

outage. SAMHSA, the VA, and the 988 Lifeline administrator can also take steps to reroute 988 calls to available crisis centers and take other steps to reduce the amount of time that individuals would need to wait before they receive assistance. Notice about outages will allow SAMHSA, the VA, and the Lifeline administrator to continue meeting the immediate health needs of people in suicidal crisis and mental health distress. The Commission will also be able to improve 988 reliability by using this information to analyze outage trends and identify best practices to prevent and mitigate outages.

Federal Communications Commission.

**FEDERAL COMMUNICATIONS COMMISSION**

[OMB 3060–XXXX, OMB 3060–0741; FR ID 241305]

**Information Collections Being Submitted for Review and Approval to Office of Management and Budget**

**AGENCY:** Federal Communications Commission.

**ACTION:** Notice and request for comments.

**SUMMARY:** As part of its continuing effort to reduce paperwork burdens, as required by the Paperwork Reduction Act (PRA) of 1995, the Federal Communications Commission (FCC or the Commission) invites the general public and other Federal Agencies to take this opportunity to comment on the following information collection. Pursuant to the Small Business Paperwork Relief Act of 2002, the FCC seeks specific comment on how it might “further reduce the information collection burden for small business concerns with fewer than 25 employees.” The Commission may not conduct or sponsor a collection of information unless it displays a currently valid Office of Management and Budget (OMB) control number. No person shall be subject to any penalty for failing to comply with a collection of information subject to the PRA that does not display a valid OMB control number.

**DATES:** Written comments and recommendations for the proposed information collection should be submitted on or before September 25, 2024.

**ADDRESSES:** Comments should be sent to [www.reginfo.gov/public/do/PRAMain](http://www.reginfo.gov/public/do/PRAMain). Find this particular information collection by selecting “Currently under 30-day Review—Open for Public Comments” or by using the search function. Your comment must be submitted into [www.reginfo.gov](http://www.reginfo.gov) per the above instructions for it to be considered. In addition to submitting in [www.reginfo.gov](http://www.reginfo.gov) also send a copy of your comment on the proposed information collection to Nicole Ongele, FCC, via email to [PRA@fcc.gov](mailto:PRA@fcc.gov) and to [Nicole.Ongele@fcc.gov](mailto:Nicole.Ongele@fcc.gov). Include in the comments the OMB control number as shown in the **SUPPLEMENTARY INFORMATION** below.

**FOR FURTHER INFORMATION CONTACT:** For additional information or copies of the information collection, contact Nicole Ongele at (202) 418–2991. To view a copy of this information collection request (ICR) submitted to OMB: (1) go to the web page <http://www.reginfo.gov/public/do/PRAMain>, (2) look for the section of the web page called “Currently Under Review,” (3) click on the downward-pointing arrow in the “Select Agency” box below the “Currently Under Review” heading, (4) select “Federal Communications Commission” from the list of agencies presented in the “Select Agency” box, (5) click the “Submit” button to the right of the “Select Agency” box, (6) when the list of FCC ICRs currently under review appears, look for the Title of this ICR and then click on the ICR Reference Number. A copy of the FCC submission to OMB will be displayed.

**SUPPLEMENTARY INFORMATION:** As part of its continuing effort to reduce paperwork burdens, as required by the Paperwork Reduction Act (PRA) of 1995 (44 U.S.C. 3501–3520), the FCC invited the general public and other Federal Agencies to take this opportunity to comment on the following information collection. Comments are requested concerning: (a) Whether the proposed collection of information is necessary for the proper performance of the functions of the Commission, including whether the information shall have practical utility; (b) the accuracy of the Commission’s burden estimates; (c) ways to enhance the quality, utility, and clarity of the information collected; and (d) ways to minimize the burden of the collection of information on the respondents, including the use of automated collection techniques or other forms of information technology. Pursuant to the Small Business Paperwork Relief Act of 2002, Public Law 107–198, see 44 U.S.C. 3506(c)(4), the FCC seeks specific comment on how

it might “further reduce the information collection burden for small business concerns with fewer than 25 employees.”

*OMB Control Number:* 3060–XXXX.

*Title:* Section 9.10(t), Interim 911 Requirements for Supplemental Coverage from Space.

*Form Number:* N/A.

*Type of Review:* New information collection.

*Respondents:* Business or other for-profit entities.

*Number of Respondents and Responses:* 59 respondents; 59 responses.

*Estimated Time per Response:* 49 hours.

*Frequency of Response:* One-time and annual reporting requirements.

*Obligation to Respond:* Mandatory. Statutory authority for this collection is contained in sections 1, 2, 4(i), 4(j), 4(o), 251(e), 303(b), 303(g), 303(r), 316, and 403 of the Communications Act of 1934, as amended, 47 U.S.C. 151, 152, 154(i), 154(j), 154(o), 251(e), 303(b), 303(g), 303(r), 316, 403, and section 4 of the Wireless Communications and Public Safety Act of 1999, Public Law 106–81, sections 101 and 201 of the New and Emerging Technologies 911 Improvement Act of 2008, Public Law 110–283, and section 106 of the Twenty-First Century Communications and Video Accessibility Act of 2010, Public Law 111–260, as amended 47 U.S.C. 615a, 615a–1, 615b, 615c.

*Total Annual Burden:* 2,891 hours.

*Total Annual Cost:* No cost.

*Needs and Uses:* In an effort to facilitate the process of terrestrial providers taking steps to ensure their subscribers’ access to the 911 system in areas where they use SCS arrangements to expand coverage to their end-users and thus comply with the new *Interim 911 Requirements for Supplemental Coverage from Space* as established in Section 9.10(t), the Commission adopted certain information collection requirements for those CMRS providers.

*Annual Reporting Requirement.*

Under Section 9.10(t)(3), each CMRS provider that utilizes SCS arrangements to expand its coverage areas for providing service to its end-user subscribers must maintain records of all SCS 911 voice calls and SCS 911 text messages received on its network and received at its emergency call center. By October 15 of each year, each CMRS provider that utilizes SCS arrangements to expand its coverage areas for providing service to its end-user subscribers must submit a report to the Commission regarding SCS 911 voice calls and 911 text messages, and its emergency call center data, current as of

September 30 of that year. These reports must include, at a minimum: (i) The name and address of the CMRS provider, the address of that CMRS provider's emergency call center, and the contact information of the emergency call center; (ii) The aggregate number of SCS 911 voice calls and SCS 911 text messages received by the network of the CMRS provider that provides SCS service to its end-user subscribers during each month during the relevant reporting period; (iii) The aggregate number of SCS 911 voice calls and SCS 911 text messages received by the emergency call center each month during the relevant reporting period; (iv) The aggregate number of SCS 911 voice calls and SCS 911 text messages received by the emergency call center each month during the relevant reporting period that required forwarding to a PSAP and how many did not require forwarding to a PSAP; (v) The aggregate number of SCS 911 voice calls that were routed using location information that met the timeliness and accuracy thresholds defined in paragraphs (s)(3)(i)(A) and (B) of this section; (vi) The aggregate number of SCS 911 voice calls and SCS 911 text messages that were routed using location information that did not meet the timeliness and accuracy thresholds defined in paragraphs (s)(3)(i)(A) and (B) of this section; and (vii) an explanation of how the SCS deployment, including network architecture, systems, and procedures, will support routing SCS 911 voice calls and SCS 911 text messages to the geographically appropriate PSAP with sufficient location information in compliance with paragraph (t)(2) of this section. The Commission would use the data generated by this annual information collection to monitor CMRS provider compliance as well as analyze the growth and development of 911 system access for end-users.

**One-time Privacy Certification Requirement.** Under Section 9.10(t)(4), CMRS providers that utilize SCS arrangements to expand their coverage areas for providing service to their end-user subscribers must certify on a one-time basis that neither they nor any third party they rely on to obtain location information or associated data used for compliance with paragraph (t)(2)(i) or (ii) will use such location information or associated data for any non-911 purpose, except with prior express consent or as otherwise permitted or required by law. The certification must state that the CMRS provider and any third parties it relies on to obtain location information or

associated data used for compliance with paragraph (t)(2)(i) or (ii) have implemented measures sufficient to safeguard the privacy and security of such location information or associated data. CMRS providers that utilize SCS arrangements to expand their coverage areas for providing service to their end-user subscribers must submit this one-time certification in the Commission's Electronic Comment Filing System on the due date of the first report made under paragraph (t)(3) of this section. The Commission would use the data generated by this annual information collection to monitor CMRS provider compliance as well as analyze the growth and development of 911 system access for end-users.

**One-time Subscriber Notification Requirement.** Under Section 9.10(t)(5), each CMRS provider that utilizes SCS arrangements to expand its coverage areas for providing service to its end-user subscribers shall specifically advise every subscriber, both new and existing, in writing prominently and in plain language, of the circumstances under which 911 service for all SCS 911 calls, or SCS 911 text messages may not be available via SCS or may be in some way limited by comparison to traditional enhanced 911 service.

**OMB Control Number:** 3060-0741.

**Title:** Accelerating Wireline Broadband Deployment by Removing Barriers to Infrastructure Investment, GN Docket No. 17-84.

**Form Number(s):** N/A.

**Type of Review:** Extension of a currently approved collection.

**Respondents:** Business or other for-profit entities.

**Number of Respondents and Responses:** 4,688 respondents; 471,548 responses.

**Estimated Time per Response:** 0.5-4.5 hours.

**Frequency of Response:** On occasion reporting requirements; recordkeeping and third-party disclosure requirements.

**Obligation to Respond:** Required to obtain or retain benefits. Statutory authority for this information collection is contained in 47 U.S.C. 222 and 251.

**Total Annual Burden:** 473,068 hours.

**Total Annual Cost:** No cost.

**Needs and Uses:** Section 251 of the Communications Act of 1934, as amended, 47 U.S.C. 251, is designed to accelerate private sector development and deployment of telecommunications technologies and services by spurring competition. Section 222(e) is also designed to spur competition by prescribing requirements for the sharing of subscriber list information. These information collection requirements are designed to help implement certain

provisions of sections 222(e) and 251, and to eliminate operational barriers to competition in the telecommunications services market. Specifically, these information collection requirements will be used to implement (1) local exchange carriers' ("LECs") obligations to provide their competitors with dialing parity and non-discriminatory access to certain services and functionalities; (2) incumbent local exchange carriers' (ILECs) duty to make network information disclosures; and (3) numbering administration. In November 2017, the Commission adopted new rules concerning certain information collection requirements implemented under section 251(c)(5) of the Act, pertaining to network change disclosures. Most of the changes to those rules applied specifically to a certain subset of network change disclosures, namely notices of planned copper retirements. In addition, the changes removed a rule that prohibits incumbent LECs from engaging in useful advanced coordination with entities affected by network changes. In June 2018, the Commission revised its network change disclosure rules to (1) revise the types of network changes that trigger an incumbent LEC's public notice obligation, and (2) extend the force majeure provisions applicable to copper retirements to all types of network changes. The changes were aimed at removing unnecessary regulatory barriers to the deployment of high-speed broadband networks.

Federal Communications Commission.

## FEDERAL ELECTION COMMISSION

### Sunshine Act Meetings

**TIME AND DATE:** Thursday, August 29, 2024, 10:00 a.m.

**PLACE:** Hybrid meeting: 1050 First Street NE, Washington, DC (12th floor) and virtual.

**Note:** if you would like to virtually access the meeting, see the instructions below.

**STATUS:** This meeting will be open to the public. To access the meeting virtually, go to the Commission's website [www.fec.gov](http://www.fec.gov) and click on the banner to be taken to the meeting page.

**MATTERS TO BE CONSIDERED:** Draft Advisory Opinion 2024-06: American Target Advertising and The Conservative Caucus
