

vegetation management. The State Director identified Alternative C as the preferred alternative in the Draft EIS.

The BLM received a total of 6,820 letter submissions during the public comment period on the Draft RMP/EIS, including 5,216 letters that contained non-unique, preformulated language that appeared in other letter submissions. There were 1,604 unique submissions, from which the BLM identified substantive comments. Most submissions were focused on suggestions for specific alternatives or alternative elements, statements of support or lack thereof for an alternative, and detailed input pertaining to various resource topics analyzed in the draft EIS, such as livestock grazing, travel and transportation, fish and wildlife, and vegetation.

Based on public comments on the Draft RMP/EIS, the BLM has prepared the Final EIS and developed new appendices that provide additional consistency, clarity, and accuracy. In Appendix J, the BLM has provided responses to substantive comments on the Draft RMP/EIS, proposed recreational shooting closures, and Areas of Critical Environment Concern/Research Natural Areas.

The BLM also developed the Proposed RMP (Alternative E) as presented in the Final EIS. Alternative E is based on Alternative C with a combination of components from the various other action alternatives, and as such, is within the range of alternatives considered in the Draft RMP/EIS. Alternative E was developed and refined based on consideration of public comments received during the 90-day comment period on the Draft RMP/EIS, consultation with cooperating agencies, government-to-government consultation with interested Tribal Nations, and updates to the best available science and information.

The primary changes from the Draft RMP/EIS to the Proposed RMP/Final EIS include: the addition of Alternative E and associated analysis; the use of updated assessment, inventory, and monitoring data to revise the list of departed watersheds (watersheds with a high degree of departure from reference conditions); supplemental Areas of Critical Environment Concern and Research Natural Area nominations and evaluations; management of recreational shooting; the inclusion of public comment process, summary, and responses; the development of a monitoring plan; the inclusion of a final air quality emissions inventory; the completion and inclusion of the Old Spanish National Historic Trail Corridor

Assessment and Inventory Report and associated management direction and analysis; and the review of applicable State and local land use plans for plan consistency.

Protest of the Proposed RMP

The BLM planning regulations state that any person who participated in the preparation of the RMP and has an interest that will or might be adversely affected by approval of the Proposed RMP may protest its approval to the BLM Director. Protest on the Proposed RMP constitutes the final opportunity for administrative review of the proposed land use planning decisions prior to the BLM adopting an approved RMP. Instructions for filing a protest regarding the Proposed RMP with the BLM Director may be found online at <https://www.blm.gov/programs/planning-and-nepa/public-participation/filing-a-plan-protest> and at 43 CFR 1610.5–2. All protests must be in writing and mailed to the appropriate address, as set forth in the **ADDRESSES** section earlier or submitted electronically through the BLM ePlanning project website as described previously. Protests submitted electronically by any means other than the ePlanning project website will be invalid unless a protest is also submitted as a hard copy. The BLM Director will render a written decision on each protest. The Director's decision shall be the final decision of the Department of the Interior. Responses to valid protest issues will be compiled and documented in a Protest Resolution Report made available following the protest resolution online at: <https://www.blm.gov/programs/planning-and-nepa/public-participation/protest-resolution-reports>. Upon resolution of protests, the BLM will issue a Record of Decision and Approved RMP.

Before including your phone number, email address, or other personal identifying information in your protest, you should be aware that your entire protest—including your personal identifying information—may be made publicly available at any time. While you can ask us in your protest to withhold your personal identifying information from public review, we cannot guarantee that we will be able to do so.

Notice of Public Meetings of the Sierra Front-Northern Great Basin Resource Advisory Council

AGENCY: Bureau of Land Management, Interior.

ACTION: Notice of public meetings.

SUMMARY: In accordance with the Federal Land Policy and Management Act and the Federal Advisory Committee Act, the U.S. Department of the Interior, Bureau of Land Management's (BLM) Sierra Front-Northern Great Basin Resource Advisory Council (RAC) will meet as follows.

DATES: The RAC will hold a public meeting on October 3, 2024, and participate in a field tour on October 4, 2024. The meeting will be held from 8 a.m. to 4:30 p.m. Pacific time (PT) and a virtual participation option will be available. The October 4, 2024, field tour will be from 8 a.m. to 12 p.m. PT. The meeting and field tour are open to the public.

ADDRESSES: The October 3, 2024, meeting, and the October 4, 2024, field tour will commence and conclude at the California Trail Interpretive Center, 1 Interpretive Center Way, Elko, Nevada 89801. The final agenda and virtual participation instructions will be made available to the public via social media, the BLM Sierra Front-Northern Great Basin RAC's website at <https://www.blm.gov/get-involved/resource-advisory-council/near-you/nevada/sierra-front-northern-great-basin-rac>, and through personal contacts two weeks in advance.

FOR FURTHER INFORMATION CONTACT: Lisa Ross, RAC Coordinator, by telephone at (775) 885–6107, or by email at lross@blm.gov. Individuals in the United States who are deaf, deafblind, hard of hearing, or have a speech disability may dial 711 (TTY, TDD, or TeleBraille) to access telecommunications relay services. Individuals outside the United States should use the relay services offered within their country to make international calls to the point-of-contact in the United States. For sign language interpretation services, language translation services, assistive listening devices, or other reasonable accommodations, please contact the individual listed above at least 14 business days before the meeting to ensure there is sufficient time to process the request. The Department of the Interior manages accommodation requests on a case-by-case basis.

SUPPLEMENTARY INFORMATION: The 15-member BLM Sierra Front-Northern Great Basin RAC serves in an advisory capacity concerning issues relating to land use planning and the management of the public land resources located within the BLM's Elko, Winnemucca, and Carson City Districts. Meetings are open to the public in their entirety and a public comment period will be held near the end of the meeting.

Agenda topics for the October 3, 2024, meeting include reports from the Carson City, Winnemucca, and Elko District Managers; an update on wild horse and burro activities; an update on fire restoration and rehabilitation efforts; and presentations on the Draft Solar Programmatic EIS, Lahontan Cutthroat Trout, and sage grouse management.

On October 4, 2024, the RAC will tour the Maggie Creek Ranch, a key BLM partner working in a collaborative effort to restore the Susie Creek watershed on both public and private lands with the goal of re-establishing Lahontan cutthroat trout. The RAC will view watershed improvements made through a combination of fencing and application of prescriptive grazing practices. Members of the public are welcome to participate in the field tour but must provide their own transportation and meals.

A public comment period will be held on October 3, 2024, at 4 p.m. PT. Depending on the number of persons wishing to speak and the time available, the amount of time for oral comments may be limited. Written public comments may be sent to the BLM office listed in the **ADDRESSES** section of this notice. All comments received will be provided to the RAC.

Public Disclosure of Comments:

Before including your address, phone number, email address, or other personal identifying information in your comment, you should be aware that your entire comment—including your personal identifying information—may be made publicly available at any time. While you can ask us in your comment to withhold your personal identifying information from public review, we cannot guarantee that we will be able to do so.

Authority: 43 CFR 1784.4–2

You may also view the ICR at <http://www.reginfo.gov/public/do/PRAMain>.

SUPPLEMENTARY INFORMATION: In accordance with the PRA and 5 CFR 1320.8(d)(1), all information collections

require approval under the PRA. We may not conduct, or sponsor and you are not required to respond to a collection of information unless it displays a currently valid OMB control number.

As part of our continuing effort to reduce paperwork and respondent burdens, we invite the public and other Federal agencies to comment on new, proposed, revised, and continuing collections of information. This helps us assess the impact of our information collection requirements and minimize the public's reporting burden. It also helps the public understand our information collection requirements and provide the requested data in the desired format.

We are especially interested in public comment addressing the following:

- (1) Whether or not the collection of information is necessary for the proper performance of the functions of the agency, including whether or not the information will have practical utility;
- (2) The accuracy of our estimate of the burden for this collection of information, including the validity of the methodology and assumptions used;
- (3) Ways to enhance the quality, utility, and clarity of the information to be collected; and
- (4) How might the agency minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology, *e.g.*, permitting electronic submission of response.

Comments that you submit in response to this notice are a matter of public record. We will include or summarize each comment in our request to OMB to approve this ICR. Before including your address, phone number, email address, or other personal identifying information in your comment, you should be aware that your entire comment—including your personal identifying information—may be made publicly available at any time. While you can ask us in your comment to withhold your personal identifying information from public review, we cannot guarantee that we will be able to do so.

Abstract: This authority and responsibility are among those delegated to BSEE. The regulations at 30 CFR 250, subpart H requirements concern Oil and Gas Production Safety Systems and are the subject of this collection. This request also covers any related Notices to Lessees and Operators (NLTs) that BSEE issues to clarify, supplement, or provide additional
