SUPPLEMENTARY INFORMATION:

Public Participation and Request for Comments

This notice relies on the authority of the Paperwork Reduction Act of 1995; 44 U.S.C. 3501 *et seq.*, chapter 35, as amended. An ICR is an application to OIRA seeking the approval, extension, or renewal of a Coast Guard collection of information (Collection). The ICR contains information describing the Collection’s purpose, the Collection’s likely burden on the affected public, an explanation of the necessity of the Collection, and other important information describing the Collection. There is one ICR for each Collection.

The Coast Guard invites comments on whether this ICR should be granted based on the Collection being necessary for the proper performance of Departmental functions. In particular, the Coast Guard would appreciate comments addressing: (1) the practical utility of the Collection; (2) the accuracy of the estimated burden of the Collection; (3) ways to enhance the quality, utility, and clarity of information subject to the Collection; and (4) ways to minimize the burden of the Collection on respondents, including the use of automated collection techniques or other forms of information technology.

In response to your comments, we may revise this ICR or decide not to seek

an extension of approval for the Collection. We will consider all comments and material received during the comment period.

We encourage you to respond to this request by submitting comments and related materials. Comments must contain the OMB Control Number of the ICR and the docket number of this request, USCG-2024-0386, and must be received by September 9, 2024.

Information Collection Request

Title: Regattas and Marine Parades.
OMB Control Number: 1625-0008.

Summary: 46 U.S.C. 70041 authorizes the Coast Guard to issue regulations to promote the safety of life on navigable waters during regattas or marine parades. Title 33 CFR 100.15 promulgates the rules for providing notice of, and additional information for permitting regattas and marine parades (marine events) to the Coast Guard.

Need: The Coast Guard needs to determine whether a marine event may present a substantial threat to the safety of human life on navigable waters and determine which measures are necessary to ensure the safety of life during the events. Sponsors must notify the Coast Guard of the efficient means for the Coast Guard to learn of the events and address environmental impacts.

Forms: CG-4423, Application for Marine Event.

Respondents: Sponsors of marine events.

Frequency: On occasion.

Hour Burden Estimate: The estimated burden is 3,349 hours per year. The estimated burden hours are reduced from 3,750 to 3,349 due to the decrease in marine event permit requests in 2020, the increase of respondents submitting applications online as well as increased accuracy in tracking Marine Event Permit activities in the Marine Information for Safety and Law Enforcement (MISLE) database.

Authority: The Paperwork Reduction Act of 1995; 44 U.S.C. chapter 35, as amended.

Dated: July 1, 2024.

Kathleen Claffie,

Chief, Office of Privacy Management, U.S. Coast Guard.
