

material injury to, a U.S. industry.⁴⁸ A negative ITC determination will result in the investigation being terminated.⁴⁹ Otherwise, this LTFV investigation will proceed according to statutory and regulatory time limits.

Submission of Factual Information

Factual information is defined in 19 CFR 351.102(b)(21) as: (i) evidence submitted in response to questionnaires; (ii) evidence submitted in support of allegations; (iii) publicly available information to value factors under 19 CFR 351.408(c) or to measure the adequacy of remuneration under 19 CFR 351.511(a)(2); (iv) evidence placed on the record by Commerce; and (v) evidence other than factual information described in (i)–(iv). Section 351.301(b) of Commerce’s regulations requires any party, when submitting factual information, to specify under which subsection of 19 CFR 351.102(b)(21) the information is being submitted⁵⁰ and, if the information is submitted to rebut, clarify, or correct factual information already on the record, to provide an explanation identifying the information already on the record that the factual information seeks to rebut, clarify, or correct.⁵¹ Time limits for the submission of factual information are addressed in 19 CFR 351.301, which provides specific time limits based on the type of factual information being submitted. Interested parties should review the regulations prior to submitting factual information in this investigation.

Extensions of Time Limits

Parties may request an extension of time limits before the expiration of a time limit established under 19 CFR 351.301, or as otherwise specified by Commerce. In general, an extension request will be considered untimely if it is filed after the expiration of the time limit established under 19 CFR 351.301, or as otherwise specified by Commerce.⁵² For submissions that are due from multiple parties simultaneously, an extension request will be considered untimely if it is filed after 10:00 a.m. ET on the due date. Under certain circumstances, Commerce may elect to specify a different time limit by which extension requests will be considered untimely for submissions

which are due from multiple parties simultaneously. In such a case, we will inform parties in a letter or memorandum of the deadline (including a specified time) by which extension requests must be filed to be considered timely. An extension request must be made in a separate, standalone submission; under limited circumstances we will grant untimely filed requests for the extension of time limits, where we determine, based on 19 CFR 351.302, that extraordinary circumstances exist. Parties should review Commerce’s regulations concerning the extension of time limits and the *Time Limits Final Rule* prior to submitting factual information in this investigation.⁵³

Certification Requirements

Any party submitting factual information in an AD or CVD proceeding must certify to the accuracy and completeness of that information.⁵⁴ Parties must use the certification formats provided in 19 CFR 351.303(g).⁵⁵ Commerce intends to reject factual submissions if the submitting party does not comply with the applicable certification requirements.

Notification to Interested Parties

Interested parties must submit applications for disclosure under APO in accordance with 19 CFR 351.305. Parties wishing to participate in this investigation should ensure that they meet the requirements of 19 CFR 351.103(d) (e.g., by filing the required letter of appearance). Note that Commerce has amended certain of its requirements pertaining to the service of documents in 19 CFR 351.303(f).⁵⁶

This notice is issued and published pursuant to sections 732(c)(2) and 777(i) of the Act, and 19 CFR 351.203(c).

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

SUMMARY: The U.S. Department of Commerce (Commerce) preliminarily determines that Yingkou Guangming Pipeline Industry Co., Ltd. (Yingkou Guangming), the sole mandatory respondent in this review and an exporter of forged steel fittings from People’s Republic of China (China), has not established its eligibility for a separate rate, and is therefore part of the China-wide entity. Commerce also preliminarily determines that Jiangsu Forged Pipe Fittings Co., Ltd. (Jiangsu Forged) is also not eligible for a separate rate and is thus part of the China-wide entity. SUPPLEMENTARY INFORMATION:

Background

On December 29, 2023, Commerce published the notice of initiation of this administrative review, covering four companies.¹ On March 27, 2024, Commerce selected Yingkou Guangming as a mandatory respondent, as it was the only remaining company under review that submitted a separate rate application (SRA) or a separate rate certification (SRC).² On March 29, 2024, Commerce issued Yingkou Guangming the standard non-market economy (NME) antidumping duty questionnaire.³ On April 19, 2024, Yingkou Guangming notified Commerce of its intent not to participate in this administrative review.⁴ On July 22, 2024, Commerce tolled certain deadlines in this administrative proceeding by seven days.⁵ The deadline for the preliminary results is now August 8, 2024.

For a complete description of the events that followed the initiation of this administrative review, see the Preliminary Decision Memorandum.⁶ A list of the topics included in the Preliminary Decision Memorandum is included in Appendix I to this notice. Scope of the Order⁷

The merchandise covered by the *Order* is carbon and alloy forged steel fittings, whether unfinished (commonly known as blanks or rough forgings) or finished. Subject carbon and alloy forged steel fittings are normally entered under Harmonized Tariff Schedule of the United States (HTSUS) subheadings 7307.99.1000, 7307.99.3000, 7307.99.5045, and 7307.99.5060. They also may be entered under HTSUS subheadings 7307.92.3010, 7307.92.3030, 7307.92.9000, and 7326.19.0010. The HTSUS subheadings and specifications are provided for convenience and customs purposes; the written description of the scope is dispositive. For a complete description of the scope of the *Order*, see the Preliminary Decision Memorandum.

Methodology

Commerce is conducting this review in accordance with section 751(a)(1)(B) of the Tariff Act of 1930, as amended (the Act) and 19 CFR 351.213. For a full description of the methodology underlying our conclusions, see the Preliminary Decision Memorandum.

Partial Rescission of Administrative Review

Pursuant to 19 CFR 351.213(d)(1), Commerce will rescind an administrative review, in whole or in part, if a party who requested the review withdraws the request within 90 days of the date of publication of the notice of initiation of the requested review. On January 8, 2024, Bonney Forge Corporation (the petitioner), withdrew its request for review for Qingdao Bestflow and Xin Yi.⁸ No other party requested a review of these exporters. Therefore, Commerce is rescinding this review with respect to Qingdao Bestflow and Xin Yi, pursuant to 19 CFR 351.213(d)(1).

⁷ See *Forged Steel Fittings from Italy and the People’s Republic of China: Antidumping Duty Orders*, 83 FR 60397 (November 26, 2018) (*Order*).

⁸ See Petitioner’s Letter, “Withdrawal of Requests for Administrative Reviews,” dated January 24, 2024.

Separate Rates

Commerce preliminarily finds that Jiangsu Forged did not establish its eligibility for a separate rate because it failed to provide an SRA or SRC. Commerce also preliminarily finds that Yingkou Guangming did not establish its eligibility for a separate rate. While Yingkou Guangming submitted an SRA, it did not respond to the antidumping duty questionnaire.⁹ As stated in the *Initiation Notice*, companies that submit an SRA or SRC which are subsequently selected as mandatory respondents must respond to all parts of Commerce’s questionnaire in order to be eligible for separate-rate status.¹⁰ As such, we preliminarily determine that Jiangsu Forged and Yingkou Guangming are part of the China-wide entity. For additional information, see the Preliminary Decision Memorandum.

The China-Wide Entity

Commerce’s policy regarding conditional review of the China-wide entity applies to this administrative review.¹¹ Under this policy, the China-wide entity will not be under review unless a party specifically requests and Commerce initiates, or Commerce self-initiates, a review of the China-wide entity.¹² Because no party requested a review of the China-wide entity and Commerce did not self-initiate a review of the China-wide entity for this review period, the China-wide entity is not under review and the China-wide entity’s rate (*i.e.*, 142.72 percent) is not subject to change.¹³ For additional information, see the Preliminary Decision Memorandum.

Disclosure and Public Comment

Normally, Commerce discloses to interested parties the calculations performed in preliminary results within five days of any public announcement or, if there is no public announcement, within five days of the date of publication of the notice of preliminary results in the **Federal Register**, in accordance with 19 CFR 351.224(b). However, as we have determined all companies under review, and not rescinded herein, to be part of the China-wide entity, and there were no calculations performed for the

mandatory respondent, there are no calculations to disclose.

Pursuant to 19 CFR 351.309(c)(ii), interested parties may submit a case brief no later than 30 days after the date of publication of this notice. Rebuttal briefs, limited to issues raised in the case briefs, may be filed not later than five days after the date for filing case briefs.¹⁴ Interested parties who submit case briefs or rebuttal briefs in this proceeding must submit: (1) a table of contents listing each issue; and (2) a table of authorities.¹⁵

As provided under 19 CFR 351.309(c)(2) and (d)(2), in prior proceedings we have encouraged interested parties to provide an executive summary of their brief that should be limited to five pages total, including footnotes. In this review, we instead request that interested parties provide at the beginning of their briefs a public, executive summary for each issue raised in their briefs.¹⁶ Further, we request that interested parties limit their executive summary of each issue to no more than 450 words, not including citations. We intend to use the executive summaries as the basis of the comment summaries included in the issues and decision memorandum that will accompany the final results in this administrative review. We request that interested parties include footnotes for relevant citations in the executive summary of each issue. Note that Commerce has amended certain of its requirements pertaining to the service of documents in 19 CFR 351.303(f).¹⁷

Pursuant to 19 CFR 351.310(c), interested parties who wish to request a hearing must submit a written request to the Assistant Secretary for Enforcement and Compliance, filed electronically via ACCESS. Requests should contain: (1) the party's name, address, and telephone number; (2) the number of participants; and (3) a list of issues to be discussed. Issues raised in the hearing will be limited to those raised in the respective case briefs. An electronically filed hearing request must be received successfully in its entirety by Commerce's electronic records system, ACCESS, by 5 p.m. Eastern Time within 30 days after the date of publication of this notice.

¹⁶ We use the term "issue" here to describe an argument that Commerce would normally address in a comment of the Issues and Decision Memorandum.

¹⁷ See *APO and Final Service Rule*.

Final Results of Review

Unless the deadline is extended, Commerce intends to issue the final results of this administrative review, which will include the results of its analysis of issues raised in any briefs, within 120 days of publication of these preliminary results, pursuant to section 751(a)(3)(A) of the Act.

Assessment Rates

In accordance with section 751(a)(2)(C) of the Act, the final results of this review shall be the basis for the assessment of antidumping duties on entries of merchandise covered by this review. Upon issuance of the final results, Commerce will determine, and CBP shall assess, antidumping duties on all appropriate entries covered by this review.¹⁸ Commerce intends to issue assessment instructions to CBP no earlier than 35 days after the date of publication of the final results of this review. If a timely summons is filed at the U.S. Court of International Trade, the assessment instructions will direct CBP not to liquidate relevant entries until the time for parties to file a request for a statutory injunction has expired (*i.e.*, within 90 days of publication).

If we continue to find in the final results that Jiangsu Forged and Yingkou Guangming are ineligible for a separate rate and are, therefore, considered part of the China-wide entity, we will instruct CBP to apply an antidumping duty assessment rate of 142.72 percent (*i.e.*, the rate for the China-wide entity) to all entries of subject merchandise during the POR which were exported by those companies.

For Qingdao Bestflow and Xin Yi, for which Commerce is rescinding this administrative review, antidumping duties shall be assessed at rates equal to the cash deposit of estimated antidumping duties required at the time of entry, or withdrawal from warehouse, for consumption, in accordance with 19 CFR 351.212(c)(1)(i). Commerce intends to issue appropriate assessment instructions to CBP no earlier than 35 days after the date of publication of this notice (*see* Appendix III).

Cash Deposit Requirements

The following cash deposit requirements will be effective for all shipments of the subject merchandise entered, or withdrawn from warehouse, for consumption on or after the publication date of the final results of this administrative review, as provided for by section 751(a)(2)(C) of the Act: (1) for previously investigated or reviewed Chinese and non-Chinese exporters for

which a review was not requested and that received a separate rate in a prior segment of this proceeding, the cash deposit rate will continue to be the existing exporter-specific rate; (2) for all Chinese exporters of subject merchandise that have not been found to be entitled to a separate rate, the cash deposit rate will be the rate for the China-wide entity (*i.e.*, 142.72 percent); and (3) for all non-Chinese exporters of subject merchandise that have not received their own rate, the cash deposit rate will be the rate applicable to the Chinese exporter that supplied that non-Chinese exporter. These cash deposit requirements, when imposed, shall remain in effect until further notice.

Notification to Importers

This notice also serves as a preliminary reminder to importers of their responsibility under 19 CFR 351.402(f)(2) to file a certificate regarding the reimbursement of antidumping and/or countervailing duties prior to liquidation of the relevant entries during this POR. Failure to comply with this requirement could result in Commerce's presumption that reimbursement of antidumping and/or countervailing duties occurred and the subsequent assessment of double antidumping duties, and/or an increase in the amount of antidumping duties by the amount of the countervailing duties.

Notification to Interested Parties

This administrative review and notice are issued and published in accordance with sections 751(a)(1) and 777(i)(1) of the Act, 19 CFR 351.213, and 19 CFR 351.221(b)(4).
