

**SUPPLEMENTARY INFORMATION:****Background**

On April 23, 2024, the U.S. Department of Commerce (Commerce) initiated less-than-fair-value (LTFV) investigations of imports of certain epoxy resins (epoxy resins) from China, India, Korea, Taiwan, and Thailand.<sup>1</sup> On July 22, 2024, Commerce tolled certain deadlines in these administrative proceedings by seven days.<sup>2</sup> The deadline for the preliminary determinations is now September 17, 2024, which is the original September 10, 2024, deadline tolled by seven days.

**Postponement of Preliminary Determinations**

Section 733(b)(1)(A) of the Tariff Act of 1930, as amended (the Act), requires Commerce to issue the preliminary determination in an LTFV investigation within 140 days after the date on which Commerce initiated the investigation. However, section 733(c)(1) of the Act permits Commerce to postpone the preliminary determination until no later than 190 days after the date on which Commerce initiated the investigation if: (A) the petitioner makes a timely request for a postponement; or (B) Commerce concludes that the parties concerned are cooperating, that the investigation is extraordinarily complicated, and that additional time is necessary to make a preliminary determination. Under 19 CFR 351.205(e), the petitioner must submit a request for postponement 25 days or more before the scheduled date of the preliminary determination and must state the reasons for the request. Commerce will grant the request unless it finds compelling reasons to deny the request.

On July 29, 2024, the petitioner<sup>3</sup> submitted a timely request that Commerce postpone the preliminary determinations in the LTFV investigations of imports of epoxy resins from China, India, Korea, Taiwan, and Thailand. The petitioner stated that “[p]ostponement is warranted so that Commerce can evaluate fully the initial questionnaire responses submitted by the mandatory respondents and solicit supplemental information as necessary,” and that the petitioner

<sup>2</sup> See Memorandum, “Tolling of Deadlines for Antidumping and Countervailing Duty Proceedings,” dated July 22, 2024.

<sup>3</sup> The petitioner is the U.S. Epoxy Resin Producers *Ad Hoc* Coalition, comprising Olin Corporation and Westlake Corporation.

“seeks postponement of all the antidumping investigations in order to keep them on the same schedule and avoid the need to split the cases at the International Trade Commission.”<sup>4</sup>

For the reasons stated above, and because there are no compelling reasons to deny the request, in accordance with section 733(c)(1)(A) of the Act and 19 CFR 351.205(e), Commerce is postponing the deadline for the preliminary determinations by 50 days. As a result, Commerce will issue its preliminary determinations in the above-referenced investigations no later than November 6, 2024. In accordance with section 735(a)(1) of the Act and 19 CFR 351.210(b)(1), the deadline for the final determinations of these investigations will continue to be 75 days after the date of the preliminary determinations, unless postponed at a later date.

#### Notification to Interested Parties

This list of scope ruling applications is not an identification of scope inquiries that have been initiated. In accordance with 19 CFR 351.225(d)(1), if Commerce has not rejected a scope ruling application nor initiated the scope inquiry within 30 days after the filing of the application, the application will be deemed accepted and a scope inquiry will be deemed initiated the following day—day 31.<sup>4</sup> Commerce’s practice generally dictates that where a deadline falls on a weekend, Federal holiday, or other non-business day, the appropriate deadline is the next business day.<sup>5</sup> Accordingly, if the 30th day after the filing of the application falls on a non-business day, the next business day will be considered the “updated” 30th day, and if the application is not rejected or a scope inquiry initiated by or on that particular business day, the application will be deemed accepted and a scope inquiry will be deemed initiated on the next business day which follows the “updated” 30th day.<sup>6</sup>

In accordance with 19 CFR 351.225(m)(2), if there are companion

mixers, and buses (“steel wheels”). The steel wheels that are the subject of this scope ruling application are assembled in Vietnam from wheels parts (a wheel disc and/or rim) that are made in China.

<sup>3</sup> The products are pneumatic rubber temporary spare tires for use on passenger motor vehicles in two sizes: T125/80/R18 (125mm wide, 80mm aspect ratio, 18” wheel diameter) and T155/85/R18 (155mm wide, 85mm aspect ratio, 18” wheel diameter).

<sup>4</sup> In accordance with 19 CFR 351.225(d)(2), within 30 days after the filing of a scope ruling application, if Commerce determines that it intends to address the scope issue raised in the application in another segment of the proceeding (such as a circumvention inquiry under 19 CFR 351.226 or a covered merchandise inquiry under 19 CFR 351.227), it will notify the applicant that it will not initiate a scope inquiry, but will instead determine if the product is covered by the scope at issue in that alternative segment.

<sup>5</sup> See *Notice of Clarification: Application of “Next Business Day” Rule for Administrative Determination Deadlines Pursuant to the Tariff Act of 1930, As Amended*, 70 FR 24533 (May 10, 2005).

<sup>6</sup> This structure maintains the intent of the applicable regulation, 19 CFR 351.225(d)(1), to allow day 30 and day 31 to be separate business days.

AD and CVD orders covering the same merchandise from the same country of origin, the scope inquiry will be conducted on the record of the AD proceeding. Further, please note that pursuant to 19 CFR 351.225(m)(1), Commerce may either apply a scope ruling to all products from the same country with the same relevant physical characteristics, (including chemical, dimensional, and technical characteristics) as the product at issue, on a country-wide basis, regardless of the producer, exporter, or importer of those products, or on a company-specific basis.

For further information on procedures for filing information with Commerce through ACCESS and participating in scope inquiries, please refer to the Filing Instructions section of the Scope Ruling Application Guide, at [https://access.trade.gov/help/Scope\\_Ruling\\_Guidance.pdf](https://access.trade.gov/help/Scope_Ruling_Guidance.pdf). Interested parties, apart from the scope ruling applicant, who wish to participate in a scope inquiry and be added to the public service list for that segment of the proceeding must file an entry of appearance in accordance with 19 CFR 351.103(d)(1) and 19 CFR 351.225(n)(4). Interested parties are advised to refer to the case segment in ACCESS as well as 19 CFR 351.225(f) for further information on the scope inquiry procedures, including the timelines for the submission of comments.

Please note that this notice of scope ruling applications filed in AD and CVD proceedings may be published before any potential initiation, or after the initiation, of a given scope inquiry based on a scope ruling application identified in this notice. Therefore, please refer to the case segment on ACCESS to determine whether a scope ruling application has been accepted or rejected and whether a scope inquiry has been initiated.

Interested parties who wish to be served scope ruling applications for a particular AD or CVD order may file a request to be included on the annual inquiry service list during the anniversary month of the publication of the AD or CVD order in accordance with 19 CFR 351.225(n) and Commerce’s procedures.<sup>7</sup>
