Protest of the Proposed RMP Amendment

The BLM planning regulations state that any person who participated in the preparation of the RMP and has an interest that will or might be adversely affected by approval of the proposed RMP amendment may protest its approval to the BLM. Protest on the proposed RMP amendment constitutes the final opportunity for administrative review of the proposed land use planning decisions prior to the BLM adopting an approved RMP amendment. Instructions for filing a protest with the BLM regarding the proposed RMP amendment may be found online (see **ADDRESSES**). All protests must be in writing and mailed to the appropriate address or submitted electronically through the BLM ePlanning project website (see **ADDRESSES**). Protests submitted electronically by any means other than the ePlanning project website will be invalid unless a hard copy of the protest is also submitted. The BLM will render a written decision on each protest. The protest decision of the BLM shall be the final decision of the Department of the Interior. Responses to valid protest issues will be compiled and documented in a Protest Resolution Report made available following the protest resolution online at: <https://www.blm.gov/programs/planning-and-nepa/public-participation/protest-resolution-reports>. Upon resolution of protests, the BLM will issue a Record of Decision and approved RMP amendment.

Before including your phone number, email address, or other personal identifying information in your protest you should be aware that your entire protest—including your personal identifying information—may be made publicly available at any time. While you can ask us in your protest to withhold your personal identifying information from public review, we cannot guarantee that we will be able to do so.

INTERNATIONAL TRADE COMMISSION

[Investigation Nos. 731–TA–1629–1631, 1633, 1636–1638, and 1640 (Final)]

Mattresses From Bosnia and Herzegovina, Bulgaria, Burma, Italy, Philippines, Poland, Slovenia, and Taiwan; Determinations

On the basis of the record¹ developed in the subject investigations, the United States International Trade Commission (“Commission”) determines, pursuant to the Tariff Act of 1930 (“the Act”), that an industry in the United States is materially injured by reason of imports of mattresses from Bosnia and Herzegovina, Bulgaria, Burma, Italy, Philippines, Poland, Slovenia, and Taiwan, provided for in subheadings 9404.21.00, 9404.29.10, and 9404.29.90 of the Harmonized Tariff Schedule of the United States, that have been found by the U.S. Department of Commerce (“Commerce”) to be sold in the United States at less than fair value (“LTFV”).^{2,3}

Background

The Commission instituted these investigations effective July 28, 2023, following receipt of petitions filed with the Commission and Commerce by Brooklyn Bedding LLC, Phoenix, Arizona; Carpenter Company, Richmond, Virginia; Corsicana Mattress Company, Dallas, Texas; Future Foam, Inc., Council Bluffs, Iowa; FXI, Inc., Radnor, Pennsylvania; Kolcraft

¹ The record is defined in § 207.2(f) of the Commission’s Rules of Practice and Procedure (19 CFR 207.2(f)).

² 89 FR 42448 (Bosnia and Herzegovina), 89 FR 42443 (Bulgaria), 89 FR 42427 (Burma), 89 FR 42429 (Italy), 89 FR 42432 (Philippines), 89 FR 42435 (Poland), 89 FR 42437 (Slovenia), 89 FR 42439 (Taiwan), May 15, 2024.

³ The Commission finds that imports subject to Commerce’s affirmative critical circumstances determinations on Burma are likely to undermine seriously the remedial effect of the antidumping duty order. Commissioner David S. Johanson dissents with respect to the Commission’s affirmative critical circumstances finding on imports of mattresses from Burma. The Commission also finds that imports subject to Commerce’s affirmative critical circumstances determinations on Bosnia and Herzegovina, Italy, Philippines, and Taiwan are not likely to undermine seriously the remedial effect of the antidumping duty orders. Commissioner Jason E. Kearns dissents with respect to the Commission’s negative critical circumstances finding on imports of mattresses from Bosnia and Herzegovina.

Enterprises, Inc., Chicago, Illinois; Leggett & Platt, Incorporated, Carthage, Missouri; Serta Simmons Bedding, Inc., Doraville, Georgia; Southerland Inc., Antioch, Tennessee; Tempur Sealy International, Inc., Lexington, Kentucky; the International Brotherhood of Teamsters, Washington, DC; and the United Steel, Paper and Forestry, Rubber, Manufacturing, Energy, Allied Industrial and Service Workers International Union, AFL–CIO, Washington, DC. The Commission scheduled the final phase of the investigations following notification of preliminary determinations by Commerce that imports of mattresses from Bosnia and Herzegovina, Bulgaria, Burma, Italy, Philippines, Poland, Slovenia, and Taiwan were being sold at LTFV within the meaning of § 733(b) of the Act (19 U.S.C. 1673b(b)). Notice of the scheduling of the final phase of the Commission’s investigations and of a public hearing to be held in connection therewith was given by posting copies of the notice in the Office of the Secretary, U.S. International Trade Commission, Washington, DC, and by publishing the notice in the **Federal Register** of March 6, 2024 (89 FR 16026). The Commission conducted its hearing on May 9, 2024. All persons who requested the opportunity were permitted to participate.

The Commission made these determinations pursuant to § 735(b) of the Act (19 U.S.C. 1673d(b)). It completed and filed its determinations in these investigations on June 28, 2024. The views of the Commission are contained in USITC Publication 5520 (June 2024), entitled *Mattresses from Bosnia and Herzegovina, Bulgaria, Burma, Italy, Philippines, Poland, Slovenia, and Taiwan: Investigation Nos. 731–TA–1629–1631, 1633, 1636–1638, and 1640 (Final)*.

By order of the Commission.

Issued: June 28, 2024.

NATIONAL SCIENCE FOUNDATION

Notice of Permit Applications Received Under the Antarctic Conservation Act of 1978

AGENCY: National Science Foundation.

ACTION: Notice of permit applications received.

SUMMARY: The National Science Foundation (NSF) is required to publish a notice of permit applications received to conduct activities regulated under the Antarctic Conservation Act of 1978. NSF has published regulations under the Antarctic Conservation Act in the Code of Federal Regulations. This is the required notice of permit applications received.

DATES: Interested parties are invited to submit written data, comments, or views with respect to this permit application by August 5, 2024. This application may be inspected by interested parties at the Permit Office, address below.

ADDRESSES: Comments should be addressed to Permit Office, Office of Polar Programs, National Science Foundation, 2415 Eisenhower Avenue, Alexandria, Virginia 22314 or ACApermits@nsf.gov.

FOR FURTHER INFORMATION CONTACT: Andrew Titmus, ACA Permit Officer, at the above address, 703-292-4479.

SUPPLEMENTARY INFORMATION: The National Science Foundation, as directed by the Antarctic Conservation Act of 1978 (Pub. L. 95-541, 45 CFR 671), as amended by the Antarctic Science, Tourism and Conservation Act of 1996, has developed regulations for the establishment of a permit system for various activities in Antarctica and designation of certain animals and certain geographic areas as requiring special protection. The regulations establish such a permit system to designate Antarctic Specially Protected Areas.

Application Details

Permit Application: 2025-004

1. *Applicant:* Heather Liwanag, California Polytechnic State University, Department of Biological Sciences, 1 Grand Avenue, San Luis Obispo, CA 93407-0401.

Activity for Which Permit is Requested: Import into USA. The applicant seeks an Antarctic Conservation Act permit to import samples comprising oral swabs, rectal swabs, and serum from 36 adult Weddell seals (*Leptonychotes weddellii*). The samples were collected in 2019 and 2020 by the New Zealand Antarctic program as part of a collaborative disease investigation study. The samples complement additional samples collected by the applicant in 2017 and 2019 under ACA permit 2018-013M#1. The previously collected samples have been stored at McMurdo Station, Antarctica since collection. The samples will assist in investigating the cause of lesions observed in seals during prior fieldwork.

Location: None.

Dates of Permitted Activities: September 01, 2024–August 31, 2025.

Permit Application: 2025-005

2. *Applicant:* Zheng Wang, Center for Biomolecular Science and Engineering, US Naval Research Laboratory, 4555 Overlook Ave. SW, Washington, DC 20375.

Activity for Which Permit is Requested: Introduce Non-Indigenous Species into Antarctica, Import into USA, Export from USA. The applicant seeks an Antarctic Conservation Act permit to introduce desiccated spores of four *Aspergillus niger* strains in Antarctica in order to study the biological effects of cosmic ionizing radiation. The desiccated spores are incapable of growing or dispersing and will be plated onto quartz coupons and glued into a box, which would be assembled in the USA and shipped to McMurdo Station, Antarctica. The samples will be loaded onto a payload of a NASA Long Duration Balloon to be flown over the Antarctic continent at an altitude of 115,000–160,000 ft for approximately 8–15 days. Anticipated flight window would be in December, 2024. Upon termination of the flight, the payload would be recovered from the field and transported back to McMurdo Station. The box containing the desiccated spores would then be shipped back to the USA for analysis.

Location: McMurdo Station, Antarctica.
