

removed remains and associated artifacts, and that the remains found by Raemsch were likely from that burial. These remains were sent to the radiocarbon lab at University of California, Riverside in 1971 for testing, though it is not clear from records whether testing was actually completed. This individual has remained at Riverside since that time. The associated funerary object consists of a soil sample taken from the disturbed fill adjacent to the remains, which was likewise sent to Riverside, California.

Cultural Affiliation

Based on the information available and the results of consultation, cultural affiliation is reasonably identified by the geographical location or acquisition history of the human remains and associated funerary objects described in this notice.

Determinations

Hartwick College has determined that:

- The human remains described in this notice represent the physical remains of three individuals of Native American ancestry.
- The 85 objects described in this notice are reasonably believed to have been placed intentionally with or near individual human remains at the time of death or later as part of the death rite or ceremony.
- There is a reasonable connection between the human remains and associated funerary objects described in this notice and the Saint Regis Mohawk Tribe.

Requests for Repatriation

Written requests for repatriation of the human remains and associated funerary objects in this notice must be sent to the authorized representative identified in this notice under **ADDRESSES**. Requests for repatriation may be submitted by:

1. Any one or more of the Indian Tribes or Native Hawaiian organizations identified in this notice.
2. Any lineal descendant, Indian Tribe, or Native Hawaiian organization not identified in this notice who shows, by a preponderance of the evidence, that the requestor is a lineal descendant or a culturally affiliated Indian Tribe or Native Hawaiian organization.

Repatriation of the human remains and associated funerary objects in this notice to a requestor may occur on or after October 3, 2024. If competing requests for repatriation are received, Hartwick College must determine the most appropriate requestor prior to repatriation. Requests for joint repatriation of the human remains and

associated funerary objects are considered a single request and not competing requests. Hartwick College is responsible for sending a copy of this notice to the Indian Tribes and Native Hawaiian organizations identified in this notice.

Notice of Inventory Completion: Field Museum, Chicago, IL

AGENCY: National Park Service, Interior.

ACTION: Notice.

SUMMARY: In accordance with the Native American Graves Protection and Repatriation Act (NAGPRA), the Field Museum has completed an inventory of human remains and has determined that there is a cultural affiliation between the human remains and Indian Tribes or Native Hawaiian organizations in this notice.

DATES: Repatriation of the human remains in this notice may occur on or after October 3, 2024.

ADDRESSES: June Carpenter, NAGPRA Director, Field Museum, 1400 S Lake Shore Drive, Chicago, IL 60605, telephone (312) 665-7820, email jcarpenter@fieldmuseum.org.

SUPPLEMENTARY INFORMATION: This notice is published as part of the National Park Service's administrative responsibilities under NAGPRA. The determinations in this notice are the sole responsibility of the Field Museum, and additional information on the determinations in this notice, including the results of consultation, can be found in its inventory or related records. The National Park Service is not responsible for the determinations in this notice.

Abstract of Information Available

Human remains representing, at least, two individuals have been identified. No associated funerary objects are present. In 1935, Byron W. Knoblock removed the two individuals from

Sacramento County. The individuals were accessioned by the Museum on January 17, 1936 as part of a larger collection. There is no known presence of any potentially hazardous substances.

Cultural Affiliation

Based on the information available and the results of consultation, cultural affiliation is reasonably identified by geographic location or acquisition history of the human remains described in this notice.

Determinations

The Field Museum has determined that:

- The human remains described in this notice represent the physical remains of two individuals of Native American ancestry.
- There is a connection between the human remains described in this notice and the Wilton Rancheria, California.

Requests for Repatriation

Written requests for repatriation of the human remains in this notice must be sent to the authorized representative identified in this notice under **ADDRESSES**. Requests for repatriation may be submitted by:

1. Any one or more of the Indian Tribes or Native Hawaiian organizations identified in this notice.
2. Any lineal descendant, Indian Tribe, or Native Hawaiian organization not identified in this notice who shows, by a preponderance of the evidence, that the requestor is a lineal descendant or an Indian Tribe or Native Hawaiian organization with cultural affiliation.

Repatriation of the human remains described in this notice to a requestor may occur on or after October 3, 2024. If competing requests for repatriation are received, the Field Museum must determine the most appropriate requestor prior to repatriation. Requests for joint repatriation of the human remains are considered a single request and not competing requests. The Field Museum is responsible for sending a copy of this notice to the Indian Tribes and Native Hawaiian organizations identified in this notice.
