II. Background Information and Regulatory History

The Coast Guard is issuing this temporary rule under authority in 5 U.S.C. 553(b)(B). This statutory provision authorizes an agency to issue a rule without prior notice and opportunity to comment when the agency for good cause finds that those procedures are “impracticable, unnecessary, or contrary to the public interest.” The Coast Guard finds that good cause exists under 5 U.S.C. 553(b)(B) for not publishing a notice of proposed rulemaking (NPRM) with respect to this rule because it would be impracticable to solicit and consider comments in time to publish a final rule to take effect in time for the event.

Under 5 U.S.C. 553(d)(3), the Coast Guard finds that good cause exists for making this rule effective less than 30 days after publication in the **Federal Register**. Delaying the effective date of this rule would be contrary to public interest because immediate action is needed to respond to the potential safety hazards associated with a large congregation of paddle racers.

III. Legal Authority and Need for Rule

The Coast Guard is issuing this rule under authority in 46 U.S.C. 70034. The Captain of the Port, Maryland-National Capital Region (COTP) has determined that the presence of nonparticipant vessels within the safety zone shortly before, during, and shortly after the paddleboat race is occurring will be a safety concern for participants and nonparticipants alike. The purpose of this rule is to ensure the safety of participant and nonparticipant vessels and the navigable waters in the safety zone before, during, and after the scheduled event.

IV. Discussion of the Rule

This rule establishes a safety zone from 8 a.m. until 1 p.m. on September 15, 2024. The safety zone will cover all navigable waters of the Chesapeake Bay, adjacent to the shoreline at Sandy Point State Park and between and adjacent to the spans of the William P. Lane Jr. Memorial Bridges, from shoreline to shoreline, bounded to the north by a line drawn from the western shoreline at latitude 39°01′05.23″ N, longitude 076°23′47.93″ W; thence eastward to latitude 39°01′02.08″ N, longitude 076°22′40.24″ W; thence southeastward to eastern shoreline at latitude 38°59′13.70″ N, longitude 076°19′58.40″ W; and bounded to the south by a line drawn parallel and 500 yards south of the south bridge span that originates
