SUPPLEMENTARY INFORMATION:

Background: The EFAB is an EPA advisory committee chartered under the Federal Advisory Committee Act (FACA), 5 U.S.C. App. 2, to provide advice and recommendations to the EPA on innovative approaches to funding environmental programs, projects, and activities. Administrative support for the EFAB is provided by the Water Infrastructure and Resiliency Finance Center within the EPA's Office of Water. Pursuant to FACA and EPA policy, notice is hereby given that the EFAB will hold a public webinar for the following purpose: Provide workgroup updates and work products for the Board's GGRF charge.

Availability of Webinar Materials: Webinar materials, including the agenda and associated materials, will be available on the EPA's website at <https://www.epa.gov/waterfinancecenter/efab>.

Procedures for Providing Public Input: Public comment for consideration by the EPA's Federal advisory committees has a different purpose from public comment provided to the EPA program offices. Therefore, the process for submitting comments to a Federal advisory committee is different from the process used to submit comments to an EPA program office. Federal advisory committees provide independent advice to the EPA. Members of the public may submit comments on matters being considered by the EFAB for consideration as the Board develops its advice and recommendations to the EPA.

Written Statements: Written statements should be received by July 25, 2024, so that the information can be made available to the EFAB for its consideration prior to the webinar. Written statements should be sent via email to efab@epa.gov. Members of the public should be aware that their personal contact information, if included in any written comments, may be posted to the EFAB website. Copyrighted material will not be posted without explicit permission of the copyright holder.

Accessibility: For information on access or services for individuals with disabilities or to request accommodations for a disability, please register for the webinar and list any special requirements or accommodations needed on the registration form at least 10 business days prior to the webinar to allow as much time as possible to process your request.
