

As part of its continuing effort to reduce paperwork burdens, as required by the Paperwork Reduction Act (PRA) of 1995 (44 U.S.C. 3501–3520), the FCC invited the general public and other Federal Agencies to take this opportunity to comment on the following information collection. Comments are requested concerning: (a) Whether the proposed collection of information is necessary for the proper performance of the functions of the Commission, including whether the information shall have practical utility; (b) the accuracy of the Commission's burden estimates; (c) ways to enhance the quality, utility, and clarity of the information collected; and (d) ways to minimize the burden of the collection of information on the respondents, including the use of automated collection techniques or other forms of information technology. Pursuant to the Small Business Paperwork Relief Act of 2002, Public Law 107–198, see 44 U.S.C. 3506(c)(4), the FCC seeks specific comment on how it might “further reduce the information collection burden for small business concerns with fewer than 25 employees.”

Needs and Uses: The information collection requirements adopted in FCC 24–29 are as follows:

47 CFR 76.310 requires truth in billing and advertising:

47 CFR 76.310(a) requires cable operators and direct broadcast satellite (DBS) providers to state an aggregate price for the video programming that they provide as a clear, easy-to-understand, and accurate single line item on subscribers' bills, including on bills for legacy or grandfathered video programming service plans. If a price is introductory or limited in time, cable and DBS providers shall state on subscribers' bills the date the price

ends, by disclosing either the length of time that a discounted price will be charged or the date on which a time period will end that will result in a price change for video programming, and the post-promotion rate 60 and 30 days before the end of any introductory period. Cable operators and DBS providers may complement the aggregate line item with an itemized explanation of the elements that compose that single line item.

47 CFR 76.310(b) requires cable operators and DBS providers that communicate a price for video programming in promotional materials to state the aggregate price for the video programming in a clear, easy-to-understand, and accurate manner. If part of the aggregate price for video programming fluctuates based upon service location, then the provider must state where and how consumers may obtain their subscriber-specific “all-in” price (for example, electronically or by contacting a customer service or sales representative). If part or all of the aggregate price is limited in time, then the provider must state the post-promotion rate, as calculated at that time, and the duration of each rate that will be charged. Cable operators and DBS providers may complement the aggregate price with an itemized explanation of the elements that compose that aggregate price. The requirement in this paragraph (b) shall not apply to the marketing of legacy or grandfathered video programming service plans that are no longer generally available to new customers. For purposes of this section, the term “promotional material” includes communications offering video programming to consumers such as advertising and marketing.

SUPPLEMENTARY INFORMATION:

Title: Executive Branch Confidential Financial Disclosure Report.

Agency Form Number: OGE Form 450.

Abstract: The OGE Form 450 collects information from covered executive

branch employees as required under OGE’s executive branch wide regulatory provisions in subpart I of 5 CFR part 2634. The basis for the OGE reporting regulation is section 201(d) of Executive Order 12674 of April 12, 1989 (as modified by Executive Order 12731 of October 17, 1990) and 5 U.S.C. 13109. The purpose of collecting this information is to allow agencies to identify and address potential financial conflicts of interest among covered employees. The information collected relates to: assets and income; liabilities; outside positions; agreements and arrangements; and gifts, reimbursements and travel expenses—all subject to various reporting thresholds and exclusions. OGE currently maintains the form in three formats on its website: a PDF version, a 508 compliant PDF version accessible to users who use screen readers to access and interact with digital information, and an Excel version.

OGE seeks renewal of the OGE Form 450 with several modifications. OGE sought and received input from a variety of stakeholders before proposing these modifications. Comments submitted by the public in response to the **Federal Register** notices published during the last renewal in 2021 were reconsidered. In addition, OGE solicited and received additional comments from OGE employees, agency ethics officials (who are the individuals responsible for reviewing the completed forms for potential conflicts of interest), interested Congressional offices, and the public. On January 19, 2023, OGE held a public meeting to discuss potential changes to the OGE Forms 450 and 278e and accepted written comments in lieu of appearing in-person. See 87 FR 73766 (Dec. 1, 2022).

OGE considered each comment submitted. The proposed modifications discussed below incorporate the suggested changes that OGE believes will provide added clarity and value to the financial disclosure process. OGE is declining to make other suggested changes at this time due to OGE’s lack of regulatory authority to make such changes, lack of interest by the affected agencies, and/or the associated costs to agencies’ electronic financial disclosure filing systems.

The proposed modifications are described below:

On the instruction page, OGE simplified the navigation to OGE’s website for filers who need instructions on completing the form and added a hyperlink.

On the cover page, OGE proposes to delete the field for mailing address and to add a question regarding whether the
