

Annual Burden Hours: 4,167.

Needs and Uses: Recent suicide clusters aboard Naval vessels have highlighted a critical need to better understand risk factors for suicide among various shipboard environments (e.g., in maintenance yards, at sea). Unfortunately, extremely limited research to date has identified individual and organizational factors that are directly associated with harmful and destructive behaviors, including suicidality, in a variety of Naval environments. In response, the Office of Naval Research and the Defense Health Agency have funded a longitudinal study called the Challenges of Operational Environments Study to identify specific shipboard stressors associated with different phases of the aircraft carrier life cycle and determine the effects of these stressors on Sailor's mental and behavioral health and readiness. Research is needed to provide the Navy with in-depth information on specific risks to Sailors at each phase of the carrier cycle, such that allocation of resources to prevent suicidality and other mental/behavioral health problems can be tailored to meet potentially unique needs at each phase. Additionally, findings from the proposed effort will be used to develop targeted recommendations to improve Sailor mental health and well-being that will be provided directly to Navy leaders.

SUPPLEMENTARY INFORMATION:

Title; Associated Form; and OMB Number: CATCH Program; OMB Control Number 0703-0069.

Needs and Uses: Section 543 of Public Law 113-291, the National Defense Authorization Act for Fiscal Year 2015 requires that an individual who files a restricted report on an incident of sexual assault may elect to inform a Military Criminal Investigative Organization (MCIO) on a confidential basis and without affecting the restrictive nature of the report.

The MCIOs will use the information collected to query unrestricted sexual assault investigations and existing restricted reports in the CATCH database and potentially identify serial sexual assault offenders in both restricted and unrestricted reports of sexual assault. Respondents to this information collection are victims in restricted reports of sexual assault made to the Department of Defense. The respondents are providing information for this collection because upon making their restricted report of sexual assault to a Sexual Assault Response Coordinator, each respondent was given the option of voluntarily making a submission to this database. The respondents who elect to participate can do so by providing information electronically or through a CATCH submission form. The successful end result of this information collection is the identification of serial sexual assault offenders that otherwise may have gone undetected if the information had remained restricted from MCIO access.

OMB Control Number: 1840-0850.

Type of Review: Revision of a

Respondents/Affected Public: State,

*Total Estimated Number of Annual

*Total Estimated Number of Annual
Burden Hours:* 2,160.

Abstract: Under the current
unprecedented national health
emergency, the legislative and executive
branches of government have come
together to offer relief to those
individuals and industries affected by
the COVID-19 virus under the
Coronavirus Aid, Relief, and Economic
Security (CARES) Act, the Coronavirus
Response and Relief Supplemental
Appropriations Act (CRRSAA), and the
American Rescue Plan (ARP). In each of
these statutes, targeted relief to
institutions of higher education (IHEs)
was made available under the Higher
Education Emergency Relief Fund
(HEERF). HEERF, originally established
by section 18004(a) of the CARES Act,
Public Law 116-136 (March 27, 2020)
and expanded through CRRSAA and
ARP, authorizes the Secretary of
Education to allocate formula grant

funds to participating IHEs to address
impacts of the COVID-19 virus.

This information collection requests
approval for a revision to a previously
approved collection that includes
annual reporting requirements to
comply with the requirements of the
HEERF program and obtain information
on how the funds were used. The
revision simplifies the collection by
substantially reducing the number of
items because specific grant activities
within HEERF have expired and many
of the items have become moot. In
accordance with the Recipients Funding
Certification and Agreements executed
by HEERF grantees, the Secretary may
specify additional forms of reporting.

Dated: July 9, 2024.
