POLICIES AND PRACTICES FOR STORAGE OF RECORDS:

Paper and other hard-copy records are stored in secured areas within CLPT offices. Electronic records are stored in secure file-servers on secure private cloud-based systems that are connected only to a government network.

POLICIES AND PRACTICES FOR RETRIEVAL OF RECORDS:

Records may be retrieved by name or case number. Information may be retrieved from this system of records by automated or hand search based on existing indices and automated capabilities utilized in the normal course of business. All searches of this system of records will be performed in accordance with Executive Order 14086.

Pursuant to 44 U.S.C. 3303a(d) and 36 CFR chapter 12, subchapter B, part 1226—Implementing Disposition, records will be disposed of according to the National Archives and Records Administration's General Records Schedule item 4.2 065, Privacy Complaint Records.

ADMINISTRATIVE, TECHNICAL, AND PHYSICAL SAFEGUARDS:

Information in this system is safeguarded in accordance with prescribed administrative, physical, and technical safeguards. Records are maintained in a secure government facility with access to the facility limited to authorized personnel and authorized, escorted visitors. Physical security protections include guards who review individual's badges prior to their entry being permitted into the facility and locked individual offices requiring badges for entry and the use of access codes to open and close the offices daily. Records are accessed only by authorized government personnel using passwords that must meet strict security protocols and who hold appropriate security clearances, whose official duties require access to the records, and who have had ODNI's required annual training to obtain access to the computer systems, including privacy training and computer security training. Communications are encrypted where required and other safeguards are in place to monitor and audit access and to detect intrusions. System backup is maintained separately.

RECORD ACCESS PROCEDURES:

Particular records in this system have been exempted from certain notification, access, and amendment procedures. A request for access to non-exempt records shall be made in writing with the envelope and letter clearly marked "Privacy Act Request." Each request must provide the requester's full name and complete address. The requester must sign the request and have it verified by a notary public. Alternately, the request may be submitted under 28 U.S.C. 1746, certifying the requester's identity and acknowledging that obtaining records under false pretenses constitutes a criminal offense. Requests for access to information must be addressed to the Director, Information Management, Office of the Director of National Intelligence, Washington, DC 20511. Regulations governing access to one's records or for appealing an initial determination concerning access to records are contained in the ODNI regulation implementing the Privacy Act.

NOTIFICATION PROCEDURES:

Certain records in this system are exempt from certain notification, access, and amendment procedures. Individuals seeking to learn whether this system contains non-exempt information about them should address their inquiries to ODNI at the address and according to the requirements set forth above under the heading "Record Access Procedures."

EXEMPTIONS CLAIMED FOR THE SYSTEM:

Records alleging violations of civil liberties or privacy arising from the programs and activities of ODNI or IC elements, including those records generated pursuant to the processes of Executive Order 14086's redress mechanism, retain their existing exemption from the requirements of subsections (c)(3);(d)(1), (2), (3), (4); (e)(1) and (e)(4)(G), (H), (I); and (f) of the Privacy Act pursuant to 5 U.S.C. 552a(k)(1), (k)(2), and (k)(5). Records may be exempted from these subsections or additionally from the requirements of subsections (c)(4); (e)(2), (3), (5), (8), (12); and (g) of the Privacy Act consistent with any exemptions claimed under 5 U.S.C. 552a(j) or (k) by the originator of the record, provided the reason for the exemption remains valid and necessary.

BILLING CODE 9500-01-P

OFFICE OF THE DIRECTOR OF NATIONAL INTELLIGENCE

Privacy Act of 1974; System of Records

AGENCY: Office of the Director of National Intelligence (ODNI), National Counterintelligence and Security Center (NCSC).

ACTION: Notice of a modified system of records.

SUMMARY: ODNI provides notice of a modified Privacy Act system of records at the NCSC. This notice modifies the system of records ODNI/NCSC-003, Continuous Evaluation Records. This modified notice is necessary to inform the public of revisions to the notice summary; supplementary information; system management; authority for maintenance of the system; purpose of the system; categories of individuals covered by the system; categories of records in the system; record source categories; routine uses of records maintained in the system; policies and

practices for storage of records; policies and practices for retrieval of records; and policies and practices for retention and disposal of records. This modified notice for ODNI/NCSC–003, Continuous Evaluation Records, incorporates requirements established by Executive Order (E.O.) 13467, as amended. These updates to this notice complement efforts of Continuous Vetting (CV), a program under the E.O. which entails reviewing the background of a covered individual at any time to determine whether that individual continues to meet applicable requirements. Continuous Evaluation (CE) was developed to reduce risk by using automated records checks to generate alerts of potential security concerns on an individual between periodic reinvestigations. CV is a more robust approach that builds upon the automated records checks of CE and adds other agency-specific information and investigative activity as necessary.

DATES: Comments on this proposed modified system of records must be submitted by July 25, 2024. This modified System of Records Notice will go into effect thirty days after the date of publication in the **Federal Register**, unless changes are required as a result of public comment, per OMB A–108, Section 6(e).

ADDRESSES: You may submit comments by any of the following methods:
Federal eRulemaking Portal: <http://www.regulations.gov>.

Mail: Director, Information Management Office, Chief Operating Officer, Office of the Director of National Intelligence (ODNI), Washington, DC 20511.

SUPPLEMENTARY INFORMATION: Updates to ODNI/NCSC–003, Continuous Evaluation Records, include (1) expanding the population of individuals covered by the system to encompass all covered individuals as defined by E.O. 13467, as amended; (2) adding personnel vetting surveys as a data source for enrollees; and (3) adding a new routine use for disclosure of records for oversight purposes to the Suitability and Credentialing Executive Agent programs, or successor programs, in the Office of Personnel Management. This SORN also includes select routine uses published in the ODNI rule implementing the Privacy Act subpart C of ODNI’s Privacy Act Regulation published at 32 CFR part 1701 (73 FR 16531, 16541).

E.O. 13467, as amended, requires all covered individuals to be subject to CV under standards as determined by the Security Executive Agent and the Suitability and Credentialing Executive Agent. The E.O. also requires alignment using consistent standards, to the extent possible, of executive branch vetting policies and procedures relating to (1) eligibility for access to classified information; (2) eligibility to hold a sensitive position; (3) suitability; (4) contractor or Federal employee fitness; and (5) authorization to be issued a Federal credential for access to federally controlled facilities and information systems.

Previously, the categories of individuals covered by the system only included executive branch employees, detailees, contractors, and other sponsored individuals determined to be eligible for access to classified information; eligible to hold a sensitive position; and applicants seeking employment with the executive branch in a position that requires a determination of eligibility for access to classified information or to hold a sensitive position. Individuals who held or applied for non-sensitive positions in the executive branch completed an initial vetting process and were subject to periodic reinvestigations, where applicable, but did not undergo CV. With the issuance of this SORN revision, the category of individuals covered by ODNI/NCSC–003, Continuous Evaluation Records, has been expanded to include individuals who hold or who applied for non-sensitive positions in the executive branch.

E.O. 13467, as amended, defines covered individual as “a person who performs, or who seeks to perform, work for or on behalf of the executive branch (e.g., Federal employee, military member, or contractor), or otherwise interacts with the executive branch such that the individual must undergo vetting, but does not include: (i) the President or (except to the extent otherwise directed by the President) employees of the President under section 105 or 107 of Title 3, United States Code; or (ii) the Vice President or (except to the extent otherwise directed by the Vice President) employees of the Vice President under section 106 of Title 3 or annual legislative branch appropriations acts.” The inclusion of all covered individuals, as defined by E.O. 13467, as amended, in the category of individuals covered by ODNI/NCSC–003, Continuous Evaluation Records, permits the use of automated records checks available through the system to fulfill the requirements of CV

established by the Federal Personnel Vetting Investigative Standards. Additionally, the inclusion of all covered individuals, as defined by E.O. 13467, as amended, in the category of individuals covered by the system enhances national security, promotes greater mobility amongst the trusted workforce, and ensures department and agency (D/A) compliance with applicable laws and vetting-related policies.

ODNI/NCSC–003, Continuous Evaluation Records, retains the covered individual’s enrollment information, which includes personal identifiers provided by the subscribing agency to facilitate ongoing automated records checks for enrollees, as well as other personnel vetting status information, previous investigative products, and records documenting suitability evaluations and decisions. This revised notice adds as a records source personnel vetting surveys required by the Federal Personnel Vetting Investigative Standards. Applicants do not complete a personnel vetting survey. Personnel vetting surveys are periodic information collections from the covered individual and his/her supervisor(s) to inform ongoing consideration of potential risk, promote timely detection of behaviors of concern, and address potential issues or provide assistance before risks escalate. Employment applicants receive one-time checks of security-relevant information, are not enrolled for ongoing record checks, and personal identifiers and records returned for applicants are retained in the system only for the duration of their initial vetting. Records of applicants who are not hired will not be kept beyond the initial vetting process. Records returned from checks for any enrollee will be retained in accordance with an approved record control schedule. Data necessary to implement business rules, to perform program assessments, and to satisfy auditing requirements will be retained. D/As using ODNI/NCSC–003, Continuous Evaluations Records, must adhere to the principles articulated in the Federal Personnel Vetting Guidelines, the Federal Personnel Vetting Investigative Standards, subsequent implementation guidance, Security Executive Agent Issuances (when applicable), and other policy issuances. The modified routine uses will be effective 30 days after publication, unless they need to be changed as a result of public comment, per OMB A–108, Section 6(e).

The system provides the technical capability to conduct automated record checks pursuant to the National

Security Act of 1947, as amended; The National Defense Authorization Act for Fiscal Year 2018, section 925, Public Law 115–91; 5 U.S.C. 11001 (*Enhanced Personnel Security Programs*); 5 U.S.C. 1104 (*Delegation of Authority for Personnel Management*); 5 U.S.C. 3301 (*Civil Service; Generally*); Executive Order 10577, as amended (*Amending the Civil Service Rules and Authorizing a New Appointment System for the Competitive Service*); Executive Order 12333, as amended (*United States Intelligence Activities*); Executive Order 12968, as amended (*Access to Classified Information*); Executive Order 13467, as amended, (*Reforming Processes Related to Suitability for Government Employment, Fitness for Contractor Employees, and Eligibility for Access to Classified National Security Information*); Executive Order 13764 (*Amending the Civil Service Rules, Executive Order 13488, and Executive Order 13467 to Modernize the Executive Branch-Wide Governance Structure and Processes for Security Clearances, Suitability and Fitness for Employment, and Credentialing, and Related Matters*); Executive Order 13488, as amended (*Granting Reciprocity on Excepted Service and Federal Contractor Employee Fitness and Reinvestigating Individuals in Positions of Public Trust*); and Executive Order 13869 (*Transferring Responsibility for Background Investigations to the Department of Defense*).

To protect classified and sensitive personnel or law enforcement information covered by this system of records, the Director of National Intelligence (DNI) has exempted this system from certain requirements of the Privacy Act where necessary, as permitted by law. By previously established rule, the DNI may exempt records contained in this system of records from the requirements of subsections (c)(3), (d)(1), (d)(2), (d)(3), (d)(4), (e)(1), (e)(4)(G), (H), (I), and (f) of the Privacy Act pursuant to 5 U.S.C. 552a(k)(1), (k)(2) and (k)(5). Additionally, the DNI may exercise derivative exemption authority by preserving the exempt status of records received from providing agencies when the reason for exemption remains valid. See 32 CFR part 1701.20(a)(2) (73 FR 16531, 16537).

PURPOSE(S) OF THE SYSTEM:

Records in this system of records are collected for the purpose of performing initial vetting of applicants and continuous vetting of enrollees. Vetting is accomplished by electronically comparing an individual's identifying data against U.S. Government databases (e.g., financial, law enforcement, terrorism, foreign travel, and clearance status) and commercial public records databases (e.g., civil, criminal, and tax information), as well as reviewing credit bureau data (e.g., credit reports) and background investigative records collected as part of personnel vetting (e.g., personnel vetting surveys). These comparisons and reviews serve to identify personnel vetting-relevant conduct, practices, activities, or incidents that personnel vetting officials use to evaluate an employment applicant's initial and an enrollee's continued eligibility to perform work for or on behalf of the executive branch. Evaluations by personnel vetting officials include determinations of suitability for Federal government employment; eligibility for logical and physical access to facilities and networks; eligibility for access to classified information; eligibility to hold a sensitive position; and fitness to perform work for or on behalf of the Federal government as a contractor employee.

CATEGORIES OF INDIVIDUALS COVERED BY THE SYSTEM:

Individuals covered by the system include "covered individuals" as defined in E.O. 13467, as amended. A covered individual is "a person who performs, or who seeks to perform, work for or on behalf of the executive branch (e.g., Federal employee, military member, or contractor), or otherwise interacts with the executive branch such that the individual must undergo vetting, but does not include: (i) the President or (except to the extent otherwise directed by the President) employees of the President under section 105 or 107 of Title 3, United States Code; or (ii) the Vice President or (except to the extent otherwise directed by the Vice President) employees of the Vice President under section 106 of Title 3 or annual legislative branch appropriations acts."

CATEGORIES OF RECORDS IN THE SYSTEM:

This system maintains: (i) Biographic enrollment data including name, date and place of birth, Social Security number, gender, current address, other first or last names, prior address(es), personal email address(es), personal phone numbers, passport information, employment type (contractor/government) or other status, and; (ii) data returned from or about the automated record checks conducted against current clearance status information and against financial, law enforcement, credit, terrorism, foreign travel, and commercial databases; and (iii) personnel vetting surveys as required by CV.

RECORD SOURCE CATEGORIES:

Record source categories include department and agency enrollment information about covered individuals under E.O. 13467, as amended; government-owned databases; credit and commercial entities; and providers of aggregated public source data.

ROUTINE USES OF RECORDS MAINTAINED IN THE SYSTEM, INCLUDING CATEGORIES OF USERS AND PURPOSES OF SUCH USES:

In addition to those disclosures generally permitted under 5 U.S.C. 552a(b) of the Privacy Act of 1974, as amended, these records may specifically be disclosed outside ODNI as a routine use pursuant to 5 U.S.C. 552a(b)(3) and in accordance with the following routine uses, including select routine uses published in the ODNI rule implementing the Privacy Act Subpart C of ODNI's Privacy Act Regulation published at 32 CFR part 1701 (73 FR 16531, 16541):

(a) Except as noted on Standard Forms 85, 85P and 86 or the successor

(d) A record from this system of records may be disclosed as a routine use in a proceeding before a court, magistrate, special master, or adjudicative body when any of the following is a party to litigation or has an interest in such litigation, and ODNI, Office of General Counsel, determines that use of such records is relevant and necessary to the litigation: ODNI; any staff of ODNI in his or her official

capacity; any staff of ODNI in his or her individual capacity where the Department of Justice has agreed to represent the staff or has agreed to provide counsel at government expense; or the United States or another D/A, where ODNI, Office of General Counsel, determines that litigation is likely to affect ODNI.

(m) A record from this system of records may be disclosed as a routine use to any Federal D/A when documents or other information obtained from that D/A are used in compiling the record and the record is relevant to the official responsibilities of that D/A, provided that disclosure of the recompiled or enhanced record to the source agency is otherwise authorized and lawful.

(n) A record from this system of records may be disclosed as a routine use to appropriate agencies, entities, and persons when: the security or confidentiality of information in the system of records has or may have been compromised; and the compromise may result in economic or material harm to individuals (e.g., identify theft or fraud) or harm to the security or integrity of the affected information or information technology systems or programs (whether or not belonging to ODNI) they rely upon the compromised information; and disclosure is necessary to enable ODNI to address the cause(s) of the compromise and to prevent, minimize, or remedy potential harm resulting from the compromise.

This routine use is not intended to supplant the other routine uses published by ODNI.

(q) A record from this system of records may be disclosed as a routine use to any Federal D/A that has provided enrollment data for employees or applicants to ODNI for purposes of conducting personnel vetting when records obtained by ODNI are relevant to the subscribing D/A's adjudication of the covered individual's eligibility to perform work for or on behalf of the executive branch.

(r) A record from this system of records may be disclosed as a routine use to appropriate agencies, entities, and persons when: (1) ODNI suspects or has confirmed that there has been a breach of the system of records; (2) ODNI has determined that as a result of the suspected or confirmed breach there is a risk of harm to individuals, ODNI (including its information systems, programs, and operations), the federal government, or national security, and; (3) the disclosure made to such agencies, entities, and persons is reasonably necessary to assist in connection with the Department's efforts to respond to the suspected or confirmed breach or to prevent, minimize, or remedy such harm.

(s) A record from this system of records may be disclosed as a routine use to another Federal agency or Federal entity, when ODNI determines that information from this system of records is reasonably necessary to assist the recipient agency or entity in (1) responding to a suspected or confirmed breach or (2) preventing, minimizing, or

Records disclosed pursuant to this routine use must be narrowly focused to encompass only information pertaining to automated records checks in support of authorized Investigative Service Providers conducting personnel vetting activities.

POLICIES AND PRACTICES FOR STORAGE OF RECORDS:

Electronic records are stored in secure file servers located in government-managed facilities on secure private cloud-based systems that are connected only to a government network. Paper records are stored in secured areas of facilities within the control of the federal government.

POLICIES AND PRACTICES FOR RETRIEVAL OF RECORDS:

The records in this system are retrieved by name, Social Security number, or other unique identifier. Information may be retrieved from this system of records by automated capabilities used in the normal course of business.
