

available on the Federal Reserve Board's public website at <https://www.federalreserve.gov/apps/reportingforms/home/review> or may be requested from the agency clearance officer, whose name appears above. On the page displayed at the link above, you can find the supporting information by referencing the collection identifier, FR F.

Final Approval Under OMB Delegated Authority of the Extension for Three Years, Without Revision, of the Following Information Collection

Collection title: Recordkeeping Requirements Associated with Regulation F.

Collection identifier: FR F.

OMB control number: 7100-0331.

General description of collection: The Board's Regulation F—Limitations on Interbank Liabilities (12 CFR part 206) establishes limits on depository institutions' credit exposure to individual correspondents in order to mitigate the risk that the failure of a correspondent would pose to an insured depository institution. Section 206.3 of Regulation F requires insured depository institutions to establish and maintain policies and procedures designed to prevent excessive exposure to correspondents.

Frequency: This information collection contains recordkeeping requirements. The creation of written policies and procedures concerning interbank liabilities is a mandatory one-time requirement. Subsequent changes to these policies and procedures would be on occasion, and they must be reviewed and approved by the depository institution's board of directors at least annually. The policies and procedures must be maintained, as amended.

Respondents: All depository institutions insured by the Federal Deposit Insurance Corporation (FDIC). The Board takes burden under the PRA with respect to all such entities.

Total estimated number of respondents: 4,655.

Total estimated annual burden hours: 4,753.

Current actions: On February 16, 2024 the Board published a notice in the **Federal Register** (89 FR 12344) requesting public comment for 60 days on the extension, without revision, of the FR F. The comment period for this notice expired on April 16, 2024. The Board did not receive any comments.

Board of Governors of the Federal Reserve System, June 25, 2024.

Benjamin W. McDonough,

Deputy Secretary and Ombuds of the Board.

BILLING CODE 6210-01-P

GENERAL SERVICES ADMINISTRATION

[Notice—MA—2024—02; Docket No. 2024—0002; Sequence No. 30]

GSA Electric Vehicle Battery Management Strategic Plan

AGENCY: General Services Administration.

ACTION: Request for information.

SUMMARY: The Office of Government-wide Policy (OGP), General Services Administration (GSA) requests input from the full range of institutions and organizations across all sectors—industry, government, academia, non-profits, venture capital, and others—for a strategic plan for Federal Electric Vehicle Fleet Battery Management in accordance with the National Defense Authorization Act for Fiscal Year 2023. This legislation tasks GSA to identify and gain insight into emerging contemporary trends, practices, and standards in EV Battery Management. OGP will subsequently develop a comprehensive strategic plan to help agencies maximize the full potential of EV Battery Management best practices and strategic benefits.

DATES: Interested persons or organizations are invited to submit comments on or before 11:59 p.m. (EST) on July 22, 2024.

ADDRESSES: Comments submitted in response to this notice may be sent by the following methods:

- *Email:* GSARegSec@gsa.gov. Email submissions should be machine-readable and not be copy-protected. Submissions should include “RFI Response: “EV Battery Management Strategic Plan” in the subject line of the message.

- *Online:* <http://www.regulations.gov>. Submit comments via the Federal eRulemaking portal by searching for “Notice—MA—2024—02”. Select the link “Comment” that corresponds with “MA—2024—02.” Follow the instructions provided at the screen. Please include your name, company name (if any), and “MA—2024—02” on your attached document.

Instructions: Please submit comments only and cite Notice—MA—2024—02, in all correspondence related to this notice. Comments received generally

will be posted without change to <http://www.regulations.gov>, including any personal and/or business confidential information provided. To confirm receipt of your comment(s), please check <http://www.regulations.gov>, approximately two-to-three days after submission to verify posting.

FOR FURTHER INFORMATION CONTACT: For additional information, please direct questions to James Vogelsinger, Director, Motor Vehicle Policy Division, Office of Government-wide Policy, Office of Asset and Transportation Management at james.vogelsinger@gsa.gov or by phone at 202-501-1764.

SUPPLEMENTARY INFORMATION:

I. Background

GSA has taken pride in developing innovative, cost-effective, and collaborative solutions to the growing and evolving Federal Electric Vehicle Fleet. OGP, Motor Vehicle Policy Division, also seeks to improve management and enhance the performance of the motor vehicle fleets by fostering interagency collaboration, shared services, and smart policies that allow Federal customer agencies to focus on their mission delivery.

As the EV fleet continues to grow, it has become increasingly important that agencies have a comprehensive, strategic plan for the management of these vehicles to maximize the full potential of their economic, environmental, and strategic benefits.

To this end, in the National Defense Authorization Act for Fiscal Year 2023, Congress requested GSA and OMB to coordinate with the heads of Federal agencies to develop a comprehensive, strategic plan for Federal Electric Vehicle Fleet Battery Management.

II. Purpose

The objective of this government-wide strategic plan is to identify and gain insight into emerging contemporary trends, research, and standards in EV battery optimal use, reuse, recycling, and disposal practices. The strategic plan for Federal Electric Vehicle Fleet Battery Management will incorporate guidelines for:

- (1) Optimal charging practices that will maximize battery longevity and prevent premature degradation;
- (2) Reusing and recycling the batteries of retired vehicles; and
- (3) Disposing electric vehicle batteries that cannot be reused or recycled.

III. Public Comments

Responses may address one or as many topics as desired from the enumerated list of Key EV Battery Management Focus Areas provided in

this RFI. Responses should include the name of the person(s) or organization(s) filing the comment, as well as the respondent type (e.g., scientists who are studying electric vehicle batteries and reuse and recycling solutions, laboratories, companies, academic institution engaged in battery use, reuse, and recycling research; industries, government, others interested in electric vehicle battery reuse and recycling, and electric vehicle equipment manufacturers and recyclers). Respondent's role in the organization may also be provided (e.g., researcher, administrator, student, program manager, journalist) on a voluntary basis.

Comments containing references, studies, research, and other empirical data that are not widely published should include copies or electronic links of the referenced materials. No business proprietary information, copyrighted information, or personally identifiable information (aside from that requested above) should be submitted in response to this RFI. Comments submitted in response to this RFI may be posted online or otherwise released publicly.

Mehul Parekh,

Acting Associate Administrator, Office of Government-wide Policy, U.S. General Services Administration.

BILLING CODE 6820-14-P

DEPARTMENT OF HEALTH AND HUMAN SERVICES

Agency for Healthcare Research and Quality

Agency Information Collection Activities: Proposed Collection; Comment Request

AGENCY: Agency for Healthcare Research and Quality, HHS.

ACTION: Notice

SUMMARY: This notice announces the intention of the Agency for Healthcare Research and Quality (AHRQ) to request that the Office of Management and Budget (OMB) approve a revision of the currently approved information collection project: "Medical Expenditures Panel Survey—Household and Medical Provider Components." This proposed information collection was previously published in the **Federal Register** on April 19, 2024 and allowed 60 days for public comment. No comments were received. The purpose of this notice is to allow an additional 30 days for public comment.

DATES: Comments on this notice must be received by July 31, 2024.

ADDRESSES: Written comments and recommendations for the proposed information collection should be sent within 30 days of publication of this notice to www.reginfo.gov/public/do/PRAMain. Find this particular information collection by selecting "Currently under 30-day Review—Open for Public Comments" or by using the search function. Copies of the proposed collection plans, data collection instruments, and specific details on the estimated burden can be obtained from the AHRQ Reports Clearance Officer.

FOR FURTHER INFORMATION CONTACT: Doris Lefkowitz, AHRQ Reports Clearance Officer, (301) 427-1477, or by email at REPORTSCLEARANCEOFFICER@ahrq.hhs.gov.

SUPPLEMENTARY INFORMATION:

Proposed Project

Medical Expenditures Panel Survey—Household and Medical Provider Components

AHRQ requests that OMB approve a revision to AHRQ's collection of information for the Medical Expenditures Panel Survey—Household and Medical Provider Components: OMB Control number 0935-0118, expiration November 30, 2025. Requested changes are for the Household Component (MEPS-HC) only.

The MEPS was initiated in 1996. Each year a new panel of sample households is selected. Recent annual MEPS-HC sample sizes average about 13,500 households. Data can be analyzed at either the person, family, or event level. The panel design of the survey, which includes 5 rounds of interviews covering 2 full calendar years, provides data for examining person level changes in selected variables such as expenditures, health insurance coverage, and health status.

This research has the following goals:

- (1) To produce nationally representative estimates of health care use, expenditures, sources of payment, and health insurance coverage for the U.S. civilian noninstitutionalized population.
- (2) To produce nationally representative estimates of respondents' health status, demographic and socio-economic characteristics, employment, access to care, and satisfaction with health care.

Proposed Changes for the 2025 MEPS-HC:

- *Core MEPS Interview and Adult SAQ*—The Core interview and the Adult

Self-Administered Questionnaire (SAQ) include four questions from the Consumer Assessment of Healthcare Providers and Systems 5.0 (CAHPS 5.0). These questions will have wording changes to update them to CAHPS 5.1. These wording changes will help identify telehealth utilization and access, as well as maintain consistency between CAHPS and MEPS-HC questionnaire items. Below are the four questions, both the current version and the proposed version:

Current: In the last 12 months, did {you/{PERSON}} have an illness, injury or condition that needed care right away in a clinic, emergency room, or doctor's office?

Proposed: In the last 12 months, did {you/{PERSON}} have an illness, injury, or condition that needed care right away?

Current: In the last 12 months, did you make any appointments for a check-up or routine care for {yourself/{PERSON}} at a doctor's office or clinic?

Proposed: In the last 12 months, did you make any in-person, phone, or video appointments for a check-up or routine care for {yourself/{PERSON}}?

Current: Looking at card CS-2, in the last 12 months, how often did you get an appointment for a check-up or routine care for {yourself/{PERSON}} at a doctor's office or clinic as soon as {you/he/she} needed?

Proposed: Looking at card CS-2, in the last 12 months, how often did you get an appointment for a check-up or routine care for {yourself/{PERSON}} as soon as {you/he/she} needed?

Current: Looking at card CS-3, in the last 12 months, not counting times {you/{PERSON}} went to an emergency room, how many times did {you/he/she} go to a doctor's office or clinic to get health care?

Proposed: Looking at card CS-3, in the last 12 months, not counting the times {you/{PERSON}} went to an emergency room, how many times did {you/he/she} get health care in person, by phone, or by video?

- *Burdens and Economic Impacts of Medical Care Self-Administered Questionnaire (ESAQ)*—The Office of the Secretary—Patient Centered Outcomes Research Trust Fund is funding this SAQ to expand the collection of economic outcomes data for patient-centered outcomes research (PCOR) via the Medical Expenditure Panel Survey (MEPS). The ESAQ will be completed during Round 3, Panel 30 and Round 5, Panel 29 (Spring 2025) by adult household members (aged 18 and over). The ESAQ will be administered in a mixed-mode of paper and online.
