Administration for Children and Families

Proposed Information Collection Activity; “State SNAP Agency NDNH Matching Program Performance Report” (Office of Management Budget #0970–0464)

AGENCY: Office of Child Support Services, Administration for Children and Families, U.S. Department of Health and Human Services.

ACTION: Request for public comments.

SUMMARY: The Office of Child Support Services (OCSS) is requesting the federal Office of Management and Budget (OMB) approve the “State SNAP Agency NDNH Matching Program Performance Report,” with minor revisions, for an additional three years. State agencies administering their Supplemental Nutrition Assistance

Program (SNAP) provide the annual performance report to OCSS in accordance with the computer matching agreement between state SNAP agencies and OCSS. The current OMB approval expires on February 28, 2025.

DATES: *Comments due within 60 days of publication.* In compliance with the requirements of the Paperwork Reduction Act of 1995, the Administration for Children and Families is soliciting public comment on the specific aspects of the information collection described above.

ADDRESSES: To submit comments and obtain copies of the proposed collection of information, email *infocollection@acf.hhs.gov*. Identify all requests by the title of the information collection.

SUPPLEMENTARY INFORMATION:
Description: State agencies administering SNAP are mandated to participate in a computer matching program with OCSS. The matching program compares SNAP applicant and recipient information with employment

and wage information maintained in the National Directory of New Hires (NDNH). The outcomes of the compared information help state SNAP agencies verify an individual’s identity and determine a benefit eligibility. To receive NDNH information, state agencies enter into a computer matching agreement and adhere to its terms and conditions, including providing OCSS with annual performance outcomes attributable to the use of NDNH information. To fulfill OMB requirements, OCSS periodically reports performance measurements demonstrating how the use of information in the NDNH supports the OCSS strategic mission, goals, and objectives. These periodic reports include information derived from state SNAP agency annual NDNH performance reports. OCSS provides states with required performance report templates and instructions, which underwent minor language edits.

Respondents: State SNAP Agencies.
