Product Cancellation Order for Certain Pesticide Registrations

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice.

SUMMARY: This notice announces EPA's order for the cancellations, voluntarily requested by the registrants and accepted by the Agency, of the products listed in table 1 of unit II, pursuant to the Federal Insecticide, Fungicide, and Rodenticide Act (FIFRA). This cancellation order follows an August 31, 2023, **Federal Register** Notice of Receipt

of Requests from the registrants listed in table 2 of unit II, to voluntarily cancel these product registrations. In the August 31, 2023, notice EPA indicated that it would issue an order implementing the cancellations, unless the Agency received substantive comments within the 30-day comment period that would merit its further review of these requests, or unless the registrants withdrew their requests. EPA received one anonymous comment on this notice that was supportive of EPA cancelling these registrations, which EPA acknowledges. Accordingly, EPA hereby issues in this notice a cancellation order granting the requested cancellations. Any distribution, sale, or use of the products subject to this cancellation order is permitted only in accordance with the terms of this order, including any existing stocks provisions. This notice also announces that EPA has previously approved the requests for voluntary cancellation of several registrations included in the August 31, 2023, notice listed in table 3 of unit II. EPA sent a separate letter approving these requests for voluntary cancellation to Syngenta Crop Protection, LLC on October 3, 2023. The disposition of existing stocks

for these products is governed by the provisions in EPA's October 3, 2023, letter approving the voluntary cancellation of these products rather than unit VI.

DATES: The cancellations are effective July 1, 2024.

FOR FURTHER INFORMATION CONTACT: Christopher Green, Registration Division (7505T), Office of Pesticide Programs, Environmental Protection Agency, 1200 Pennsylvania Ave. NW, Washington, DC 20460-0001; telephone number: (202) 566-2707; email address: green.christopher@epa.gov.

III. Summary of Public Comments Received and Agency Response to Comments

EPA received one anonymous comment on this notice that was supportive of EPA cancelling these registrations, which EPA acknowledges. For these reasons, the Agency does not believe that the comments submitted during the comment period merit further review or a denial of the requests for voluntary cancellation.

IV. Cancellation Order

Pursuant to FIFRA section 6(f) (7 U.S.C. 136d(f)), EPA hereby approves the requested cancellations of the registrations identified in table 1 of unit II. Accordingly, the Agency hereby orders that the product registrations identified in table 1 of unit II, are canceled. The effective date of the cancellations that are the subject of this notice is July 1, 2024. Any distribution, sale, or use of existing stocks of the products identified in table 1 of unit II, in a manner inconsistent with any of the provisions for disposition of existing stocks set forth in unit VI, will be a violation of FIFRA.

V. What is the Agency’s authority for taking this action?

Section 6(f)(1) of FIFRA (7 U.S.C. 136d(f)(1)) provides that a registrant of a pesticide product may at any time request that any of its pesticide registrations be canceled or amended to terminate one or more uses. FIFRA further provides that, before acting on the request, EPA must publish a notice of receipt of any such request in the **Federal Register**. Thereafter, following the public comment period, the EPA Administrator may approve such a request. The notice of receipt for this action was published for comment in the **Federal Register** of August 31, 2023 (88 FR 60207) (FRL-11150-01-OCSP). The comment period closed on October 02, 2023.

VI. Provisions for Disposition of Existing Stocks

Existing stocks are those stocks of registered pesticide products that are currently in the United States and which were packaged, labeled, and released for shipment prior to the effective date of the cancellation action. The existing stocks provisions for the products subject to this order are as follows.

The registrants may continue to sell and distribute existing stocks of products listed in table 1 of unit II, until July 1, 2025, which is 1 year after the publication of the Cancellation Order in the **Federal Register**. Thereafter, the registrants are prohibited from selling or distributing products listed in table 1, except for export in accordance with FIFRA section 17 (7 U.S.C. 136o), or proper disposal. Persons other than the registrants may sell, distribute, or use existing stocks of products listed in table 1 of unit II, until existing stocks are exhausted, provided that such sale, distribution, or use is consistent with the terms of the previously approved labeling on, or that accompanied, the canceled products.

The disposition of existing stocks for the products listed in table 3 of unit II, is governed by the provisions in EPA’s October 3, 2023, letter approving the voluntary cancellation of these products.
