preserve Hunting and Trapping Harvest Cards

AGENCY: National Park Service, Interior.

ACTION: Notice of information collection; request for comment.

SUMMARY: In accordance with the Paperwork Reduction Act of 1995 we, the National Park Service (NPS), are proposing a new information collection.

DATES: Interested persons are invited to submit comments on or before August 27, 2024.

ADDRESSES: Written comments on this information collection request (ICR) can be sent to the NPS Information

Collection Clearance Officer (ADIR–ICCO), 13461 Sunrise Valley Drive, (MS 244) Herndon, VA 20171 (mail); or phadrea_ponds@nps.gov (email). Please reference Office of Management and Budget (OMB) Control Number “1024–NEW (BITH Hunting Report)” in the subject line of your comments.

FOR FURTHER INFORMATION CONTACT: To request additional information about this ICR, contact Megan Urban, Chief of Interpretation and Education, at megan_urban@nps.gov (email) or 409–554–9016 (telephone). Please reference OMB Control Number “1024–NEW (BITH Hunting Report)” in the subject line of your comments. Individuals in the United States who are deaf, deafblind, hard of hearing, or have a speech disability may dial 711 (TTY, TDD, or TeleBraille) to access telecommunications relay services. Individuals outside the United States should use the relay services offered within their country to make international calls to the point of contact in the United States.

SUPPLEMENTARY INFORMATION: In accordance with the Paperwork Reduction Act of 1995 (PRA, 44 U.S.C. 3501 *et seq.*) and 5 CFR 1320.8(d)(1), we provide the general public and other Federal agencies with an opportunity to comment on new, proposed, revised, and continuing collections of information. This helps us assess the impact of our information collection requirements and minimize the public's reporting burden. It also helps the public understand our information collection requirements and provide the requested data in the desired format.

We are soliciting comments on the proposed ICR that is described below. We are especially interested in public comment addressing the following issues: (1) is the collection necessary for the proper functions of the NPS; (2) will this information be processed and used in a timely manner; (3) is the estimate of burden accurate; (4) how might the NPS enhance the quality, utility, and clarity of the information to be collected; and (5) how might the NPS minimize the burden of this collection on the respondents, including through the use of information technology.

Before including your address, phone number, email address, or other personal identifying information in your comment, you should be aware that your entire comment—including your personal identifying information—may

be made publicly available at any time. While you can ask us in your comment to withhold your personal identifying information from public review, we cannot guarantee that we will be able to do so.

Abstract: Big Thicket National Preserve (BITH) enabling legislation states that “The Secretary shall permit hunting, fishing, and trapping on lands and waters under their jurisdiction within the preserve following the applicable laws of the United States and the State of Texas.” Special Use Regulations for hunting and trapping in the Preserve was published in the **Federal Register** (48 FR 30296) on June 30, 1983, effective October 3, 1983. These regulations, found at 36 CFR 7.85, provide for proper use, management, government, public safety, and visitor enjoyment of hunting and trapping on Preserve lands. One of the goals in the draft Hunting and Trapping plan for Big Thicket is to “Provide the Preserve with a mechanism for tracking population trends using harvest records and to establish trigger points when additional survey methods should be used to document major shifts of game species populations.” This information will be collected using harvest cards.

Title of Collection: Big Thicket National Preserve Hunting and Trapping Harvest Cards.

OMB Control Number: 1024–NEW.

Form Number: None.

Type of Review: New.

Respondents/Affected Public: Individuals and Households.

Total Estimated Number of Annual Responses: 18,456.

Estimated Completion Time per Response: 5 mins.

Total Estimated Number of Annual Burden Hours: 1,538 hrs.

Respondent's Obligation: Required to obtain or retain benefits.

Frequency of Collection: One-time.

Total Estimated Annual Nonhour Burden Cost: None.

INTERNATIONAL TRADE COMMISSION

[Investigation No. 337–TA–1118 (Remand)]

Certain Movable Barrier Operator Systems and Components Thereof; Notice of a Commission Determination To Review a Remand Initial Determination on Second Remand Order; Request for Written Submissions on Remedy, the Public Interest, and Bond

AGENCY: International Trade Commission.

ACTION: Notice.

SUMMARY: Notice is hereby given that the U.S. International Trade Commission (the “Commission”) has determined to review a Remand Initial Determination on Second Remand Order (“Second RID”) finding that complainant The Chamberlain Group, Inc. (“Chamberlain”) has satisfied the economic prong of the domestic industry requirement with respect to U.S. Patent No. 8,587,404 (“the ‘404 patent”). The Commission requests written submissions from the parties, interested government agencies, and other interested persons on the issues of remedy, the public interest, and bond, under the schedule set forth below.

FOR FURTHER INFORMATION CONTACT: Carl P. Bretscher, Office of the General Counsel, U.S. International Trade Commission, 500 E Street SW, Washington, DC 20436, telephone (202) 205–2382. Copies of non-confidential documents filed in connection with this investigation may be viewed on the Commission’s electronic docket system (“EDIS”) at <https://edis.usitc.gov>. For help accessing EDIS, please email EDIS3Help@usitc.gov. General information concerning the Commission may also be obtained by accessing its internet server at <https://www.usitc.gov>. Hearing-impaired persons are advised that information on this matter can be obtained by contacting the Commission’s TDD terminal, telephone (202) 205–1810.

SUPPLEMENTARY INFORMATION: The Commission instituted this investigation on June 11, 2018, based on a complaint, as supplemented, filed by Chamberlain of Oak Brook, Illinois. 83 FR 27020–21 (June 11, 2018). The complaint alleges a violation of section 337 of the Tariff Act of 1930, as amended, 19 U.S.C. 1337 (“section 337”) by way of importing, selling for importation, or selling in the United States after importation certain movable barrier operator systems that allegedly infringe one or more of the asserted claims of the ‘404 patent, U.S.

Patent Nos. 7,755,223 (“the ‘223 patent”), and 6,741,052 (“the ‘052 patent”). *Id.* The Commission’s notice of investigation named Nortek Security & Control, LLC of Carlsbad, California (presently doing business as Nice North America LLC); Nortek, Inc. of Providence, Rhode Island; and GTO Access Systems, LLC of Tallahassee, Florida (collectively, “Nortek”) as respondents. *Id.* The complaint further alleged the existence of a domestic industry. The Office of Unfair Import Investigations was not named as a party to this investigation. *See id.*

On November 25, 2019, the presiding administrative law judge (“ALJ”) issued two initial determinations (“IDs”). First, the ALJ issued Order No. 38, granting Chamberlain’s motion for summary determination that it satisfied the economic prong of the domestic industry requirement (“DI economic prong”). Order No. 38 (Nov. 25, 2019). Second, the ALJ issued a final ID (“FID”) on violation, as well as a recommended determination (“RD”) on remedy and bond. The FID finds no violation of section 337 because: (i) Nortek did not infringe claim 11 of the ‘404 patent; (ii) Nortek did not infringe the ‘223 patent and Chamberlain did not satisfy the technical prong of the domestic industry requirement (“DI technical prong”) for that patent; and (iii) asserted claim 1 of the ‘052 patent is invalid as obvious. FID at 1, 286–87. The RD recommends issuing a limited exclusion order (“LEO”) and cease-and-desist orders (“CDO”) against Nortek and setting the bond at 100 percent during the period of Presidential review, if the Commission finds that Nortek violated section 337. *Id.* at 280, 282, 286.

The parties did not file any submissions pursuant to Commission Rule 210.50(a)(4), 19 CFR 210.50(a)(4). The Commission also received no submissions in response to its notice soliciting comments from the public on impacts on the public interest should the recommended relief be granted. 84 FR 70998–999 (Dec. 26, 2019). On April 22, 2020, the Commission determined to review and, on review, to adopt the FID’s no-violation finding for the ‘404 patent, which was based on a narrow construction of “movable barrier operator” that excluded the wall station from its scope. Comm’n Notice at 3 (Apr. 22, 2020). The Commission determined to review and ultimately took no position on the FID’s finding that Nortek failed to prove by clear and convincing evidence that claim 11 of the ‘404 patent is abstract and thus patent-ineligible under 35 U.S.C. 101. At the same time, the Commission vacated
