Office of the Director; Notice of Closed Meeting

Pursuant to section 1009 of the Federal Advisory Committee Act, as amended, notice is hereby given of the following meeting.

The meeting will be closed to the public in accordance with the provisions set forth in sections 552b(c)(4) and 552b(c)(6), title 5 U.S.C., as amended. The grant applications and the discussions could disclose confidential trade secrets or commercial property such as patentable material, and personal information concerning individuals associated with the grant applications, the disclosure of which would constitute a clearly unwarranted invasion of personal privacy.

Name of Committee: Office of Research Infrastructure Programs Special Emphasis Panel (ZOD1), STOD: Biomedical Research Facilities.

Date: July 25, 2024.

Time: 1:00 p.m. to 4:00 p.m.

Agenda: To review and evaluate grant applications.

Place: National Institutes of Health, Center for Scientific Review, 6701 Rockledge Drive, Bethesda, MD 20892 (Virtual Meeting).

Contact Person: Jonathan Ivins, Scientific Review Officer, Center for Scientific Review, National Institutes of Health, Rockledge II, 6701 Rockledge Drive, MSC 7806, Bethesda, MD 20892, (301) 594-1245, ivinsj@csr.nih.gov.

Substance Abuse and Mental Health Services Administration

Agency Information Collection Activities: Proposed Collection; Comment Request

In compliance with section 3506(c)(2)(A) of the Paperwork Reduction Act of 1995 concerning the opportunity for public comment on proposed collections of information, the Substance Abuse and Mental Health Services Administration (SAMHSA) will publish periodic summaries of proposed projects. To request more information on the proposed projects or to obtain a copy of the information collection plans, call the SAMHSA Reports Clearance Officer at (240) 276-0361.

Comments are invited on: (a) Whether the proposed collections of information are necessary for the proper performance of the functions of the agency, including whether the information shall have practical utility; (b) the accuracy of the agency's estimate of the burden of the proposed collection of information; (c) ways to enhance the quality, utility, and clarity of the information to be collected; and (d) ways to minimize the burden of the collection of information on respondents, including through the use of automated collection techniques or other forms of information technology.

Proposed Project: Minority AIDS Initiative: Substance Use Disorder Prevention and Treatment Pilot Program

(MAI PT Pilot) Data Collection Instruments.

The Substance Abuse and Mental Health Services Administration's (SAMHSA) Center for Substance Abuse Prevention (CSAP) and Center for Substance Abuse Treatment (CSAT) are requesting approval from the Office of Management and Budget (OMB) to monitor the Minority AIDS Initiative: Substance Use Disorder Prevention and Treatment Pilot Program (MAI PT Pilot) through administration of a suite of data collection instruments for grant compliance and programmatic performance monitoring. This package describes the data collection activities and proposed instruments. Two instruments will facilitate grant compliance monitoring, and the third instrument is designed for program performance monitoring.

- The *MAI PT Pilot—Organizational Readiness Assessment (MAI-ORA)* is a one-time self-assessment tool intended to guide MAI PT Pilot grant recipients to objectively assess their capacity to provide substance use prevention, substance use disorder or co-occurring mental health disorder treatment, and HIV, viral hepatitis, and sexually transmitted infection prevention, screening, testing, and referral services for racial and ethnic individuals vulnerable to these conditions. Results from the MAI-ORA will allow SAMHSA to determine grantee readiness and capacity to implement their grant program, so that SAMHSA can provide additional support, as needed, to ensure grant compliance.

- The *MAI PT Pilot—Programmatic Progress Report (MAI-PPR)* is a template that grantees will use to report annual progress and will be used to monitor grant compliance.

- The *MAI PT Pilot—Online Reporting Tool (MAI-PORT)* will be used to conduct programmatic performance monitoring. The MAI-PORT is comprised of two main sections: (1) Annual Targets Report section for MAI PT Pilot grant recipients to report annual federal fiscal year programmatic goals, and (2) Quarterly Performance Report for grantees to report grant activities implemented during each federal fiscal quarter. In developing the MAI-PORT Annual Targets Report and the Quarterly Performance Report, CSAP/CSAT sought the ability to elicit programmatic information that demonstrates impact at the program aggregate level.

Data collected through the MAI-PORT are necessary to ensure SAMHSA and grantees comply with requirements under the Government Performance and Results Act Modernization Act of 2010
