The Law Enforcement Officer Evaluation records within this system of records are considered examination material used to determine if an individual has the qualifications to become a VA police officer. The function of the VA Police Service is to provide for the

maintenance of law and order and the protection of persons and property on Department property, and having qualified individuals is critical to this function. This system of records has been created to collect testing and examination materials used to determine qualifications for VA police officers' fitness for service within VA.

Based upon the foregoing, the VA Secretary has exempted this system of records, to the extent that it encompasses information pertaining to testing or examination material used solely to determine qualifications for appointment or fitness for duty in the Federal service from the following provisions of the Privacy Act of 1974, as permitted by 5 U.S.C. 552a(k); 5 U.S.C. 552a(c)(3); 5 U.S.C. 552a(d)(1) through (d)(4); 5 U.S.C. 552a(e)(1); 5 U.S.C. 552a(e)(4)(G), (H) and (I); and 5 U.S.C. 552a(f).

Reasons for exemptions: The exemption of information and material in this system of records is necessary to assist in the accomplishment of the law enforcement functions of the VA Police Service by ensuring qualified individuals are determined fit for duty and selected as VA Police Officer. Sharing the testing and examinations materials and records with individuals seeking a position with the VA Police Service would compromise the examination process and undermine VA's ability to ensure qualified individuals are determined fit for service within the VA Police Service.
