The public and agency scoping process is continuing with the publication of this NOI. PennDOT will maintain and update the project website, as identified in the **ADDRESSES** section of this notice, to direct the public to the Final State College Area Connector Planning and Environmental Linkages Report and associated scoping documents and solicit public input. Additionally, PennDOT will continue to conduct targeted outreach to communities in and around the project area. A 30-day public comment period is being held in association with the publication of the NOI in the **Federal Register**. There will be at least three more public involvement opportunities for the State College Area Connector

Project. During project Scoping, there will be two public open house meetings. The first Scoping public open house meeting will occur after the NOI is issued and will present detailed traffic analysis, updated environmental features, and preliminary engineering alignment alternatives. The second Scoping public open house meeting will be held following alternative refinement and identification of a draft recommended preferred alternative. This public open house meeting will also present the revised preliminary alignment alternatives, associated potential environmental effects, and conceptual mitigation. Lastly, following the issuance of the Notice of Availability of the Draft EIS, a public hearing with an option for multiple nights, if necessary, will be held. Refer to the Coordination Plan for Public Involvement for more information.
