SUPPLEMENTARY INFORMATION:

Background

On April 2, 2024, Commerce published the preliminary results of the 2022–2023 administrative review of the antidumping duty order on citric acid and certain citrate salts (citric acid) from Belgium¹ in the **Federal Register** and invited interested parties to comment.² We received no comments from interested parties on the *Preliminary Results*, and we have made no changes to the *Preliminary Results*. Accordingly, no decision memorandum accompanies this **Federal Register** notice. The *Preliminary Results* are hereby adopted in these final results. Commerce conducted this administrative review in accordance with section 751(a) of the Tariff Act of 1930, as amended (the Act).

Scope of the Order

The products covered by this *Order* include all grades and granulation sizes

of citric acid, sodium citrate, and potassium citrate in their unblended forms, whether dry or in solution, and regardless of packaging type. For a full description of the scope of the *Order*, see the Preliminary Decision Memorandum.

Final Results of Review

We determine that the following weighted-average dumping margin exists for the period July 1, 2022, through June 30, 2023:

Producer/exporter	Weighted-average dumping margin (percent)
Citribel nv	0.00

Disclosure

Normally, Commerce discloses to interested parties the calculations of the final results of an administrative review within five days of a public announcement or, if there is no public announcement, within five days of the date of publication of the notice of final results in the **Federal Register**, in accordance with 19 CFR 351.224(b). However, because we have made no changes to the *Preliminary Results*, there are no calculations to disclose.

Assessment Rates

Consistent with section 751(a)(2)(C) of the Act and 19 CFR 351.212(b), upon completion of the administrative review, Commerce shall determine, and U.S. Customs and Border Protection (CBP) shall assess, antidumping duties on all appropriate entries of subject merchandise covered this review. Because the respondent's weighted-average dumping margin or an importer-specific assessment rate is zero or *de minimis* in the final results of review, we intend to instruct CBP to liquidate entries without regard to antidumping duties.³ The final results of this administrative review shall be the basis for the assessment of antidumping duties on entries of merchandise covered by the final results of this review and for future deposits of estimated duties, where applicable.⁴

For entries of subject merchandise during the POR produced by Citribel, for which the producer did not know that its merchandise was destined for the United States, we will instruct CBP to liquidate unreviewed entries at the

all-others rate if there is no rate for the intermediate company(ies) involved in the transaction.

Commerce intends to issue assessment instructions to CBP no earlier than 35 days after the date of publication of these final results of this review in the **Federal Register**. If a timely summons is filed at the U.S. Court of International Trade, the assessment instructions will direct CBP not to liquidate relevant entries until the time for parties to file a request for a statutory injunction has expired (*i.e.*, within 90 days of publication).

Cash Deposit Requirements

The following cash deposit requirements will be effective upon publication in the **Federal Register** of the notice of final results of administrative review for all shipments of citric acid from Belgium entered, or withdrawn from warehouse, for consumption on or after the date of publication as provided for by section 751(a)(2)(C) of the Act: (1) the cash deposit rate for Citribel will be equal to the weighted-average dumping margin established in the final results of this administrative review (*i.e.*, 0.00 percent); (2) for merchandise exported by a company not covered in this review but covered in a prior completed segment of the proceeding, the cash deposit rate will continue to be the company-specific rate published in the completed segment for the most recent period; (3) if the exporter is not a firm covered in this review or another completed segment of this proceeding, but the producer is, then the cash deposit rate will be the company-specific rate established for the completed segment for the most recent period for the producer of the merchandise; and (4) the cash deposit rate for all other producers or exporters will continue to be 19.30 percent, the all-others rate established in the less-than-fair-value investigation.⁵ These cash deposit requirements, when imposed, shall remain in effect until further notice.

Notification to Importers

This notice serves as a final reminder to importers of their responsibility under 19 CFR 351.402(f)(2) to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during the POR. Failure to comply with this requirement could result in Commerce's presumption that reimbursement of antidumping duties

occurred and the subsequent assessment of double antidumping duties.

Administrative Protective Order

This notice also serves as a final reminder to parties subject to an administrative protective order (APO) of their responsibility concerning the return or destruction of proprietary information disclosed under APO in accordance with 19 CFR 351.305(a)(3). Timely written notification of the return or destruction of APO materials or conversion to judicial protective order is hereby requested. Failure to comply with the regulations and terms of an APO is a violation subject to sanction.

Notification to Interested Parties

Commerce is issuing and publishing the final results of this review in accordance with sections 751(a)(1) and 777(i)(1) of the Act, and 19 CFR 351.221(b)(5).

Dated: July 18, 2024.

This notice incorrectly stated that the U.S. International Trade Commission (ITC) will make its preliminary determination within 45 days after the date on which the petition was filed.

FOR FURTHER INFORMATION CONTACT: Lilit Astvatsatrian, AD/CVD Operations, Office IX, Enforcement and Compliance, International Trade Administration, U.S. Department of Commerce, 1401 Constitution Avenue NW, Washington, DC 20230; telephone: (202) 482-6412.

SUPPLEMENTARY INFORMATION:

Background

On July 16, 2024, Commerce published in the **Federal Register** the initiation notice of the LTFV investigation on refrigerators from Thailand.¹ In that notice, Commerce incorrectly stated that the ITC will make its preliminary determination within 45 days after the date the petition was filed.

Correction

In the **Federal Register** of July 16, 2024, in FR Doc 2024-15601,² on page 57864, in the first column, correct the text under the section titled "Preliminary Determination by the ITC" as follows:

The ITC will preliminarily determine, within 25 days after the date on which the ITC receives notification from Commerce of initiation of the investigation, whether there is a reasonable indication that imports of refrigerators from Thailand are materially injuring, or threatening material injury to, a U.S. industry.³ A negative ITC determination will result in the investigation being terminated.⁴ Otherwise, this LTFV investigation will proceed according to statutory and regulatory time limits.

Notice to Interested Parties

This notice is issued and published in accordance with sections 732(c)(2) and 777(i)(1) of the Act, and 19 CFR 351.203(c).
