AGENCY: Bureau of Indian Affairs, Interior.

ACTION: Notice of Availability.

SUMMARY: This notice advises the public that the Bureau of Indian Affairs (BIA), as lead agency, with the National Indian Gaming Commission (NIGC) and United States Environmental Protection Agency (EPA) serving as cooperating agencies, has filed a Draft Environmental Impact Statement (DEIS) with the EPA in connection with the Koi Nation of Northern California's (Koi Nation) application for acquisition in trust by the United States of approximately 68.60 acres adjacent to the Town of Windsor, Sonoma County, California for gaming and other purposes. This notice also announces that the DEIS is now available for public review and that a public hearing will be held to receive comments on the DEIS. In accordance with section 176 of the Clean Air Act and the EPA's general conformity regulations, a Draft Conformity Determination (DCD) has been prepared for the Shiloh Resort and Casino Project.

The DCD is contained within appendix F–2 of the DEIS.

DATES: Comments on the DEIS or DCD must arrive no later than 45 days after publication of Notice of Availability by the EPA in the **Federal Register**. SUPPLEMENTARY INFORMATION: Public review of the DEIS is part of the administrative process for the evaluation of the Koi Nation's application to the BIA for the placement of approximately 68.60 acres of fee land in trust by the United States. The proposed trust property is Sonoma County assessor's parcels number 059–300–003 and is located adjacent to the Town of Windsor, Sonoma County, California. The Koi Nation proposes to construct a casino resort on the property.

The BIA previously prepared an EA that analyzed the potential environmental effects of the proposed action. The EA was made available for

public comments and was the subject of a public meeting. Upon consideration of the public and agency comments received, the BIA has decided to prepare an EIS to further analyze the environmental effects which may result from the proposed action. A Notice of Intent (NOI) to prepare an EIS was published in the **Federal Register** and *The Press Democrat* on March 8, 2024.

Background: The Koi Nation's proposed project consists of the following components: (1) transfer of the 68.6-acre Project Site into federal trust status for the benefit of the Koi Nation for gaming purposes (Proposed Action); and (2) the subsequent development by the Koi Nation of a resort facility that includes a casino, hotel, ballroom/meeting space, event center, spa, and associated parking and infrastructure on the Project Site (Proposed Project). The following alternatives are considered in the DEIS: (A) Proposed Project; (B) Reduced Intensity Alternative; (C) Non-Gaming Alternative; and (D) No Action Alternative. Environmental issues addressed in the DEIS include land resources; water resources; air quality and climate change; noise; biological resources; cultural and paleontological resources; transportation and circulation; land use; hazardous materials and hazards; public services and utilities; socioeconomic; environmental justice; visual resources; and cumulative, indirect, and growth-inducing effects.
