III. Summary of Public Comments Received and Agency Response to Comments

EPA received one anonymous comment on this notice that was supportive of EPA cancelling these registrations, which EPA acknowledges. For these reasons, the Agency does not believe that the comments submitted during the comment period merit further review or a denial of the requests for voluntary cancellation.

IV. Cancellation Order

Pursuant to FIFRA section 6(f) (7 U.S.C. 136d(f)), EPA hereby approves the requested cancellations of the registrations identified in table 1 of unit II. Accordingly, the Agency hereby orders that the product registrations identified in table 1 of unit II, are canceled. The effective date of the cancellations that are the subject of this notice is July 1, 2024. Any distribution, sale, or use of existing stocks of the products identified in table 1 of unit II, in a manner inconsistent with any of the provisions for disposition of existing stocks set forth in unit VI, will be a violation of FIFRA.

V. What is the Agency's authority for taking this action?

Section 6(f)(1) of FIFRA (7 U.S.C. 136d(f)(1)) provides that a registrant of a pesticide product may at any time request that any of its pesticide registrations be canceled or amended to terminate one or more uses. FIFRA further provides that, before acting on the request, EPA must publish a notice of receipt of any such request in the **Federal Register**. Thereafter, following the public comment period, the EPA Administrator may approve such a request. The notice of receipt for this action was published for comment in the **Federal Register** of August 31, 2023 (88 FR 60207) (FRL-11150-01-OCSP). The comment period closed on October 02, 2023.

VI. Provisions for Disposition of Existing Stocks

Existing stocks are those stocks of registered pesticide products that are currently in the United States and which were packaged, labeled, and released for shipment prior to the effective date of the cancellation action. The existing stocks provisions for the products subject to this order are as follows.

The registrants may continue to sell and distribute existing stocks of products listed in table 1 of unit II, until July 1, 2025, which is 1 year after the publication of the Cancellation Order in the **Federal Register**. Thereafter, the registrants are prohibited from selling or distributing products listed in table 1, except for export in accordance with FIFRA section 17 (7 U.S.C. 136o), or proper disposal. Persons other than the registrants may sell, distribute, or use existing stocks of products listed in table 1 of unit II, until existing stocks are exhausted, provided that such sale, distribution, or use is consistent with the terms of the previously approved labeling on, or that accompanied, the canceled products.

The disposition of existing stocks for the products listed in table 3 of unit II, is governed by the provisions in EPA's October 3, 2023, letter approving the voluntary cancellation of these products.
