### Cash Deposit Requirements

The following cash deposit requirements will be effective for all shipments of the subject merchandise entered, or withdrawn from warehouse, for consumption on or after the publication date of the final results of this administrative review, as provided by section 751(a)(2)(C) of the Act: (1) the cash deposit rate for CS Wind will be equal to the weighted-average dumping margin established in the final results of this administrative review; (2) for merchandise exported by a company not covered in this administrative review but covered in a prior completed segment of the proceeding, the cash deposit rate will continue to be the company-specific rate published for the most recently completed segment of this proceeding; (3) if the exporter is not a firm covered in this review, a prior review, or the original LTFV investigation, but the producer is, the cash deposit rate will be the rate established for the most recently completed segment of this proceeding for the producer of the subject merchandise; and (4) the cash deposit rate for all other producers and exporters will continue to be 0.00 percent, the all-others rate established in the LTFV investigation, adjusted for the export-subsidy rate in the companion countervailing duty investigation.<sup>9</sup> These cash deposit requirements, when imposed, shall remain in effect until further notice.

#### Establishing an Advisory Council Pursuant to the National Marine Sanctuaries Act and Solicitation for Applications for the Proposed Lake Erie National Marine Sanctuary Advisory Council

**AGENCY:** Office of National Marine Sanctuaries (ONMS), National Ocean Service (NOS), National Oceanic and Atmospheric Administration (NOAA), Department of Commerce (DOC).

**ACTION:** Notice of solicitation.

**SUMMARY:** Notice is hereby given that NOAA is establishing a national marine sanctuary advisory council (council) for the proposed Lake Erie National Marine Sanctuary. The council will provide advice and recommendations to ONMS regarding the sanctuary's designation. As a result, ONMS is adding the new council to the list of established

national marine sanctuary advisory councils. ONMS solicits applications to fill council seats on an as needed basis and is seeking applicants for seats on the proposed Lake Erie National Marine Sanctuary Advisory Council. This notice contains web page links and contact information for the proposed Lake Erie National Marine Sanctuary and application materials to apply for the newly established advisory council.

**DATES:** Applications for membership on the proposed Lake Erie Sanctuary Advisory Council need to be received by Wednesday, August 28, 2024.

**ADDRESSES:** For further information contact: Ellen Brody, Great Lakes Regional Coordinator, NOAA Office of National Marine Sanctuaries, 4840 South State Rd., Ann Arbor, MI 48108, or call 734-741-2270, or email [ellen.brody@noaa.gov](mailto:ellen.brody@noaa.gov).

### SUPPLEMENTARY INFORMATION:

#### I. Background

Section 315 of the National Marine Sanctuaries Act (NMSA) (16 U.S.C. 1445a) authorizes the Secretary of Commerce to establish advisory councils to advise and make recommendations regarding the designation and management of national marine sanctuaries. NOAA is establishing a new sanctuary advisory council for the proposed national marine sanctuary in Lake Erie to serve as a liaison with the local community and provide guidance and advice to ONMS regarding the designation. The advisory council for the proposed sanctuary in Lake Erie was not established when ONMS published its annual announcement on May 24, 2024 that was advertising to fill vacant seats on the other 17 councils (89 FR 45854). Therefore, ONMS is adding the new advisory council to the list of sites with open vacancies and announcing that it is soliciting applications to fill the council's seats. Applications are due Wednesday, August 28, 2024.

In the following Supplementary Information section, NOAA provides details regarding ONMS, the role of advisory councils, and contact information for the Proposed Lake Erie National Marine Sanctuary.

#### II. Office of National Marine Sanctuaries (ONMS)

ONMS serves as the trustee for a network of underwater parks encompassing more than 620,000 square miles of marine and Great Lakes waters from Washington state to the Florida Keys, and from Lake Huron to American Samoa. The network includes a system of 16 national marine sanctuaries and

<sup>9</sup> See *Order* at 69015.

the Papahānaumokuākea and Rose Atoll marine national monuments. National marine sanctuaries protect our nation's most vital coastal and marine natural and cultural resources, and through active research, management, and public engagement, sustain healthy environments that are the foundation for thriving communities and stable economies.

One of the many ways ONMS ensures public participation in the designation and management of national marine sanctuaries is through the formation of advisory councils. Advisory councils are community-based groups established to provide advice and recommendations to ONMS on issues including management, science, service, and stewardship, as well as to serve as liaisons between their constituents in the community and the site. Pursuant to Section 315(a) of the NMSA, advisory councils are exempt from the requirements of the Federal Advisory Committee Act. Additional information on ONMS and its advisory councils can be found at <http://sanctuaries.noaa.gov>.

### III. Advisory Council Membership

Under section 315a(b) of the NMSA, advisory council members may be appointed from among: (1) Persons employed by federal or state agencies with expertise in natural resources management; (2) members of relevant regional fishery management councils; and (3) representatives of local user groups, conservation and other public interest organizations, scientific organizations, educational organizations, or others interested in the protection and multiple use management of sanctuary resources. 16 U.S.C. 1455a(b).

The charter for each advisory council defines the number and type of seats and positions on the council. The advisory council charter for the proposed national marine sanctuary in Lake Erie identifies the following initial, non-governmental voting seat types: citizen-at-large; commercial/charter fishing; divers, dive clubs, and archaeology; economic development; education (K–12); higher education; historically underserved populations; history/maritime heritage and public interpretation; maritime industry; outdoor recreation; recreational fishing; research, science and technology; and tourism and marketing. Initially, the council will also have non-voting seats for government agencies, youth, and federally-recognized Indigenous Nations and Tribes. Recognizing the cultural significance of this area to Indigenous Nations and Tribes, NOAA welcomes the participation of such interested

Nations and Tribes on the council. This could involve multiple Nations and Tribes. Nations and Tribes interested in participating in the advisory council should contact the NOAA representative identified in the **ADDRESSES** section. Participation on the council does not take the place of government-to-government consultation nor does it serve as the only opportunity for engagement between NOAA and federally recognized Indigenous Nations and Tribes.

For each of the existing advisory councils, applicants are chosen based upon their particular expertise and experience in relation to the seat for which they are applying; community and professional affiliations; views regarding the protection and management of marine or Great Lakes resources; and possibly the length of residence in the area affected by the site. Council members and alternates for the proposed Lake Erie National Marine Sanctuary Advisory Council serve three-year terms or until a post-designation sanctuary advisory council is established, as reflected in the signed charter.

More information on advisory council membership and processes, and materials related to the purpose, policies, and operational requirements for advisory councils can be found in the charter for a particular advisory council ([http://sanctuaries.noaa.gov/management/ac/council\\_charters.html](http://sanctuaries.noaa.gov/management/ac/council_charters.html)) and the National Marine Sanctuary Advisory Council Implementation Handbook (<http://sanctuaries.noaa.gov/management/ac/acref.html>). For more information about the new advisory council for the proposed national marine sanctuary in Lake Erie, including seat descriptions and application materials, please visit <https://sanctuaries.noaa.gov/lake-erie/>.
