

or portions thereof, if the head of the agency to which the advisory committee reports determines such meetings may be closed to the public in accordance with subsection (c) of the Government in the Sunshine Act (5 U.S.C. 552b(c)). In this case, the applicable provisions of 5 U.S.C. 552b(c) are subsection 552b(c)(4), which permits closure to protect trade secrets and commercial or financial information that is privileged or confidential, and subsection 552b(c)(9)(B), which permits closure to protect information that would be likely to significantly frustrate implementation of a proposed agency action were it to be disclosed prematurely. The closed session of the meeting will involve committee discussions and guidance regarding U.S. Government strategies and policies.

The open session will be accessible via teleconference. To join the conference, submit inquiries to Ms. Yvette Springer at [Yvette.Springer@bis.doc.gov](mailto:Yvette.Springer@bis.doc.gov) (email) or (202) 482-2813 (voice). A limited number of seats will be available for members of the public to attend the open session in person. Reservations are not accepted.

Special Accommodations: Individuals requiring special accommodations to access the public meeting should contact Ms. Yvette Springer no later than Wednesday, September 11, 2024, so that appropriate arrangements can be made.

To the extent that time permits, members of the public may present oral statements to the Committee. The public may submit written statements at any time before or after the meeting. However, to facilitate distribution of materials to the Committee members, the Committee suggests that members of the public forward their materials prior to the meeting to Ms. Springer via email. Material submitted by the public will be made public and therefore should not contain confidential information. Meeting materials from the public session will be accessible via the Technical Advisory Committee (TAC) site at <https://tac.bis.doc.gov>, within 30-days after the meeting.

The Deputy Assistant Secretary for Administration, performing the non-exclusive functions and duties of the Chief Financial Officer and Assistant Secretary for Administration, with the concurrence of the delegate of the General Counsel, formally determined on August 23, 2024, pursuant to 5 U.S.C. 1009(d)), that the portion of the meeting dealing with pre-decisional changes to the Commerce Control List and the U.S. export control policies shall be exempt from the provisions relating to public meetings found in 5

U.S.C. 1009(a)(1) and 1009(a)(3). The remaining portions of the meeting will be open to the public.

Meeting cancellation: If the meeting is cancelled, a cancellation notice will be posted on the TAC website at <https://tac.bis.doc.gov>.

For more information, contact Ms. Springer.

**Yvette Springer,**

*Committee Liaison Officer.*

## DEPARTMENT OF COMMERCE

[Docket No.: 240826-0227]

### Revisions to the Fee Schedule for the Data Privacy Framework Program

**AGENCY:** International Trade Administration, U.S. Department of Commerce.

**ACTION:** Final notice of implementation of revisions to the fee schedule for the Data Privacy Framework Program.

**SUMMARY:** The U.S. Department of Commerce (DOC) published the Revisions to the Fee Schedule for the Data Privacy Framework Program on July 9, 2024. We gave interested parties an opportunity to comment on the revisions to the fee schedule. No comments were received; therefore, the revised fee schedule is considered the final fee schedule subject to future review in accordance with OMB Circular A-25 and will become effective October 1st, 2024.

**DATES:** This fee schedule will become effective October 1, 2024.

**FOR FURTHER INFORMATION CONTACT:** Requests for additional information regarding the DPF program should be directed to Isabella Carlton, Department of Commerce, International Trade Administration, Room 11018, 1401 Constitution Avenue NW, Washington, DC, tel. (202) 482-1512 or via email at [dpf.program@trade.gov](mailto:dpf.program@trade.gov). Additional information on ITA fees is available at [trade.gov/fees](https://trade.gov/fees).

#### SUPPLEMENTARY INFORMATION:

##### Background

Consistent with the guidelines in OMB Circular A-25, Federal agencies are responsible for implementing cost recovery program fees. The role of ITA is to strengthen the competitiveness of U.S. industry, promote trade and investment, and ensure fair trade through the rigorous enforcement of U.S. trade laws and agreements. ITA works to promote privacy policy frameworks to facilitate the trusted flow

of data across borders with strong privacy protections, which in turn supports international trade.

The U.S., EU, UK, and Switzerland share a commitment to enhancing privacy protection, the rule of law, and a recognition of the importance of transatlantic data flows to our respective citizens, economies, and societies, but have different legal systems and take different approaches to doing so. Given those differences, the DOC developed the EU-U.S. DPF, the UK Extension to the EU-U.S. DPF, and the Swiss-U.S. DPF in consultation with the European Commission, the UK Government, the Swiss Federal Administration, industry, and other stakeholders. These arrangements were respectively developed to provide U.S. organizations reliable mechanisms for personal data transfers to the U.S. from the EU, UK, and Switzerland that are consistent with EU, UK, and Swiss law.

The DOC has issued the EU-U.S. DPF Principles and the Swiss-U.S. DPF Principles, including the respective sets of Supplemental Principles (collectively, the Principles) and Annex I to the Principles, as well as the UK Extension to the EU-U.S. DPF under its statutory authority to foster, promote, and develop international commerce (15 U.S.C. 1512).

To participate in the EU-U.S. DPF and, as applicable, the UK Extension to the EU-U.S. DPF, and/or the Swiss-U.S. DPF an organization must: (1) be subject to the investigatory and enforcement powers of the Federal Trade Commission (FTC), the Department of Transportation (DOT), or another statutory body that will effectively ensure compliance with the Principles; (2) publicly declare its commitment to comply with the Principles; (3) publicly disclose its privacy policies in line with the Principles; and (4) fully implement the Principles.

While the decision by an organization to self-certify its compliance and to participate in the DPF is voluntary; effective compliance is compulsory: organizations that self-certify to the DOC and publicly declare their commitment to adhere to the Principles must comply fully with the Principles. Organizations that only wish to self-certify their compliance pursuant to the EU-U.S. DPF and/or the Swiss-U.S. DPF may do so; however, organizations that wish to participate in the UK Extension to the EU-U.S. DPF must participate in the EU-U.S. DPF. Such organizations' commitment to comply with the Principles with regard to transfers of personal data from the EU and, as applicable, the UK, and/or Switzerland must be reflected in their self-

certification submissions to the DOC, and in their privacy policies. An organization’s failure to comply with the Principles after its self-certification is enforceable: (1) by the FTC under Section 5 of the Federal Trade Commission (FTC) Act prohibiting unfair or deceptive acts in or affecting commerce (15 U.S.C. 45); (2) by the DOT under 49 U.S.C. 41712 prohibiting a carrier or ticket agent from engaging in an unfair or deceptive practice in air transportation or the sale of air transportation; or (3) under other laws or regulations prohibiting such acts.

U.S. organizations considering self-certifying their compliance pursuant to the EU-U.S. DPF and, as applicable, the UK Extension to the EU-U.S. DPF, and/or the Swiss-U.S. DPF should review the requirements in their entirety, including the Principles and associated documents available in full at [www.dataprivacyframework.gov](http://www.dataprivacyframework.gov).

**Revisions to the Fee Schedule**

ITA initially implemented a cost recovery program to support the operation of the EU-U.S. Privacy Shield Framework and the Swiss-U.S. Privacy Shield Frameworks (collectively, the Privacy Shield program) and is revising that fee schedule to support the operation of the DPF program. The cost recovery program will support the administration and supervision of the DPF program and support services related to the DPF program, including education and outreach. The revisions to the fee schedule will become effective October 1st, 2024, which is 30 days after this final fee schedule was published.

The Cost Recovery Fee Schedule for the EU-U.S. Privacy Shield Framework, published September 30, 2016 (81 FR 67293), describes the fees implemented

by ITA to cover the administration and supervision of the EU-U.S. Privacy Shield Framework. The first amendment to the Cost Recovery Fee Schedule for the EU-U.S. Privacy Shield Framework, published April 4, 2017 (82 FR 16375), describes the additional fees implemented by ITA to cover the administration and supervision of the Swiss-U.S. Privacy Shield Framework. Under this revision to the fee schedule, organizations that opt to self-certify only for the EU-U.S. DPF, only the EU-U.S. DPF and the UK Extension to the EU-U.S. DPF, or only the Swiss-U.S. DPF will pay a single fee when initially self-certifying or re-certifying. Organizations that opt to self-certify for an additional framework will pay an additional 50 percent of that single fee when self-certifying or re-certifying for the additional framework, reflecting the efficiency savings in administering the DPF program for organizations that participate in multiple parts of the DPF program. As organizations that wish to participate in the UK Extension to the EU-U.S. DPF must participate in the EU-U.S. DPF, the annual fee that such organizations are required to pay to ITA to participate in the EU-U.S. DPF currently covers both the EU-U.S. DPF and the UK Extension to the EU-U.S. DPF.

These efficiency savings are maximized if organizations self-certify to multiple parts of the DPF program simultaneously, reducing the required staff time and resources for reviewing materials. In addition, organizations that participate in the EU-U.S. DPF and, as applicable, the UK Extension to the EU-U.S. DPF and/or the Swiss-U.S. DPF may adjust their annual re-certification due date by re-certifying early (*i.e.*,

before the applicable due date) to the relevant part(s) of the DPF program.

Although an organization may adjust its annual re-certification due date by re-certifying early, the re-certification due date would apply to all parts of the DPF program in which it participates (*i.e.*, re-certification to the relevant part(s) of the DPF program is synchronized). For example, if an organization initially self-certified exclusively to and was placed on the Data Privacy Framework List with regard to the EU-U.S. DPF, and then several months later self-certified to and was placed on the Data Privacy Framework List with regard to the Swiss-U.S. DPF, the organization’s next re-certification to both of those parts of the DPF program would be due by the same date.

Additionally, a fixed annual fee of \$260 will be charged per applicable framework for organizations that withdraw from the relevant part(s) of the DPF program, retain personal data that they received in reliance on their participation in the relevant part(s) of the DPF program, continue to apply the Principles to such data, and affirm to ITA on an annual basis their commitment to apply the Principles to such data. This fee has been set to cover staff costs for reviewing the “Post-Withdrawal, Annual Affirmation Questionnaire”, which must be submitted by organizations that have chosen the aforementioned option when withdrawing from the relevant part(s) of the program, as well as the necessary website infrastructure to facilitate submission of the proper documents. Additionally, this fee is set to be less than any organization would be required to pay for re-certification. The fee schedule is set forth below:

**REVISED ANNUAL FEE SCHEDULE FOR THE DPF PROGRAM**

Organization’s annual revenue	A single framework	Both frameworks
\$0 to \$5 million .....	\$260	\$390
Over \$5 million to \$25 million .....	750	1,125
Over \$25 million to \$500 million .....	1,600	2,400
Over \$500 million to \$5 billion .....	4,130	6,195
Over \$5 billion .....	5,530	8,295
	A single framework	Both frameworks
Post-withdrawal, annual affirmation fee .....	\$260	\$520

For purposes of the annual fee schedule described above:

- “A single framework” could refer to any of the following: only the EU-U.S. DPF; only the EU-U.S. DPF and the UK

Extension to the EU-U.S. DPF; or only the Swiss-U.S. DPF

- “Both frameworks” could refer to any of the following: the EU-U.S. DPF, the UK Extension to the EU-U.S. DPF,

and the Swiss-U.S. DPF; or only the EU-U.S. DPF and the Swiss-U.S. DPF.

Organizations will have additional direct costs associated with participating in the DPF program. For

example, organizations must provide a readily available independent recourse mechanism to hear individual complaints at no cost to the individual. Furthermore, organizations are required to make contributions in connection with the arbitral model, as described in Annex I to the Principles.

#### Method for Determining Fees

ITA collects, retains, and expends user fees pursuant to delegated authority under the Mutual Educational and Cultural Exchange Act as authorized in its annual appropriations acts. The EU-U.S. DPF, the UK Extension to the EU-U.S. DPF, and the Swiss-U.S. DPF were developed to facilitate transatlantic commerce by providing U.S. organizations with reliable mechanisms for personal data transfers to the United States from the EU/European Economic Area, UK, and Switzerland. The Data Privacy Framework program operates in a way that provides strong privacy protection as well as a more effective and efficient service to participants at a lower cost than other options, including standard contractual clauses or binding corporate rules.

Fees are set by taking into account the operational costs borne by ITA to administer and supervise the Data Privacy Framework program. The DPF program requires a significant commitment of resources and staff. These costs include broad programmatic costs to run the program as well as costs specific to EU-U.S. DPF, the UK Extension to the EU-U.S. DPF, and the Swiss-U.S. DPF. The DPF program includes commitments from ITA to:

- Maintain, upgrade, and update a DPF program website, including maintaining the Data Privacy Framework List (*i.e.*, the authoritative list of U.S. organizations that have self-certified to the DOC, as represented by ITA, and declared their commitment to adhere to the Principles);
- Verify self-certification requirements submitted by organizations to participate in the DPF program;
- Follow up with organizations that have been removed from the Data Privacy Framework List and ensure, where applicable, that questionnaires are correctly filed and processed;
- Search for and address false claims of participation;
- Conduct periodic compliance reviews and assessments of the program;
- Provide information regarding the program to targeted audiences;
- Increase cooperation with European data protection authorities;

- Facilitate resolution of complaints about non-compliance;
- Hold periodic meetings with the European Commission, the UK government, the Swiss government, and other authorities to review the program; and
- Provide the EU, UK, and Switzerland with updates on laws relevant to the DPF program.

In setting these revised DPF program fees, ITA determined that the services provided offer special benefits to an identifiable recipient beyond those that accrue to the general public. ITA calculated the actual cost of providing its services in order to provide a basis for setting each fee. This actual cost incorporates direct and indirect costs, including operations and maintenance, overhead, and charges for the use of capital facilities. ITA also took into account additional factors, including inflation, adequacy of cost recovery, affordability, and costs associated with alternative options available to U.S. organizations for the receipt of personal data from the EU, the UK, and Switzerland. Furthermore, ITA considered the cost-savings and efficiencies gained in staff hours through simultaneous review of self-certifications for the EU-U.S. DPF, the UK Extension to the EU-U.S. DPF, and the Swiss-U.S. DPF. This analysis balanced these cost savings with projected expenses, including, but not limited to, website development, further negotiations with the EU, the UK, and Switzerland, periodic reviews, certification reviews, and facilitating complaint resolutions.

ITA will continue to use the established five-tiered fee schedule (see 82 FR 16375) that promoted participation of small organizations in the Privacy Shield program, while amending the fees at each tier to account for increased program administration costs. A multiple-tiered fee schedule allows ITA to offer organizations with lower revenue a lower fee. In setting the five tiers, ITA considered, in conjunction with the factors mentioned above: (1) the Small Business Administration's guidance on identifying small and medium enterprises (SMEs) in various industries most likely to participate in the DPF program, such as computer services, software and information services; (2) the likelihood that small companies would be expected to receive less personal data and thereby use fewer government resources; and (3) the likelihood that companies with higher revenue would have more customers whose data they process, which would use more government resources

dedicated to administering and overseeing the DPF program. For example, if a company holds more data, it could reasonably produce more questions and complaints from consumers and European data protection authorities (DPAs). ITA has committed to facilitating the resolution of individual complaints and to communicating with the FTC and the DPAs regarding consumer complaints. Lastly, the fee increases between the tiers are based in part on projected program costs and estimated participation levels among companies within each tier.

As noted above, the revisions to the fee schedule recoups the costs to ITA for operating and maintaining the DPF program. ITA has taken into account the efficiencies and economies of scale experienced when organizations participate in multiple Frameworks by providing a 50 percent discount off adding another framework program and requiring organizations to synchronize their re-certifications. The added cost of joining an additional framework program reflects the additional expenses incurred, including, but not limited to, for communications with DPAs and website infrastructure and development, as well as the additional costs of cooperating and communicating separately with the EU, UK, and Swiss representatives and governments. The fee applied to organizations that withdraw from relevant part(s) of the DPF program, but that maintain data, is meant to cover the programmatic costs associated with ITA's processing of such organizations' annual affirmation of commitment to continue to apply the Principles to the personal data they received while participating in the relevant part(s) of the DPF program. The flat fee is based on the expectation that government resources required to process this annual affirmation will be similar for all companies, regardless of size.

Based on the information provided above, ITA believes that the revised DPF program cost recovery fee schedule is consistent with the objective of OMB Circular A-25 to "promote efficient allocation of the nation's resources by establishing charges for special benefits provided to the recipient that are at least as great as the cost to the U.S. Government of providing the special benefits . . ." (OMB Circular A-25(5)(b)). ITA has provided the public with the opportunity to comment on the revisions to the fee schedule (89 FR 56289, July 9, 2024). ITA did not receive any comments and is publishing the final fee schedule 30 days before the final fee schedule becomes effective.

ITA administers and supervises the DPF program, including maintaining and making publicly available the Data Privacy Framework List, an authoritative list of U.S. organizations that have self-certified to the DOC and declared their commitment to adhere to the Principles pursuant to the EU-U.S. DPF and, as applicable, the UK Extension to the EU-U.S. DPF, and/or the Swiss-U.S. DPF.

Dated: August 26, 2024.

**Lesley Elouaradia,**

## DEPARTMENT OF COMMERCE

### National Oceanic and Atmospheric Administration

[RTID 0648–XE238]

#### New England Fishery Management Council; Public Meeting

**AGENCY:** National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

**ACTION:** Notice of public meeting.

**SUMMARY:** The New England Fishery Management Council (Council) is scheduling a joint hybrid meeting of its Scallop Advisory Panel and Plan Development Team to consider actions affecting New England fisheries in the exclusive economic zone (EEZ).

Recommendations from this group will be brought to the full Council for formal consideration and action, if appropriate.

**DATES:** This meeting will be held on Tuesday, September 17, 2024 at 9 a.m.

**ADDRESSES:**

*Meeting address:* This meeting will be held at Hilton Garden Inn Logan Airport, 100 Boardman St., Boston, MA 02128; telephone: (617) 567–5678.

*Webinar registration URL information:* [https://nefmc-org.zoom.us/meeting/register/tjwsc-itqJqHtataA2PQbe\\_vEwWOAySUZA47](https://nefmc-org.zoom.us/meeting/register/tjwsc-itqJqHtataA2PQbe_vEwWOAySUZA47).

*Council address:* New England Fishery Management Council, 50 Water Street, Mill 2, Newburyport, MA 01950.

**FOR FURTHER INFORMATION CONTACT:** Cate O’Keefe, Executive Director, New England Fishery Management Council; telephone: (978) 465–0492.

**SUPPLEMENTARY INFORMATION:**

**Agenda**

The Scallop Plan Development Team (PDT) and Advisory Panel will meet to

discuss: Framework 39—Review results of 2024 scallop surveys, and preliminary projections. The primary focus of this meeting will be to develop input on the range of potential specification alternatives for FY 2025 and FY 2026. The action will set Acceptable Biological Catch (ABC)/ Annual Catch Limits (ACLs), days-at-sea, access area allocations, total allowable landings for the Northern Gulf of Maine (NGOM) management area, targets for General Category incidental catch, General Category access area trips and trip accounting, and set-asides for the observer and research programs for fishing year 2025 and default specifications for fishing year 2026. The groups will also discuss the PDT’s review of accountability measures for yellowtail flounder and windowpane flounder and consider the development of measures in this action. They also plan to discuss the Scallop Strategic Plan—Consider progress and develop input on the process and timeline for this project. Other business will be discussed, if necessary.

Although non-emergency issues not contained on the agenda may come before this Council for discussion, those issues may not be the subject of formal action during this meeting. Council action will be restricted to those issues specifically listed in this notice and any issues arising after publication of this notice that require emergency action under section 305(c) of the Magnuson-Stevens Act, provided the public has been notified of the Council’s intent to take final action to address the emergency. The public also should be aware that the meeting will be recorded. Consistent with 16 U.S.C. 1852, a copy of the recording is available upon request.

**Special Accommodations**

This meeting is physically accessible to people with disabilities. Requests for sign language interpretation or other auxiliary aids should be directed to Cate O’Keefe, Executive Director, at (978) 465–0492, at least 5 days prior to the meeting date.

*Authority:* 16 U.S.C. 1801 *et seq.*

Dated: August 27, 2024.
