Freeport LNG Development, L.P., FLNG Liquefaction, LLC, FLNG Liquefaction 2, LLC, and FLNG Liquefaction 3, LLC; Notice of Request for Extension of Time

Take notice that on August 8, 2024, Freeport LNG Development, L.P., FLNG Liquefaction, LLC, FLNG Liquefaction 2, LLC, and FLNG Liquefaction 3, LLC (together, Freeport LNG) requested that the Commission grant an extension of time, until March 21, 2025, to construct and place into service its Noble Gas Project (Project) located in Brazoria County, Texas as authorized in the Order Granting Authorization Under Section 3 of the Natural Gas Act issued on June 21, 2021 (Order).¹ The Order required Freeport LNG to complete construction of the Project and make it available for service within three years of the date of the Order, or by June 21, 2024.

Freeport LNG states that the only jurisdictional construction activity of the Project that remains to be completed is the ongoing Phase 3 firewater work. Freeport LNG explains that it has not been able to complete and place the Project in-service by the deadline due to third-party delays with the non-jurisdictional Helium Plant, which is being constructed by Linde Global
