

Nominations and Appointments of Members

Eligibility: Nominations for APAC and ATAC membership are open to individuals representing U.S. entities with an interest in agricultural trade. USDA prohibits discrimination in all of its programs and activities on the basis of “race, color, national origin, religion, sex, (including gender identity and sexual orientation), disability, age, marital status, familial or parental status, income derived from a public assistance program, political beliefs, genetic information, or reprisal or retaliation for prior civil rights activity, in any program or activity conducted or funded by USDA (not all bases apply to all programs). Equal opportunity practices, in line with USDA policies, will be followed in all membership appointments to the committee. To ensure that the recommendations of the Committee have taken into account the needs of the diverse groups served by the Department, membership shall include, to the extent practicable, individuals with demonstrated ability to represent the many communities, identities, races, ethnicities, backgrounds, abilities, cultures, and beliefs of the American people, including underserved communities. Members should have expertise and knowledge of agricultural trade as it relates to policy and commodity specific issues. Members will normally come from an entity with an interest in agriculture, and will serve as a Representative, presenting the views and interests of a particular U.S. entity that has an interest in the subject matter of the committee.

However, should a member be appointed primarily for his or her expertise, and not as a representative of an interest group, he or she shall be designated as a Special Government

Employee (SGE). SGEs are subject to specific provisions of the ethics laws, including disclosure of financial interests, if they are appointed because of their personal knowledge, background, or expertise. USDA will assist SGEs in disclosing their financial interest and will provide ethics training on an annual basis.

Appointments are made of individuals only and are not transferrable. No person, company, producer, farm organization, trade association, or other entity has a right to membership on a committee. In making appointments, every effort will be made to maintain balanced representation on the committees with representation from producers, farm and commodity organizations, processors, traders, and

consumers. Geographical diversity on each committee will also be sought.

Nominations: Nominating a person to serve on any of the committees requires submission of a current resume for the nominee and the USDA AD-755 (Advisory Committee Membership Background Information, OMB Number 0505-0001), available on the internet at: <http://www.fas.usda.gov/trade-advisorycommittees-applying-membership>. A cover letter should also be submitted indicating the specific committee for which the individual is being nominated, why the nominee wants to be a committee member, and his or her qualifications for membership, and how the submitter learned about this call for nominations. The cover letter should also include the statements required below related to Federally Registered Lobbyists and Foreign Firms. If applicable, the application should include a sponsor letter on the non-Federal governmental entity letterhead containing a brief description of the manner in which international trade affects the entity and why the applicant should be considered for membership. Forms may also be requested by sending an email to ATACs@usda.gov, or by phone at (202) 868-7059.

Federally Registered Lobbyists: All nominees must provide a statement confirming their lobbyist status.

Pursuant to the Revised Guidance on Appointment of Lobbyists to Federal Advisory Committees, Boards, and Commissions, published by the Office of Management and Budget (OMB) on August 13, 2014, federally registered lobbyists are no longer prohibited from serving on the advisory committees in a representative capacity. OMB’s revised guidance clarifies that the eligibility restriction does not apply to advisory committee members who are specifically appointed to represent the interests of a nongovernmental entity, a recognizable group of persons or nongovernmental entities (an industry sector, labor unions, environmental groups, etc.), or state or local governments. The lobbyist prohibition continues to apply to persons serving on advisory committees in their individual capacity (e.g., SGEs).

Foreign Firms: If the nominee is to represent an entity or corporation with ten percent or greater non-U.S. ownership, the nominee must state the extent to which the organization or interest to be represented by the nominee is owned by non-U.S. citizens, organizations, or interests and demonstrate at the time of nomination that this ownership interest does not constitute control and will not adversely

affect his or her ability to serve as an advisor on the U.S. agriculture advisory committee for trade.
