L. 118–63) allows an examiner to administer a practical test or proficiency check if such examiner meets the medical qualification requirements under 14 CFR part 68 if the operation being conducted is in a covered aircraft, as such term is defined in § 2307(j) of the FAA Extension, Safety, and Security Act of 2016 (Pub. L. 114–190). Section 815 directs the FAA to issue a final rule to implement the provisions of § 815 not later than three years after the date of enactment of the FAA Reauthorization Act of 2024. The petitioner seeks to use the allowances in § 815 prior to the FAA issuing such a final rule. Further, the petitioner cited in an addendum to the original petition the June 18, 2024, *Removal of Check Pilot Medical Certificate Requirement* final rule (89 FR 51415) as further justification for grant of this petition.
