

Therefore, based on the record evidence discussed above, we preliminarily determine that Gruppo Milo is the successor-in-interest to GRAMM, as the change in the business' name and corporate form was not accompanied by changes to its management and ownership, production facilities, supplier relationships, or customer base. Thus, we preliminarily determine that Gruppo Milo is entitled to the same AD cash deposit rate with respect to subject merchandise as its predecessor.

Should our final results remain unchanged from these preliminary results, we will instruct U.S. Customs and Border Protection to assign entries of subject merchandise exported by Gruppo Milo the AD cash deposit rate applicable to GRAMM. Commerce will issue its final results of the review in accordance with the time limits set forth in 19 CFR 351.216(e).

SUPPLEMENTARY INFORMATION:

I. Abstract

This is a request for revision and extension of an approved information collection. Section 315 of the *National Marine Sanctuaries Act* (NMSA) (16 U.S.C. 1445a) allows the Secretary of Commerce to establish one or more advisory councils to advise and make recommendations to the Secretary regarding the designation and management of national marine sanctuaries. Executive Order 13178 (December 4, 2000) similarly established a Coral Reef Ecosystem Reserve Council pursuant to the NMSA for the Northwestern Hawaiian Islands Coral Reef Ecosystem Reserve. Councils are individually chartered for each site, or for the sanctuary system, to meet its specific needs. Once an advisory council has been chartered, a sanctuary superintendent starts a process to recruit members for that council by providing notice to the public and requesting interested parties to apply for the available seat(s) (e.g., Research, Education) and position(s) (i.e., council member or alternate). The information obtained through this application process will be used to determine the qualifications of the applicant for membership on the advisory council.

Two application forms are currently associated with this information collection: (a) National Marine Sanctuary Advisory Council

Application form; and (b) National Marine Sanctuary Advisory Council Youth Seat Application form. Application form instructions will specify requirements imposed upon the agency when reviewing applicants as potential council members or alternates. Questions posed to applicants have been reviewed and an additional two questions are being added to solicit information on eligibility for a potential stipend program to decrease financial barriers to joining advisory councils. An additional section for demographic questions is also being added to include the newly updated *Statistical Policy Directive No. 15: Standards for Maintaining, Collecting, and Presenting Federal Data on Race and Ethnicity and Recommendations on the Best Practices for the Collection of Sexual Orientation and Gender Identity Data on Federal Statistical Surveys*, and to learn more about our applicants. Existing questions may be reordered, reworded, and at times, condensed to improve the organization of applicant responses and, thereby, simplify the applicant review process. We do not believe that such revisions to the application would appreciably change the average annual number of respondents or the reporting burden for the information requirements supporting solicitation of new advisory council members. To request and obtain a copy of the proposed application forms without charge, contact the individual listed in the **FOR FURTHER INFORMATION CONTACT** section.

II. Method of Collection
