the withdrawals on all lands (Alternative A) to revoking the withdrawals on all lands (Alternative D). Alternatives B and C include partial revocations based on natural resource factors. Full or partial revocation of the ANCSA 17(d)(1) withdrawals would result in changes to land use that could affect local residents, wildlife. vegetation, cultural resources, subsistence, and recreation. No development plans have been submitted, and no stipulations are attached to selected lands that would prevent any specific development from taking place. Therefore, the EIS provides a reasonably foreseeable development scenario that identifies and quantifies potential development activity in the decision area, including the extraction of leasable, locatable, and salable minerals, as well as the establishment of associated rights-of-way, assuming the land is not withdrawn from availability for such activities.

Section 810 of the Alaska National Interest Lands Conservation Act (ANILCA) requires the BLM to evaluate the effects of the alternatives presented in the Final EIS on subsistence uses and needs and to hold public hearings if it finds that any alternative may significantly restrict subsistence uses.

The BLM found in the evaluation of subsistence impacts that Alternatives B, C, or D, in combination with the cumulative case as analyzed in the Draft EIS, may significantly restrict subsistence uses in many communities. Therefore, the BLM held public hearings on subsistence resources and activities in conjunction with the public meetings on the Draft EIS in the vicinity of potentially affected communities. In consideration of public comments received on the Draft EIS and at the public hearings, the BLM revised the ANILCA Section 810 evaluation, published as Appendix C of the Final EIS, but did not change its "may significantly restrict subsistence uses" findings for the identified communities.

The input of Alaska Native Tribes and Corporations is of critical importance to this EIS. Therefore, during the NEPA process, the BLM consulted with potentially affected Federally recognized Tribes on a government-togovernment basis, and with affected Alaska Native Corporations in accordance with Executive Order 13175, as well as Public Law 108–199, Div. H, sec. 161, 118 Stat. 452, as amended by Public Law 108–447, Div. H, sec. 518, 118 Stat. 3267, and other Department and Bureau policies. (Authority: 40 CFR 1506.6(b))

## DEPARTMENT OF THE INTERIOR

#### Bureau of Land Management

#### [BLM CO FRN MO4500179560]

## Notice of Availability of the Proposed Resource Management Plan Amendment and Final Environmental Impact Statement for the Gunnison Sage-Grouse (Centrocercus minimus), Colorado and Utah

**AGENCY:** Bureau of Land Management, Interior.

**ACTION:** Notice of availability.

**SUMMARY:** In compliance with the National Environmental Policy Act of 1969, as amended (NEPA), and the Federal Land Policy and Management Act of 1976, as amended (FLMPA), the Bureau of Land Management (BLM) has prepared a proposed resource management plan (RMP) amendment and final environmental impact statement (EIS) for the Gunnison Sage-Grouse (*Centrocercus minimus*) and by this notice is announcing the start of a 30-day protest period of the proposed RMP amendment.

**DATES:** This notice announces the beginning of a 30-day protest period to the BLM on the proposed RMP amendment. Protests must be postmarked or electronically submitted on the BLM's ePlanning site within 30 days of the date that the Environmental Protection Agency (EPA) publishes its Notice of Availability (NOA) in the **Federal Register**. The EPA usually publishes its NOAs on Fridays.

ADDRESSES: The proposed RMP amendment and final EIS is available on the BLM ePlanning project website at https://eplanning.blm.gov/eplanning-ui/ project/2019031/510. Documents pertinent to this proposal may also be examined at the Grand Junction, Uncompahgre, Tres Rios, Gunnison, San Luis Valley, Moab, and Monticello Field Offices.

Instructions for filing a protest with the BLM for the Gunnison Sage-Grouse (*Centrocercus minimus*) RMP amendment can be found at: *https:// www.blm.gov/programs/planning-andnepa/public-participation/filing-a-planprotest* and at 43 CFR 1610.5–2. All protests must be submitted in writing by one of the following methods: Website: https://eplanning.blm.gov/ eplanning-ui/project/2019031/510. Regular mail and overnight mail: BLM Director, Attention: Protest Coordinator (HQ210), Denver Federal Center, Building 40 (Door W–4), Lakewood, CO 80215.

FOR FURTHER INFORMATION CONTACT: Gina Phillips. Project Manager, BLM Colorado, telephone 970-589-9852; BLM Southwest District Office, 2465 S. Townsend Ave., Montrose, CO 81401; email BLM CO GUSG RMPA@blm.gov. Individuals in the United States who are deaf, deafblind, hard of hearing, or have a speech disability may dial 711 (TTY, TDD, or TeleBraille) to access telecommunications relay services for contacting Ms. Phillips. Individuals outside the United States should use the relay services offered within their country to make international calls to the point-of-contact in the United States.

**SUPPLEMENTARY INFORMATION:** The RMP amendment would change the following existing plans.

#### Colorado

- Canyons of the Ancients National Monument RMP (2010)
- Dominguez-Escalante National Conservation Area RMP (2017)
- Grand Junction Field Office RMP (2015)
- Gunnison Gorge National Conservation Area RMP (2004)
- Gunnison Resource Area RMP (1993)
  McInnis Canyons National
- Conservation Area RMP (2004)
- San Luis Resource Area RMP (1991)
- Tres Rios Field Office RMP (2015)
  Uncompany Field Office RMP (2020)

#### Utah

- Moab Field Office RMP (2008)
- Monticello Field Office RMP (2008)
   The Countries Same Crowner BMP

The Gunnison Sage-Grouse RMP amendment updates management decisions and actions to promote Gunnison sage-grouse recovery and maintain and enhance habitat, as identified in the 2020 U.S. Fish and Wildlife Service (USFWS) Recovery Plan, across the eight currently recognized populations in southwest Colorado and southeast Utah. Gunnison sage-grouse is federally listed as a threatened species under the Endangered Species Act (ESA) (16 U.S.C. 1531–1544).

# **Planning Area**

The planning area spans portions of 19 Colorado Counties: Alamosa, Archuleta, Conejos, Costilla, Delta, Dolores, Garfield, Gunnison, Hinsdale, La Plata, Mesa, Mineral, Montezuma, Montrose, Ouray, Rio Grande, Saguache, San Juan, and San Miguel; and two Utah Counties: Grand and San Juan; and encompasses approximately 25 million acres of public land.

#### **Purpose and Need**

The BLM's purpose consists of the following:

• Promote the recovery of the threatened Gunnison sage-grouse and maintain and enhance BLMadministered occupied and unoccupied habitat upon which the species depends, while continuing to manage the land wherever possible for multiple use and sustained yield;

• Ensure management actions on BLM-administered lands support conservation goals for Gunnison sagegrouse and their habitat;

• Ensure that BLM management aligns with current science and data; relevant Federal, State, and local decisions supporting recovery; the Department of the Interior Climate Action Plan; and the USFWS Final Recovery Plan for Gunnison Sage-Grouse and Recovery Implementation Strategy for Gunnison Sage-Grouse (*Centrocercus minimus*); and

 Provide consistent guidance for addressing threats to Gunnison sagegrouse populations and their habitat.

This BLM action is necessary to accomplish the following:

• Address the range-wide downward population trend of Gunnison sagegrouse since 2014 and address issues related to land management that may affect occupied and unoccupied habitat;

• Respond to the ESA section 7(a)(1) (16 U.S.C. 1536(a)(1)) requirement that the BLM use its authority to further the purposes of the ESA by implementing management actions for the conservation of federally listed species and the ecosystems upon which they depend; and

• Respond to changing ecological and climate conditions affecting BLMadministered lands, including drought, habitat loss and fragmentation, reduced riparian areas, and more frequent wildland fires.

# Alternatives Considered, Including the Proposed Plan Alternative

The BLM analyzed six alternatives in detail, including the no action alternative. This land use plan amendment addresses management actions impacting, or with the potential to impact, Gunnison sage-grouse and occupied and unoccupied habitat in the decision area. The decision area consists of approximately 2,182,660 acres of BLM-managed surface lands (1,951,440 acres in Colorado and 231,220 acres in Utah) and 2,852,390 acres of Federal subsurface mineral estate (2,563,220 acres in Colorado and 289,170 acres in Utah). Alternative A (No Action Alternative—Current Management) would continue current BLM management direction in the 11 administrative units in the planning area.

Alternative B would prioritize removing identified threats within occupied and unoccupied habitat and reduce impacts within the decision area, which includes a 4-mile buffer around habitat and potential linkageconnectivity areas to the maximum extent allowable. Alternative B contains two sub-alternatives for livestock grazing management actions in response to recommendations made in public scoping comments. Alternative B would designate all nominated Areas of **Critical Environmental Concern** (ACECs) that meet relevance and importance criteria.

Alternative C would minimize, mitigate, or compensate for impacts from resource uses and activities in occupied and unoccupied habitat. No new ACECs would be designated under Alternative C.

Alternative D would allocate resource uses and conserve resource values while sustaining and enhancing ecological integrity across the decision area and designate a specific subset of nominated ACECs. Conservation measures focus on occupied and unoccupied habitat that includes a 1-mile buffer around habitat and could extend to linkageconnectivity areas.

Alternative E considers adopting applicable management direction from the interagency Candidate Conservation Agreement for the Gunnison sagegrouse, Gunnison Basin Population.

Alternative F (proposed plan amendment) was developed in response to public comments on the draft RMP amendment/EIS and, similar to Alternative D, focuses conservation measures on occupied and unoccupied habitat. For all populations, Alternative F would apply buffers to all lek statuses (active, inactive, historic, unknown, occupied, and unoccupied) and manage with the objective of no increase in net surface disturbance; and it proposes management to increase available habitat for all Gunnison sage-grouse populations.

The BLM considered three additional alternatives but dismissed them from detailed analysis as explained in section 2.1.2.2 of the proposed RMP amendment/EIS.

#### Public Involvement

The BLM published a notice of intent in the Federal Register to initiate the public scoping period for this planning effort on July 6, 2022 (87 FR 40262). The BLM hosted four public scoping meetings (in Dove Creek, CO and Gunnison, CO) and two virtual public meetings to solicit nominations for ACECs, identify the scope of issues to be addressed in the RMP amendment, and gather input to assist in formulating a reasonable range of alternatives. The resource concerns identified during the scoping process included Gunnison sage-grouse habitat, vegetation, livestock grazing management, mineral development, renewable energy development, wildland fire ecology and management, ACECs, recreation, lands and realty, air resources, soil resources, lands with wilderness characteristics, and social and economic conditions.

After preparing the draft RMP amendment/EIS in coordination with 30 cooperating agencies and working with Tribes, the BLM announced the 90-day comment period through publication of its NOA in the Federal Register on November 9, 2023 (88 FR 77353). During the comment period, the BLM held two in-person public meetings (in Dove Creek, CO and Gunnison, CO) and one virtual public meeting to inform the public and solicit comments on the draft documents. The BLM received 141 comment letters (including 115 unique letters and 26 form, form plus, or duplicate letters) during the comment period. The BLM reviewed all letters submitted, analyzed the comments, considered substantive comments, and revised the RMP amendment/EIS accordingly. Comments and responses are attached as Appendix W in the proposed RMP amendment/EIS.

## Changes Between Draft RMP Amendment and Proposed RMP Amendment

Based on public comments received on the draft RMP amendment/draft EIS, the BLM updated the proposed RMP amendment/final EIS (Alternative F) by incorporating management actions and allowable uses from Alternatives A, B, C, D, and E, including corrections and rewording for clarification of purpose and intent. Language throughout the document was revisited for readability and to meet the required page limits for an EIS. In consideration of comments received, the following management was updated in Alternative F:

• Uses would be avoided in buffer distances for all Gunnison sage-grouse lek statuses (active, inactive, historic,

unknown in Colorado, occupied, and unoccupied in Utah);

• Objectives and management for net surface disturbance rather than disturbance caps were clarified;

• Management for Gunnison sagegrouse satellite populations was recognized as different in some aspects from the Gunnison Basin population under Lands and Realty and Recreation;

• Management in the current and proposed ACECs was refined, and a new Backcountry Conservation Area would be designated: and

• Appendices were also developed and expanded upon.

# Protest of the Proposed RMP Amendment

The BLM planning regulations state that any person who participated in the preparation of the RMP and has an interest that will or might be adversely affected by approval of the proposed RMP amendment may protest its approval to the BLM. Protest on the proposed RMP amendment constitutes the final opportunity for administrative review of the proposed land use planning decisions prior to the BLM adopting an approved RMP amendment. Instructions for filing a protest with the BLM regarding the proposed RMP amendment may be found online (see ADDRESSES). All protests must be in writing and mailed to the appropriate address or submitted electronically through the BLM ePlanning project website (see ADDRESSES). Protests submitted electronically by any means other than the ePlanning project website will be invalid unless a hard copy of the protest is also submitted. The BLM will render a written decision on each protest. The protest decision of the BLM shall be the final decision of the Department of the Interior. Responses to valid protest issues will be compiled and documented in a Protest Resolution Report made available following the protest resolution online at: https:// www.blm.gov/programs/planning-andnepa/public-participation/protestresolution-reports. Upon resolution of protests, the BLM will issue a Record of Decision and approved RMP amendment.

Before including your phone number, email address, or other personal identifying information in your protest you should be aware that your entire protest—including your personal identifying information—may be made publicly available at any time. While you can ask us in your protest to withhold your personal identifying information from public review, we cannot guarantee that we will be able to do so. (Authority: 40 CFR 1506.6, 40 CFR 1506.10, 43 CFR 1610.2; 43 CFR 1610.5)

*State Director.* [FR Doc. 2024–14531 Filed 7–3–24; 8:45 am] BILLING CODE 4331–16–P

#### INTERNATIONAL TRADE COMMISSION

[Investigation Nos. 731–TA–1629–1631, 1633, 1636–1638, and 1640 (Final)]

#### Mattresses From Bosnia and Herzegovina, Bulgaria, Burma, Italy, Philippines, Poland, Slovenia, and Taiwan; Determinations

On the basis of the record <sup>1</sup> developed in the subject investigations, the United States International Trade Commission ("Commission") determines, pursuant to the Tariff Act of 1930 ("the Act"), that an industry in the United States is materially injured by reason of imports of mattresses from Bosnia and Herzegovina, Bulgaria, Burma, Italy, Philippines, Poland, Slovenia, and Taiwan, provided for in subheadings 9404.21.00. 9404.29.10, and 9404.29.90 of the Harmonized Tariff Schedule of the United States, that have been found by the U.S. Department of Commerce ("Commerce") to be sold in the United States at less than fair value ("LTFV").23

#### Background

The Commission instituted these investigations effective July 28, 2023, following receipt of petitions filed with the Commission and Commerce by Brooklyn Bedding LLC, Phoenix, Arizona; Carpenter Company, Richmond, Virginia; Corsicana Mattress Company, Dallas, Texas; Future Foam, Inc., Council Bluffs, Iowa; FXI, Inc., Radnor, Pennsylvania; Kolcraft

<sup>3</sup> The Commission finds that imports subject to Commerce's affirmative critical circumstances determinations on Burma are likely to undermine seriously the remedial effect of the antidumping duty order. Commissioner David S. Johanson dissents with respect to the Commission's affirmative critical circumstances finding on imports of mattresses from Burma. The Commission also finds that imports subject to Commerce's affirmative critical circumstances determinations on Bosnia and Herzegovina, Italy, Philippines, and Taiwan are not likely to undermine seriously the remedial effect of the antidumping duty orders. Commissioner Jason E. Kearns dissents with respect to the Commission's negative critical circumstances finding on imports of mattresses from Bosnia and Herzegovina.

Enterprises, Inc., Chicago, Illinois; Leggett & Platt, Incorporated, Carthage, Missouri; Serta Simmons Bedding, Inc., Doraville, Georgia; Southerland Inc., Antioch, Tennessee; Tempur Sealy International, Inc., Lexington, Kentucky; the International Brotherhood of Teamsters, Washington, DC; and the United Steel, Paper and Forestry, Rubber, Manufacturing, Energy, Allied Industrial and Service Workers International Union, AFL-CIO, Washington, DC. The Commission scheduled the final phase of the investigations following notification of preliminary determinations by Commerce that imports of mattresses from Bosnia and Herzegovina, Bulgaria, Burma, Italy, Philippines, Poland, Slovenia, and Taiwan were being sold at LTFV within the meaning of § 733(b) of the Act (19 U.S.C. 1673b(b)). Notice of the scheduling of the final phase of the Commission's investigations and of a public hearing to be held in connection therewith was given by posting copies of the notice in the Office of the Secretary, U.S. International Trade Commission, Washington, DC, and by publishing the notice in the Federal Register of March 6, 2024 (89 FR 16026). The Commission conducted its hearing on May 9, 2024. All persons who requested the opportunity were permitted to participate.

The Commission made these determinations pursuant to § 735(b) of the Act (19 U.S.C. 1673d(b)). It completed and filed its determinations in these investigations on June 28, 2024. The views of the Commission are contained in USITC Publication 5520 (June 2024), entitled *Mattresses from Bosnia and Herzegovina, Bulgaria, Burma, Italy, Philippines, Poland, Slovenia, and Taiwan: Investigation Nos. 731–TA–1629–1631, 1633, 1636– 1638, and 1640 (Final).* 

By order of the Commission. Issued: June 28, 2024.
