

*Type of Request:* Revision of a currently approved collection.  
*Form Number:* N/A.

*Description of the need for the information and proposed use:* The Office of Policy Development and Research (PD&R), at the U.S. Department of Housing and Urban Development (HUD), is proposing the collection of additional information for the Eviction Protection Grant Program (EPGP).

The goal of this effort is to facilitate required management functions and analyses of the outcomes of HUD’s Eviction Protection Grant Program. This research is expected to help the Federal government, states, and communities throughout the United States improve

housing stability for households at risk of eviction or subject to eviction. In addition, this program can benefit municipalities and landlords per avoidance of evictions, improved timelines for evictions, reducing unpaid unit vacancies, and reducing the costs of litigation. This research will be used to assess the overall program, to include grantee and client outcomes. It will also assess variations in regional and local implementation of EPGP grants. The findings will support HUD in identifying opportunities for changes to legislation, policy, and program implementation for eviction support services.

This **Federal Register** Notice provides an opportunity to comment on the

information collection for this effort entitled Updating Eviction Protection Grant Program Documents. This information collection is designed to support the study of households at risk of or subject to eviction, specifically to identify effective processes and corresponding outcomes for eviction support programs and translate this research into actionable programmatic recommendations with appropriate timelines, policy making and implementation changes to improve these outcomes. The project includes data collection among HUD EPGP grantees and clients who receive eviction support services.
