

comment, you should be aware that your entire comment including your personal identifying information, may be made publicly available at any time. While you can ask us in your comment to withhold your personal identifying information from public review, we cannot guarantee that we will be able to do so.

Public Hearing

If you wish to speak at the public hearing, contact the person listed under **FOR FURTHER INFORMATION CONTACT** by 4 p.m., M.D.T., on August 14, 2024. If you are disabled and need reasonable accommodations to attend a public hearing, contact the person listed under **FOR FURTHER INFORMATION CONTACT**. We will arrange the location and time of the hearing with those persons requesting the hearing. If no one requests an opportunity to speak, we will not hold a hearing.

To assist the transcriber and ensure an accurate record, we request, if possible, that each person who speaks at the public hearing provide us with a written copy of his or her comments. The public hearing will continue on the specified date until everyone scheduled to speak has been given an opportunity to be heard. If you are in the audience and have not been scheduled to speak and wish to do so, you will be allowed to speak after those who have been scheduled. We will end the hearing after everyone scheduled to speak and others present in the audience who wish to speak, have been heard.

Public Meeting

If only one person requests an opportunity to speak, we may hold a public meeting rather than a public hearing. If you wish to meet with us to discuss the amendment, please request a meeting by contacting the person listed under **FOR FURTHER INFORMATION CONTACT**. All such meetings are open to the public and, if possible, we will post notices of meetings at the locations listed under **ADDRESSES**. We will make a written summary of each meeting a part of the administrative record.

IV. Procedural Determinations

Executive Order 12866—Regulatory Planning and Review, Executive Order 13563—Improving Regulation and Regulatory Review, and Executive Order 14094—Modernizing Regulatory Review

Executive Order 12866, as amended by Executive Order 14094, provides that the Office of Information and Regulatory Affairs in the Office of Management and Budget (OMB) will review all significant rules. Pursuant to OMB guidance, dated

October 12, 1993, the approval of State program amendments is exempted from OMB review under Executive Order 12866, as amended by Executive Order 14094. Executive Order 13563, which reaffirms and supplements Executive Order 12866, retains this exemption.

Other Laws and Executive Orders Affecting Rulemaking

When a State submits a program amendment to OSMRE for review, our regulations at 30 CFR 732.17(h) require us to publish a notice in the **Federal Register** indicating receipt of the proposed amendment, its text or a summary of its terms, and an opportunity for public comment.

We conclude our review of the proposed amendment after the close of the public comment period and determine whether the amendment should be approved, approved in part, or not approved. At that time, we will also make the determinations and certifications required by the various laws and Executive orders governing the rulemaking process and include them in the final rule.

List of Subjects in 30 CFR Part 950

Required program amendments, State-Federal cooperative agreement, State program provisions and amendments not approved, State regulatory program approval, Surface mining.

David A. Berry,

Regional Director, Unified Regions 5, 7–11.

Office of Surface Mining Reclamation and Enforcement

30 CFR Part 950

[SATS No. WY–053–FOR; Docket ID: OSM–2024–0003; S1D1S SS08011000 SX064A000 234S180110; S2D2S SS08011000 SX064A000 23XS501520]

Wyoming Regulatory Program

AGENCY: Office of Surface Mining Reclamation and Enforcement, Interior.

ACTION: Proposed rule; public comment period and opportunity for public hearing on proposed amendment.

SUMMARY: We, the Office of Surface Mining Reclamation and Enforcement (OSMRE), are announcing receipt of a proposed amendment to the Wyoming coal regulatory program (Wyoming program) under the Surface Mining Control and Reclamation Act of 1977 (SMCRA or the Act). On September 13,

2022, the Wyoming Environmental Quality Council approved a number of revisions to the Wyoming Land Quality Division Coal Rules and Regulations which comprise the Wyoming program. This document gives the times and locations that the Wyoming program and this proposed amendment to that program are available for your inspection, the comment period during which you may submit written comments on the amendment, and the procedures that we will follow for the public hearing, if one is requested.

DATES: We will accept written comments on this amendment until 4 p.m., Mountain Daylight Time (M.D.T.), August 29, 2024. If requested, we may hold a public hearing or meeting on the amendment on August 26, 2024. We will accept requests to speak at a hearing until 4 p.m., M.D.T., on August 14, 2024.

ADDRESSES: You may submit comments, identified by SATS No. WY–053–FOR, by any of the following methods:

- *Mail/Hand Delivery:* OSMRE, Attn: Jeffrey Fleischman, P.O. Box 11018, 100 East B Street, Room 4100, Casper, Wyoming 82602.

- *Fax:* (307) 261–6552.

- *Federal eRulemaking Portal:* <https://www.regulations.gov>. Follow the instructions for submitting comments.

Instructions: All submissions received must include the agency name and docket number for this rulemaking. For detailed instructions on submitting comments and additional information on the rulemaking process, see the “Public Comment Procedures” heading of the **SUPPLEMENTARY INFORMATION** section of this document.

Docket: For access to the docket to review copies of the Wyoming program, this amendment, a listing of any scheduled public hearings or meetings, and all written comments received in response to this document, you must go to the address listed below during normal business hours, Monday through Friday, excluding holidays. You may receive one free copy of the amendment by contacting OSMRE’s Casper Field Office or the full text of the program amendment is available for you to read at www.regulations.gov. Attn: Jeffrey Fleischman, Field Office Director, Office of Surface Mining Reclamation and Enforcement, 100 East B Street, Casper, Wyoming 82602, Telephone: (307) 261–6550, Email: jfleischman@osmre.gov.

In addition, you may review a copy of the amendment during regular business hours at the following location: Attn: Kyle Wendtland, Administrator, Wyoming Department of Environmental Quality, Land Quality Division, 200

West 17th Street, Suite 10, Cheyenne, Wyoming 82002, Telephone: (307) 777-7046, email: kyle.wendtland@wyo.gov.

FOR FURTHER INFORMATION CONTACT:

Jeffrey Fleischman, Field Office Director, Office of Surface Mining Reclamation and Enforcement, 100 East B Street, Casper, Wyoming 82602, telephone: (307) 261-6550, email: jfleischman@osmre.gov.

SUPPLEMENTARY INFORMATION:

- I. Background on the Wyoming Program
- II. Description of the Proposed Amendment
- III. Public Comment Procedures
- IV. Procedural Determinations

I. Background on the Wyoming Program

Section 503(a) of the Act permits a state to assume primacy for the regulation of surface coal mining and reclamation operations on non-Federal and non-Indian lands within its borders by demonstrating that its approved State program includes, among other things, State laws and regulations that govern surface coal mining and reclamation operations in accordance with the Act and consistent with the Federal regulations. See 30 U.S.C. 1253(a)(1) and (7).

On the basis of these criteria, the Secretary of the Interior conditionally approved the Wyoming program on November 26, 1980. You can find background information on the Wyoming program, including the Secretary's findings, the disposition of comments, and conditions of approval of the Wyoming program in the November 26, 1980 **Federal Register** at 45 FR 78637. You can also find later actions concerning the Wyoming program and program amendments at 30 CFR 950.10.

II. Description of the Proposed Amendment

By letter dated May 17, 2024, and electronically transmitted May 20, 2024 (Docket ID No. OSM-2024-0003), Wyoming sent us an amendment to its program under SMCRA (30 U.S.C. 1201 *et seq.*). We found Wyoming's proposed amendment administratively complete on May 23, 2024.

On September 13, 2022, the Wyoming Environmental Quality Council approved a number of revisions to the Wyoming Land Quality Division Coal Rules and Regulations which comprise the Wyoming program. Specifically, Chapter 10 was revised to: make corrections to statutory citations contained in the section which relate to the filing of objections to coal exploration operations; include corrections to references to statute

subsections that were repealed; and include suggested grammatical and organizational revisions from the Attorney General's Office. Additionally, Chapter 13 was revised to: make corrections to statutory citations, similar to Chapter 10 above; amend the decision-making process for permit revision applications, timelines for decision making, notice requirements and other procedural adjustments to comply with the statutory changes to Wyoming Statute (W.S.) 35-11-406 (Senate File 0044); and include suggested grammatical and organizational revisions from the Attorney General's Office. The full text of the program and/or plan amendment is available for you to read at the locations listed above under **ADDRESSES** or at www.regulations.gov.

III. Public Comment Procedures

Under the provisions of 30 CFR 732.17(h), we are seeking your comments on whether the amendment satisfies the applicable program approval criteria of 30 CFR 732.15. If we approve the amendment, it will become part of the State program.

Electronic or Written Comments

If you submit written or electronic comments on the proposed rule during the 30-day comment period, they should be specific, confined to issues pertinent to the proposed regulations, and explain the reason for any recommended change(s). We appreciate any and all comments, but those most useful and likely to influence decisions on the final regulations will be those that either involve personal experience or include citations to and analyses of SMCRA, its legislative history, its implementing regulations, case law, other pertinent State or Federal laws or regulations, technical literature, or other relevant publications.

We cannot ensure that comments received after the close of the comment period (see **DATES**) or sent to an address other than those listed (see **ADDRESSES**) will be included in the docket for this rulemaking and considered.

Public Availability of Comments

Before including your address, phone number, email address, or other personal identifying information in your comment, you should be aware that your entire comment including your personal identifying information, may be made publicly available at any time. While you can ask us in your comment to withhold your personal identifying information from public review, we cannot guarantee that we will be able to do so.

Public Hearing

If you wish to speak at the public hearing, contact the person listed under **FOR FURTHER INFORMATION CONTACT** by 4 p.m., M.D.T. on August 14, 2024. If you are disabled and need reasonable accommodations to attend a public hearing, contact the person listed under **FOR FURTHER INFORMATION CONTACT**. We will arrange the location and time of the hearing with those persons requesting the hearing. If no one requests an opportunity to speak, we will not hold a hearing.

To assist the transcriber and ensure an accurate record, we request, if possible, that each person who speaks at the public hearing provide us with a written copy of their comments. The public hearing will continue on the specified date until everyone scheduled to speak has been given an opportunity to be heard. If you are in the audience and have not been scheduled to speak and wish to do so, you will be allowed to speak after those who have been scheduled. We will end the hearing after everyone scheduled to speak and others present in the audience who wish to speak, have been heard.

Public Meeting

If only one person requests an opportunity to speak, we may hold a public meeting rather than a public hearing. If you wish to meet with us to discuss the amendment, please request a meeting by contacting the person listed under **FOR FURTHER INFORMATION CONTACT**. All such meetings are open to the public and, if possible, we will post notices of meetings at the locations listed under **ADDRESSES**. We will make a written summary of each meeting a part of the administrative record.

IV. Procedural Determinations

Executive Order 12866—Regulatory Planning and Review and Executive Order 13563—Improving Regulation and Regulatory Review—Executive Order 14094—Modernizing Regulatory Review

Executive Order 12866, as amended by Executive Order 14094, provides that the Office of Information and Regulatory Affairs in the Office of Management and Budget (OMB) will review all significant rules. Pursuant to OMB guidance, dated October 12, 1993, the approval of State program amendments is exempted from OMB review under Executive Order 12866, as amended by Executive Order 14094. Executive Order 13563, which reaffirms and supplements Executive Order 12866, retains this exemption.

Other Laws and Executive Orders Affecting Rulemaking

When a state submits a program amendment to OSMRE for review, our regulations at 30 CFR 732.17(h) require us to publish a notice in the **Federal Register** indicating receipt of the proposed amendment, its text or a summary of its terms, and an opportunity for public comment.

We conclude our review of the proposed amendment after the close of the public comment period and determine whether the amendment should be approved, approved in part, or not approved. At that time, we will also make the determinations and certifications required by the various laws and Executive orders governing the rulemaking process and include them in the final rule.

List of Subjects in 30 CFR Part 950

Required program amendments, State-Federal cooperative agreement, State regulatory program approval, Surface mining.

BILLING CODE 4310–05–P

ENVIRONMENTAL PROTECTION AGENCY

40 CFR Part 52

[EPA–R04–OAR–2023–0273; FRL–12121–01–R4]

Air Plan Approval; FL; Surface Coating of Miscellaneous Metal Parts and Products Amendments

AGENCY: Environmental Protection Agency (EPA).

ACTION: Proposed rule.

SUMMARY: The Environmental Protection Agency (EPA) is proposing to approve a State Implementation Plan (SIP) revision submitted by the Florida Department of Environmental Protection (FDEP) on October 12, 2022. The State is requesting amendments to allow the option for aerospace parts and products coating operations in Florida to comply with the Federal National Emission Standards for Hazardous Air Pollutants (NESHAP) requirements in lieu of the volatile organic compound (VOC) standards in Florida’s Surface Coating of Miscellaneous Metal Parts and Products (MMPP) rule (hereinafter referred to as FL MMPP Rule) in the Florida SIP. The State has provided information in its October 12, 2022, submission to support the amendments to the FL MMPP Rule

in the Florida SIP pursuant to the Clean Air Act (CAA or Act). EPA is proposing to determine that the changes included in Florida’s October 12, 2022, submission are consistent with the applicable provisions of the CAA.

DATES: Comments are due on or before August 29, 2024.

ADDRESSES: Submit your comments, identified by Docket ID No. EPA–R04–OAR–2023–0273, at www.regulations.gov. Follow the online instructions for submitting comments. Once submitted, comments cannot be edited or removed from *Regulations.gov*. EPA may publish any comment received to its public docket. Do not submit electronically any information you consider to be Confidential Business Information (CBI) or other information whose disclosure is restricted by statute. Multimedia submissions (audio, video, etc.) must be accompanied by a written comment. The written comment is considered the official comment and should include discussion of all points you wish to make. EPA will generally not consider comments or comment contents located outside of the primary submission (*i.e.*, on the web, cloud, or other file sharing system). For additional submission methods, the full EPA public comment policy, information about CBI or multimedia submissions, and general guidance on making effective comments, please visit <https://www.epa.gov/dockets/commenting-epa-dockets>.

Simone Jarvis, Air Regulatory Management Section, Air Planning and Implementation Branch, Air and Radiation Division, U.S. Environmental Protection Agency, Region 4, 61 Forsyth Street SW, Atlanta, Georgia 30303–8960. Ms. Jarvis can be reached via phone number (404) 562–8393 or via electronic mail at Jarvis.Simone@epa.gov.

SUPPLEMENTARY INFORMATION:

I. Background

The FL MMPP Rule—Rule 62–296.513, *Surface Coating of Miscellaneous Metal Parts and Products*—provides specific reasonably available control technology (RACT) requirements for sources in Broward, Duval, Hillsborough, Miami-Dade, Orange, Palm Beach, or Pinellas Counties that apply surface coatings to any number of metal parts and products, to limit their VOC emission rates, including surface coating at aerospace manufacturing operations.¹ However, sources are exempt from regulation under this rule if they emit no more

than 15 pounds in any one day and no more than three pounds in any one hour. The FL MMPP Rule was incorporated into the Florida SIP to address the RACT requirements for areas that were designated nonattainment for the 1979 1-hour ozone standard.² EPA redesignated these areas to attainment in 1995.³

In September 1995, EPA promulgated a NESHAP for Aerospace Manufacturing and Rework Facilities at 40 CFR part 63, subpart GG (Aerospace NESHAP). EPA subsequently amended the Aerospace NESHAP in 1996, 1998, 2006, 2015, and 2016. In Florida’s October 12, 2022, SIP revision, the State seeks to amend the FL MMPP Rule by exempting certain aerospace parts and products coating operations from this rule if such operations comply with requirements of the applicable provisions of the Aerospace NESHAP. Area sources⁴ of hazardous air pollutants (HAPs) previously subject to the FL MMPP Rule that elect to comply with specific provisions of the Aerospace NESHAP related to the “primer, topcoat, and specialty coating VOC control requirements” would not be subject to the requirements of the FL MMPP Rule. Major sources of HAPs,⁵ which are required to comply with the NESHAP would also not be subject to the FL MMPP Rule.

Some specialty coatings operations that use surface coatings with VOC contents allowed under the Aerospace NESHAP may be allowed to use coatings that have higher VOC contents, which FDEP states could contribute to de minimus increases in the potential to

² On November 6, 1991, EPA designated and classified the Miami-Fort Lauderdale-W. Palm Beach Area (*i.e.*, Broward, Dade, and Palm Beach Counties) as moderate nonattainment for the 1979 1-hour ozone NAAQS; the Jacksonville Area (*i.e.*, Duval County) as transitional nonattainment; the Tampa-St. Petersburg-Clearwater Area (*i.e.*, Hillsborough and Pinellas Counties) as marginal nonattainment; and Orange County as attainment. See 56 FR 56694. Among the requirements applicable to nonattainment areas for the 1-hour ozone NAAQS was the requirement to amend the SIPs for areas to satisfy the requirements of Section 183 of the CAA.

³ See 60 FR part 41 for the Jacksonville, FL (Duval County) redesignation. See 60 FR 10325 for the Miami-Fort Lauderdale-W. Palm Beach, FL (Miami-Dade, Broward, and Palm Beach Counties) redesignation. See 60 FR 62748 for the Tampa-St. Petersburg-Clearwater, FL (Hillsborough and Pinellas Counties) redesignation.

⁴ Area source means any stationary source of hazardous air pollutants that is not a major source as defined in 40 CFR 63.2.

⁵ Major source means any stationary source or group of stationary sources located within a contiguous area and under common control that emits or has the potential to emit considering controls, in the aggregate, 10 tons per year or more of any hazardous air pollutant or 25 tons per year or more of any combination of hazardous air pollutants defined in 40 CFR 63.2.

¹ See Rule 62–296.500(3)(a).
