

functions, rather than relying on Federal funding”). The additional costs of State and local taxation have a chilling effect on potential lessees, as well as on a Tribe that, as a result, might refrain from exercising its own sovereign right to impose a Tribal tax to support its infrastructure needs. *See id.* at 810–11 (finding that State and local taxes greatly discourage Tribes from raising tax revenue from the same sources because the imposition of double taxation would impede Tribal economic growth).

Similar to BIA’s surface leasing regulations, Tribal regulations under the HEARTH Act pervasively cover all aspects of leasing. *See* 25 U.S.C. 415(h)(3)(B)(i) (requiring Tribal regulations be consistent with BIA surface leasing regulations). Furthermore, the Federal Government remains involved in the Tribal land leasing process by approving the Tribal leasing regulations in the first instance and providing technical assistance, upon request by a Tribe, for the development of an environmental review process. The Secretary also retains authority to take any necessary actions to remedy violations of a lease or of the Tribal regulations, including terminating the lease or rescinding approval of the Tribal regulations and reassuming lease approval responsibilities. Moreover, the Secretary continues to review, approve, and monitor individual Indian land leases and other types of leases not covered under the Tribal regulations according to 25 CFR part 162.

Accordingly, the Federal and Tribal interests weigh heavily in favor of preemption of State and local taxes on lease-related activities and interests, regardless of whether the lease is governed by Tribal leasing regulations or 25 CFR part 162. Improvements, activities, and leasehold or possessory interests may be subject to taxation by the Forest County Potawatomi Community, Wisconsin.

ACTION: Notice.

DATES: August 5, 2024.

FOR FURTHER INFORMATION CONTACT: Julie Duffy (202) 708–2579, Office of Investigations, U.S. International Trade Commission, 500 E Street SW,

The public record for these investigations may be viewed on the Commission's electronic docket (EDIS) at <https://edis.usitc.gov>.

SUPPLEMENTARY INFORMATION: Effective September 29, 2023, the Commission established a general schedule for the conduct of the final phase of its investigations on brass rod from Brazil, India, Israel, Mexico, South Africa, and South Korea¹ following preliminary determinations by the U.S. Department of Commerce ("Commerce") that imports of brass rod from India, Israel, and South Korea were being subsidized by the governments of India, Israel, and South Korea.² Notice of the scheduling of the final phase of the Commission's investigations and of a public hearing to be held in connection therewith was given by posting copies of the notice in the Office of the Secretary, U.S. International Trade Commission, Washington, DC, and by publishing the notice in the **Federal Register** on October 5, 2023 (88 FR 69229). All persons who requested the opportunity were permitted to appear in person or by counsel.

The Commission subsequently issued its final determination that an industry in the United States is materially injured by reason of imports of brass rod from India that have been found by Commerce to be subsidized by the government of India.³ On April 22, 2024, Commerce issued its final affirmative determinations that imports of brass rod from Brazil, India, Mexico, South Africa, and South Korea were being sold at less than fair value in the United States, and that imports of brass rod from South Korea were being subsidized by the government of South Korea.⁴ The Commission subsequently issued its final determinations that an industry in the United States is materially injured by reason of imports of brass rod from Brazil, India, Mexico,

South Africa, and South Korea that have been found by Commerce to be sold in the United States at less than fair value and imports of the subject merchandise from South Korea that have been found by Commerce to be subsidized by the government of South Korea.⁵

On August 5, 2024, Commerce issued its final affirmative determinations that imports of brass rod from Israel were being sold at less than fair value in the United States, and that imports of brass rod from Israel were being subsidized by the government of Israel.⁶ Accordingly, the Commission currently is issuing a supplemental schedule for its antidumping duty and countervailing duty investigations on imports of brass rod from Israel.

This supplemental schedule is as follows: the deadline for filing supplemental party comments on Commerce's final antidumping and countervailing duty determinations is 5:15 p.m. on August 14, 2024. Supplemental party comments may address only Commerce's final antidumping duty and countervailing duty determinations regarding imports of brass rod from Israel. These supplemental final comments may not contain new factual information and may not exceed five (5) pages in length. The supplemental staff report in the final phase of these investigations regarding subject imports from Israel will be placed in the nonpublic record on August 29, 2024; and a public version will be issued thereafter.

For further information concerning these investigations see the Commission's notice cited above and the Commission's Rules of Practice and Procedure, part 201, subparts A and B (19 CFR part 201), and part 207, subparts A and C (19 CFR part 207).

All written submissions must conform with the provisions of § 201.8 of the Commission's rules; any submissions that contain BPI must also conform with the requirements of §§ 201.6, 207.3, and 207.7 of the Commission's rules. The Commission's *Handbook on Filing Procedures*, available on the Commission's website at https://www.usitc.gov/documents/handbook_on_filing_procedures.pdf, elaborates upon the Commission's procedures with respect to filings.

Additional written submissions to the Commission, including requests pursuant to section 201.12 of the Commission's rules, shall not be accepted unless good cause is shown for accepting such submissions, or unless the submission is pursuant to a specific

request by a Commissioner or Commission staff.

In accordance with sections 201.16(c) and 207.3 of the Commission's rules, each document filed by a party to the investigation must be served on all other parties to the investigation (as identified by either the public or BPI service list), and a certificate of service must be timely filed. The Secretary will not accept a document for filing without a certificate of service.
