Ferrosilicon From Brazil, Kazakhstan, and Malaysia: Postponement of Preliminary Determinations in the Less-Than-Fair-Value Investigations

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

DATES: Applicable August 16, 2024.

FOR FURTHER INFORMATION CONTACT:

Jaron Moore (Brazil) at (202) 482-3640; Samantha Kinney (Kazakhstan) at (202) 482-2285; Peter Farrell (Malaysia) at (202) 482-2104, AD/CVD Operations, Enforcement and Compliance, International Trade Administration, U.S. Department of Commerce, 1401 Constitution Avenue NW, Washington, DC 20230.

SUPPLEMENTARY INFORMATION:

Background

On April 17, 2024, the U.S. Department of Commerce (Commerce) initiated less-than-fair-value (LTFV) investigations on imports of ferrosilicon from Brazil, Kazakhstan, and Malaysia.¹ On July 22, 2024, Commerce tolled certain deadlines in these administrative proceedings by seven days.² The deadline for the preliminary determinations is now September 11, 2024.

Postponement of Preliminary Determinations

Section 733(b)(1)(A) of the Tariff Act of 1930, as amended (the Act), requires Commerce to issue the preliminary determination in an LTFV investigation within 140 days after the date on which Commerce initiated the investigation. However, section 733(c)(1)(A)(b)(1) of the Act permits Commerce to postpone the preliminary determination until no later than 190 days after the date on which Commerce initiated the investigation if: (A) the petitioner makes a timely request for a postponement; or (B) Commerce concludes that the parties concerned are cooperating, that the investigation is extraordinarily complicated, and that additional time is necessary to make a preliminary determination. Under 19 CFR 351.205(e), the petitioner must submit a request for postponement 25 days or more before the scheduled date of the preliminary determination and must state the reasons for the request. Commerce will grant the request unless it finds compelling reasons to deny the request.

Brazil, Kazakhstan, and Malaysia

On July 31, 2024, the petitioners³ submitted a timely request that Commerce postpone the preliminary determinations in the LTFV

investigations.⁴ The petitioners stated that they requested the postponement because Commerce either has not yet received, or has only just recently received, full initial questionnaire responses from the mandatory respondents in all three investigations and additional time is necessary to allow Commerce and petitioners “to fully develop the record, and to review and comment upon the original and any supplemental responses.”⁵

For the reason stated above and because there are no compelling reasons to deny the request, Commerce, in accordance with section 733(c)(1)(A) of the Act, is postponing the deadline for the preliminary determinations by 50 days (*i.e.*, 190 days after the date on which these investigations were initiated). As a result, Commerce will issue its preliminary determinations no later than October 31, 2024.⁶ In accordance with section 735(a)(1) of the Act and 19 CFR 351.210(b)(1), the deadline for the final determinations of these investigations will continue to be 75 days after the date of the preliminary determinations, unless postponed at a later date.

This notice is issued and published pursuant to section 733(c)(2) of the Act and 19 CFR 351.205(f)(1).

Dated: August 12, 2024.

Deputy Assistant Secretary for Policy and Negotiations, performing the non-exclusive functions and duties of the Assistant Secretary for Enforcement and Compliance.

The topics discussed and the issues raised by interested parties to which we responded in the Issues and Decision Memorandum are listed in the appendix to this notice. Changes Since the Preliminary Results

Based on comments received from interested parties, we revised the calculation of the net countervailable subsidy rates for Lucchini Mame Forge S.p.A. (Lucchini) and Metalcam S.p.A. (Metalcam). For a discussion of these changes, see the Issues and Decision Memorandum.

Methodology

Commerce conducted this administrative review in accordance with section 751(a)(1)(A) of the Act. For each of the subsidy programs found to be countervailable, we determine that there is a subsidy, *i.e.*, a government-provided financial contribution that gives rise to a benefit to the recipient, and that the subsidy is specific.⁶ For a complete description of the methodology underlying all of Commerce’s conclusions, including our reliance, in part, on facts otherwise available, including adverse facts available, pursuant to sections 776(a) and (b) of the Act, see the Issues and Decision Memorandum.

Companies Not Selected for Individual Review

The statute and Commerce’s regulations do not address the establishment of a rate to be applied to companies not selected for individual examination when Commerce limits its examination in an administrative review pursuant to section 777A(e)(2) of the Act. However, Commerce normally determines the rates for non-selected companies in reviews in a manner that is consistent with section 705(c)(5) of the Act, which provides the basis for calculating the all-others rate in an investigation. Section 705(c)(5)(A)(i) of the Act instructs Commerce, as a general rule, to calculate the all-others rate

⁶ See sections 771(5)(B) and (D) of the Act regarding financial contribution; section 771(5)(E) of the Act regarding benefit; and section 771(5A) of the Act regarding specificity.

equal to the weighted average of the countervailable subsidy rates established for exporters and producers individually investigated, excluding any zero or *de minimis* countervailable subsidy rates, and any rates determined entirely on the basis of facts available.

There are two companies (*i.e.*, Officine Meccaniche Roselli S.r.l. and Cogne Acciai Speciali S.p.A.) for which a review was requested and not rescinded, and which were not selected as mandatory respondents or found to be cross-owned with a mandatory respondent. In this review, the rates for Lucchini and Metalcam were above *de minimis* and not based entirely on facts available. Therefore, we are applying to the non-selected companies the average of the net subsidy rates calculated for Lucchini and Metalcam in these final results, which we calculated using the publicly-ranged sales data submitted by Lucchini and Metalcam.⁷

Final Results of the Administrative Review

We find the following net countervailable subsidy rates exist for the period January 1, 2022, through December 31, 2022:

Company	Subsidy rate (percent <i>ad valorem</i>)
Lucchini Mame Forge S.p.A. ⁸	6.80
Metalcam S.p.A. ⁹	3.28
Review-Specific Average Rate Applicable to the Following Companies:	
Officine Meccaniche Roselli S.r.l.	5.04
Cogne Acciai Speciali S.p.A. ..	5.04

⁷ With two respondents under examination, Commerce normally calculates: (A) a weighted-average of the estimated subsidy rates calculated for the examined respondents; (B) a simple average of the estimated subsidy rates calculated for the examined respondents; and (C) a weighted average of the estimated subsidy rates calculated for the examined respondents using each company’s publicly-ranged U.S. sale quantities for the merchandise under consideration. Commerce then compares (B) and (C) to (A) and selects the rate closest to (A) as the most appropriate rate for all other producers and exporters. See, *e.g.*, *Ball Bearings and Parts Thereof from France, Germany, Italy, Japan, and the United Kingdom: Final Results of Antidumping Duty Administrative Reviews, Final Results of Changed-Circumstances Review, and Revocation of an Order in Part*, 75 FR 53661, 53663 (September 1, 2010).

⁸ Commerce finds the following companies to be cross-owned with Lucchini: Lucchini RS S.p.A.; Lucchini Industries Srl; and Bicomet S.p.A.

⁹ Commerce finds the following companies to be cross-owned with Metalcam: Adamello Meccanica S.r.l.; and B.S. S.r.l.

Disclosure

Commerce intends to disclose calculations and analysis performed for these final results of review within five days after the date of publication of this notice in the **Federal Register** in accordance with 19 CFR 351.224(b).

Assessment Requirements

In accordance with section 751(a)(2)(C) of the Act and 19 CFR 351.212(b)(2), Commerce has determined, and U.S. Customs and Border Protection (CBP) shall assess, countervailing duties on all appropriate entries covered by this review. Commerce intends to issue assessment instructions to CBP no earlier than 35 days after publication of the final results of this review in the **Federal Register**. If a timely summons is filed at the U.S. Court of International Trade, the assessment instructions will direct CBP not to liquidate relevant entries until the time for parties to file a request for a statutory injunction has expired (*i.e.*, within 90 days of publication).

Cash Deposit Requirements

In accordance with section 751(a)(1) of the Act, Commerce also intends to instruct CBP to collect cash deposits of estimated countervailing duties in the amounts shown for the companies listed above for shipments of subject merchandise entered, or withdrawn from warehouse, for consumption on or after the date of publication of these final results of this administrative review. For all non-reviewed firms, we will instruct CBP to continue to collect cash deposits of estimated countervailing duties at the all-others rate or the most recent company-specific rate applicable to the company, as appropriate. These cash deposit requirements, when imposed, shall remain in effect until further notice.

Administrative Protective Order

This notice also serves as a final reminder to parties subject to an administrative protective order (APO) of their responsibility concerning the disposition of proprietary information disclosed under APO in accordance with 19 CFR 351.305(a)(3). Timely written notification of the return or destruction of APO materials or conversion to judicial protective order, is hereby requested. Failure to comply with the regulations and terms of an APO is a violation subject to sanction.

Notification to Interested Parties

The final results are issued and published in accordance with sections 751(a)(1) and 777(i)(1) of the Act and 19 CFR 351.221(b)(5).

Dated: August 9, 2024.
