

and (4) ways to minimize the burden of the Collection on respondents, including the use of automated collection techniques or other forms of information technology. These comments will help OIRA determine whether to approve the ICR referred to in this Notice.

We encourage you to respond to this request by submitting comments and related materials. Comments to Coast Guard or OIRA must contain the OMB Control Number of the ICR. They must also contain the docket number of this request, USCG–2024–0239, and must be received by August 15, 2024.

Submitting Comments

We encourage you to submit comments through the Federal eRulemaking Portal at <https://www.regulations.gov>. If your material cannot be submitted using <https://www.regulations.gov>, contact the person in the **FOR FURTHER INFORMATION CONTACT** section of this document for alternate instructions. Documents mentioned in this notice, and all public comments, are in our online docket at <https://www.regulations.gov> and can be viewed by following that website's instructions. Additionally, if you go to the online docket and sign up for email alerts, you will be notified when comments are posted.

We accept anonymous comments. All comments to the Coast Guard will be posted without change to <https://www.regulations.gov> and will include any personal information you have provided. For more about privacy and submissions to the Coast Guard in response to this document, see DHS's eRulemaking System of Records notice (85 FR 14226, March 11, 2020). For more about privacy and submissions to OIRA in response to this document, see the <https://www.reginfo.gov>, comment-submission web page. OIRA posts its decisions on ICRs online at <https://www.reginfo.gov/public/do/PRAMain> after the comment period for each ICR. An OMB Notice of Action on each ICR will become available via a hyperlink in the OMB Control Number: 1625–0106.

Previous Request for Comments

This request provides a 30-day comment period required by OIRA. The Coast Guard published the 60-day notice (89 FR 23603, April 4, 2024) required by 44 U.S.C. 3506(c)(2). That notice elicited no comments. Accordingly, no changes have been made to the Collection.

Information Collection Request

Title: Unauthorized Entry into Cuban Territorial Waters.

OMB Control Number: 1625–0106.

Summary: The Coast Guard, pursuant to Presidential proclamation and order of the Secretary of Homeland Security, is requiring U.S. vessels, and vessels without nationality, less than 100 meters, located within the internal waters or the 12 nautical mile territorial sea of the United States, that thereafter enter Cuban territorial waters, to apply for and receive a Coast Guard permit.

Need: The information is collected to regulate departure from U.S. territorial waters of U.S. vessels, and vessels without nationality, and entry thereafter into Cuban territorial waters. The need to regulate this vessel traffic supports ongoing efforts to enforce the Cuban embargo, which is designed to bring about an end to the current government and a peaceful transition to democracy. Accordingly, only applicants that demonstrate prior U.S. government approval for exports to and transactions with Cuba will be issued a Coast Guard permit.

The permit regulation requires that applicants hold United States Department of Commerce, Bureau of Industry and Security (BIS) and U.S. Department of Treasury the Office of Foreign Assets Control (OFAC) licenses that permit exports to and transactions with Cuba. The USCG permit process thus allows the agency to collect information from applicants about their status vis-à-vis BIS and OFAC licenses and monitor compliance with BIS and OFAC regulations. These two agencies administer statutes and regulations that proscribe exports to (BIS) and transactions with (OFAC) Cuba. Accordingly, in order to assist BIS and OFAC in the enforcement of these license requirements, as directed by the President and the Secretary of Homeland Security, the Coast Guard is requiring certain U.S. vessels, and vessels without nationality, to demonstrate that they hold these licenses before they depart for Cuban waters.

Forms: CG–3300, Application for Permit to Enter Cuban Territorial Seas.

Respondents: Owners and operators of vessels.

Frequency: On occasion.

Hour Burden Estimate: The estimated burden remains around 5 hours per year.

Authority: The Paperwork Reduction Act of 1995; 44 U.S.C. *et seq.*, chapter 35, as amended.

Dated: June 10, 2024.

Kathleen Claffie,

Chief, Office of Privacy Management, U.S. Coast Guard.

[FR Doc. 2024–15496 Filed 7–15–24; 8:45 am]

BILLING CODE 9110–04–P

DEPARTMENT OF HOMELAND SECURITY

Federal Emergency Management Agency

[Docket ID: FEMA–2024–0008; OMB No. 1660–0023]

Agency Information Collection Activities: Submission for OMB Review, Comment Request; Community Assistance Contact (CAC) Reports, Community Assistance Visit (CAV) Reports, and National Flood Insurance Program (NFIP) Compliance Audit Reports

AGENCY: Federal Emergency Management Agency, Department of Homeland Security.

ACTION: 30-Day notice of revision and request for comments.

SUMMARY: The Federal Emergency Management Agency (FEMA) will submit the information collection abstracted below to the Office of Management and Budget for review and clearance in accordance with the requirements of the Paperwork Reduction Act of 1995. FEMA invites the general public to take this opportunity to comment on a revision of a currently approved information collection. In accordance with the requirements of the Paperwork Reduction Act of 1995, this notice seeks comments concerning the effectiveness of a community's implementation of the National Flood Insurance Program's (NFIP's) Community Assistance Contact (CAC) and Community Assistance Visits (CAV) Reports. FEMA is moving away from CAV and CAC reports to the newly designed process of NFIP Compliance Audits in response to a report issued on May 5, 2020, by the Government Accounting Office (GAO) entitled "National Flood Insurance Program: FEMA Can Improve Community Oversight and Data Sharing." This report gave several recommendations including the following: assess different approaches for ensuring compliance with NFIP requirements and ensure data on community visits are up-to-date and complete. While the new NFIP Compliance Audit process aligns with the old CAV and CAC processes, it is more organized, more consistent, more transparent, allows for better

documentation, and more efficiently focuses resources to where they are needed most.

DATES: Comments must be submitted on or before August 15, 2024.

ADDRESSES: Written comments and recommendations for the proposed information collection should be sent within 30 days of publication of this notice to www.reginfo.gov/public/do/PRAMain. Find this particular information collection by selecting “Currently under 30-day Review—Open for Public Comments” or by using the search function.

FOR FURTHER INFORMATION CONTACT: Requests for additional information or copies of the information collection should be made to Director, Information Management Division, 500 C Street SW, Washington, DC 20472, email address FEMA-Information-Collections-Management@fema.dhs.gov or Sarah Owen, Program Specialist, Floodplain Management Division, Mitigation Directorate, Federal Insurance and Mitigation Administration, FEMA at Sarah.Owen@fema.dhs.gov or (510) 409-4818.

SUPPLEMENTARY INFORMATION: The National Flood Insurance Program (NFIP) codified at 42 U.S.C. 4001, *et seq.* is authorized by Public Law 90-448 (1968) and expanded by Public Law 93-234 (1973). The Department of Homeland Security, Federal Emergency Management Agency (FEMA) administers the NFIP. The NFIP’s major objective is to assure that participating communities are achieving the flood loss reduction objectives through adoption and enforcement of adequate land use and control measures. Sections 1315 and 1361 provide the basis for FEMA’s process to evaluate how well communities are implementing their floodplain management programs. Title 44 CFR 59.22 directs the respondent to submit evidence of the corrective and preventive measures taken to meet the flood loss reduction objectives.

The two key methods FEMA uses in determining community assistance needs are through the Community Assistance Contact (CAC) and Community Assistance Visit (CAV), which serve to provide a systematic means of monitoring community NFIP compliance. Through the CAC and CAV, FEMA can also determine to what extent communities are achieving the flood loss reduction objectives of the NFIP. By providing assistance to communities, the CAC and CAV also serve to enhance FEMA’s goals of reducing future flood losses, thereby achieving the NFIP’s cost-containment objective. The burden hours and costs

associated with this collection were re-evaluated which led to the main revision in this extension request.

FEMA is moving away from CAV and CAC reports to the newly designed process of NFIP Compliance Audits in response to a report issued on May 5, 2020, by the Government Accounting Office (GAO) entitled “National Flood Insurance Program: FEMA Can Improve Community Oversight and Data Sharing.” This report gave several recommendations including the following: assess different approaches for ensuring compliance with NFIP requirements and ensure data on community visits are up-to-date and complete. While the new NFIP Compliance Audit process aligns with the old CAV and CAC processes, it is more organized, more consistent, more transparent, and allows for better documentation. The main efficiency gained in the new process is that it is a progressive audit which allows for varying depths of investigation based on the community’s needs. Another efficiency is a compliance score. These two improvements will allow FEMA to better utilize limited resources to increase community compliance.

FEMA is also adding the collection of information from NFIP-participating communities in order to comply with the Endangered Species Act. The information may include the impact of the proposed development on the natural floodplain functions, the amount of fill, compensatory storage information, the amount of impervious surface, the area in which clearing/grading may occur, the number of trees removed, and other information related to hydraulic connections.

This proposed information collection previously published in the **Federal Register** on March 28, 2024, at 89 FR 21534 with a 60-day public comment period. FEMA received no public comments. The purpose of this notice is to notify the public that FEMA will submit the information collection abstracted below to the Office of Management and Budget for review and clearance.

Collection of Information

Title: Community Assistance Contact (CAC) Reports, Community Assistance Visit (CAV) Reports, and National Flood Insurance Program (NFIP) Compliance Audit Reports.

Type of Information Collection: Revision of a currently approved information collection.

OMB Number: 1660-0023.

FEMA Forms: FEMA Form FF-206-FY-21-141 (formerly 086-0-28(E)), Community Assistance Visit (CAV)

Report; FEMA Form FF-206-FY-21-142 (formerly 086-0-29(E)), Community Assistance Contact (CAC) Report; and FEMA Form FF-206-FY-24-100, NFIP Compliance Audit Report.

Abstract: FEMA previously used the Community Assistance Contact (CAC) and the Community Assistance Visit (CAV) to make a comprehensive assessment of a community’s floodplain management program. Through this assessment, FEMA assisted the community to understand the NFIP’s requirements and implement effective flood loss reductions measures. Communities can achieve cost savings through flood mitigation actions by way of insurance premium discounts and reduced property damage. The CAV and CAC processes have been updated recently to the NFIP Compliance Audit process which aims to do a more efficient, consistent and transparent job of assessing the community’s floodplain management program, providing them with the needed technical assistance to improve it, and documenting the results for data analysis.

Affected Public: State, Local or Tribal Governments.

Estimated Number of Respondents: 102.

Estimated Number of Responses: 4,002.

Estimated Total Annual Burden Hours: 48,002.

Estimated Total Annual Respondent Cost: \$2,361,698.

Estimated Respondents’ Operation and Maintenance Costs: \$0.

Estimated Respondents’ Capital and Start-Up Costs: \$0.

Estimated Total Annual Cost to the Federal Government: \$2,216,556.

Comments

Comments may be submitted as indicated in the **ADDRESSES** caption above. Comments are solicited to (a) evaluate whether the proposed data collection is necessary for the proper performance of the Agency, including whether the information shall have practical utility; (b) evaluate the accuracy of the Agency’s estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used; (c) enhance the quality, utility, and clarity of the information to be collected; and (d) minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology,

e.g., permitting electronic submission of responses.

Millicent Brown Wilson,

Records Management Branch Chief, Office of the Chief Administrative Officer, Mission Support, Federal Emergency Management Agency, Department of Homeland Security.

DEPARTMENT OF HOMELAND SECURITY

Federal Emergency Management Agency

[Docket ID: FEMA–2024–0021; OMB No. 1660–0144]

Agency Information Collection Activities: Proposed Collection; Comment Request; Individual & Community Preparedness Division (ICPD) Youth Preparedness Council (YPC) Application Form

AGENCY: Federal Emergency Management Agency, Department of Homeland Security.

ACTION: 60-Day notice of extension and request for comments.

SUMMARY: The Federal Emergency Management Agency (FEMA), as part of its continuing effort to reduce paperwork and respondent burden, invites the general public to take this opportunity to comment on an extension, without change, of a currently approved information collection. In accordance with the Paperwork Reduction Act of 1995, this notice seeks comments concerning this collection allowing potential candidates to apply for FEMA's Youth Preparedness Council.

DATES: Comments must be submitted on or before September 16, 2024.

ADDRESSES: To avoid duplicate submissions to the docket, please submit comments at www.regulations.gov under Docket ID FEMA–2024–0021. Follow the instructions for submitting comments.

All submissions received must include the agency name and Docket ID. Regardless of the method used for submitting comments or material, all submissions will be posted, without change, to the Federal eRulemaking Portal at <http://www.regulations.gov>, and will include any personal information you provide. Therefore, submitting this information makes it public. You may wish to read the Privacy and Security Notice that is available via a link on the homepage of www.regulations.gov.

FOR FURTHER INFORMATION CONTACT:

Shanna Scherbinske, Emergency Management Specialist, Individual and Community Preparedness Division at 202–286–3052 or Shanna.Scherbinske@fema.dhs.gov. You may contact the Information Management Division for copies of the proposed collection of information at email address: FEMA-Information-Collections-Management@fema.dhs.gov.

SUPPLEMENTARY INFORMATION: The FEMA Youth Preparedness Council (YPC) was formed to bring together youth leaders from across the country who are highly interested and engaged in advocating youth preparedness and making a difference in their communities. This collection meets the requirements of 6 U.S.C. 742, National Preparedness, and Presidential Policy Directive—8 (PPD–8) which emphasize the need for involvement from all sectors of society in preparing for and responding to threats and hazards.

This application form is used to select interested council members based on dedication to public service, efforts in making a difference in their community, and potential for expanding their impact as a national advocate for youth preparedness.

Council member activities and their involvement in the Council are in alignment with goals 5.2. and 5.3 from the Quadrennial Homeland Security Review (QHSR). Members are expected to represent the youth perspective on emergency preparedness and take information back to their communities to share. Council members are expected to develop and complete preparedness-related projects.

Youth apply using personal identifiable demographic and contact information, which FEMA retains confidentially for the purposes of providing acceptance/denial responses to applicants and determining a representative sample of applicants. Letters of recommendation and academic records are required, while supplemental materials highlighting past achievements are encouraged.

Collection of Information

Title: Individual & Community Preparedness Division (ICPD) Annual Youth Preparedness Council (YPC) Application Form.

Type of Information Collection: Extension, without change, of a currently approved information collection.

OMB Number: 1660–0144.

FEMA Forms: FEMA Form FF–008–FY–21–111 (formerly 008–0–0–24), FEMA Youth Preparedness Council Application.

Abstract: The FEMA Youth Preparedness Council (YPC) was formed to bring together youth leaders from across the country who are highly interested and engaged in advocating youth preparedness and making a difference in their communities.
